Abstract of Proposed Collection

The Online Application for Nonimmigrant Visa (DS-160) is used to collect biographical information from individuals seeking a nonimmigrant visa. The consular officer uses the information collected to determine the applicant's eligibility for a visa. Form DS-156 is required by regulation of all nonimmigrant visa applicants who do not use the Online Application for Nonimmigrant Visa (Form DS-160). Posts will use the DS-156 in limited circumstances when the DS-160 is unavailable, as outlined below, to elicit information necessary to determine an applicant's visa eligibility.

Methodology

The DS-160 will be submitted electronically over industry standard encryption technology to maintain a secure connection to the Department via the internet. The applicant will be instructed to print a confirmation page containing a bar coded record locator,

which will be scanned at the time of processing. The Nonimmigrant Visa Application (DS-156) paper version will be used only in the following limited circumstances when applicants cannot access the DS-160:

- An applicant has an urgent medical or humanitarian travel need and the consular officer has received explicit permission from the Visa Office to accept form DS-156;
- The applicant is a student exchange visitor who must leave immediately in order to arrive on time for his/her course and the consular officer has explicit permission from the Visa Office to accept form DS-156;
- The applicant is a diplomatic or official traveler with urgent government business and form DS-160 has been unavailable for more than four hours; or
- Form DS-160 has been unavailable for more than three days and the officer receives explicit permission from the Visa Office.

In order to obtain a copy of form DS-156, an applicant must contact the Embassy or consulate at which he or she is applying, and request a copy.

Additional Information

This collection is being revised to include both nonimmigrant visa application methods: The online version (form DS-160) which is used by the vast majority of applications, and the paper version (form DS-156) which is used in limited circumstances. Currently, the online application and paper application are approved under two separate collections. With this renewal, the Department seeks to combine these into a single collection. Upon approval, the Department will seek to discontinue OMB Control Number 1405-0018, the existing collection for form DS-156.

The Department also is revising the collection to add several additional questions for most nonimmigrant visa applicants. One question lists multiple social media platforms and requires the applicant to provide any identifiers used by applicants for those platforms during the five years preceding the date of application. The platforms listed may be updated by the Department by adding or removing platforms.

Additional platforms will be added only if collection is consistent with the uses described in the Supporting Statement and after Office of Management and Budget approval. In addition, the applicant will be given the option to provide information about any social media identifiers associated with any platforms other than those that are listed that the applicant has used in the last five years. The Department will collect this information from visa applicants for
