DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Financial Responsibility for Licensed Launch Activities

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 28, 2018. The required information to be collected will be used to determine if licensees or those who have permits have complied with financial responsibility requirements for maximum probable loss determination (MPL) analysis as set forth in FAA regulations. The FAA is responsible for determining MPL required to covered claims by a third party for bodily injury or property damage, and the United States, its agencies, and its contractors and subcontractors for covered property damage or loss, resulting from a Commercial space transportation permitted or licensed activity. The MPL determination forms the basis for financial responsibility requirements issued in a license or permit order.

DATES: Written comments should be submitted by September 27, 2018.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oira_submission@omb.eop.gov, or faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Barbara Hall at (940) 594–5913, or by email at: Barbara.L.Hall@faa.gov.

SUPPLEMENTARY INFORMATION:
Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120–0601.
Title: Financial Responsibility for Licensed Launch Activities.
Form Numbers: There are no FAA forms associated with this collection.
Type of Review: Renewal of an information collection.

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 28, 2018 (83 FR 30475). The information is collected per 14 CFR part 440 Appendix A. A permit or license applicant who is seeking a permit or license to conduct launch activities is required to provide the FAA information to conduct maximum probable loss determination. The information is collected once based on vehicle configuration, launch site, and flight trajectory that are introduced in the license or permit application. Furthermore, it is a mandatory requirement that all commercial permitted and licensed launch applicants obtain financial coverage for claims by a third party for bodily injury or property damage. FAA is responsible for determining the amount of financial responsibility required using maximum probable loss determination. The financial responsibility must be in place and active for every launch activity. Applicants’ launched activity can vary, on average, from once a week to once a year. If there are significant changes to the launch vehicle, launch site, or flight trajectory this could lead to the permitted or licensed applicant providing updated information to the FAA. The FAA will use the updated collected information to revise the financial responsibility results.

Respondents: 10 commercial space launch services providers.

Frequency: Information is collected on occasion.
Estimated Average Burden per Response: 100 hours.
Estimated Total Annual Burden: 1,000 hours.

Issued in Washington, DC, on August 21, 2018.

Robin Darden, Management Support Specialist, Performance, Policy, and Records Management Branch, ASP–110. [FR Doc. 2018–18509 Filed 8–27–18; 8:45 am]

**OMB Control Number:** 2120–0698.

**Title:** Advisory Circular (AC): Reporting of Laser Illumination of Aircraft.

**Form Numbers:** Advisory Circular 70–2A, Reporting of Laser Illumination of Aircraft.

**Type of Review:** Renewal of an information collection.

**Background:** The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 28, 2018 (83 FR 30474).

Advisory Circular 70–2A provides guidance to civilian air crews on the reporting of laser illumination incidents and recommended mitigation actions to be taken in order to ensure continued safe and orderly flight operations. Information is collected from pilots and aircrews that are affected by an unauthorized illumination by lasers. The requested reporting involves an immediate broadcast notification to Air Traffic Control (ATC) when the incident occurs, as well as a broadcast warning of the incident if the aircrew is flying in uncontrolled airspace. In addition, the AC requests that the aircrew supply a written report of the incident and send it by fax or email to the Washington Operations Control Complex (WOCC) as soon as possible.

**Respondents:** Approximately 1,100 pilots and crewmembers.

**Frequency:** Information is collected on occasion.

**Estimated Average Burden per Response:** 10 minutes.

**Estimated Total Annual Burden:** 183 hours.

Issued in Washington, DC, on August 21, 2018.

**Robin Darden,**

Management Support Specialist, Performance, Policy, and Records Management Branch, ASP–110.

**Federal Aviation Administration**

**Public Notice for Intent To Release Airport Property**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent to rule on request to release airport property; Nome Airport (OME), Nome, Alaska.

**SUMMARY:** The FAA proposes to rule and invites public comment on the release of land at the Nome Airport, Nome, Alaska.

**DATES:** Comments must be received on or before September 27, 2018.

**ADDITIONAL INFORMATION:**

FOR FURTHER INFORMATION CONTACT: Molly Lamrouex, Compliance Manager, Federal Aviation Administration, Anchorage Airports Regional Office, 222 W 7th Avenue, Anchorage, AK. Telephone: (907) 271–5439/Fax: (907) 271–2851 and the State of Alaska Department of Transportation and Public Facilities, Fairbanks Office, 2301 Feger Road, Fairbanks, AK. Telephone: (907) 451–5226.

Written comments on the Sponsor’s request must be delivered or mailed to: Molly Lamrouex, Compliance Manager, Federal Aviation Administration, Airports Anchorage Regional Office, 222 W 7th Avenue, Anchorage, AK 99513, Telephone Number: (907) 271–5439/FAX Number: (907) 271–2851.

**SUPPLEMENTAL INFORMATION:** The FAA invites public comment on the request to release approximately 2.15 acres of airport property (lots 2 and 2B) at the Nome Airport (OME) under the provisions of 49 U.S.C. 47107(b)(2). The State of Alaska Department of Transportation has requested from the FAA that approximately 2.15 acres of airport property south of the river be released for sale to the City of Nome for utilities infrastructure needs. The FAA has determined that the release of the property will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than 30 days after the publication of this notice.

The disposition of proceeds from the sale of the airport property will be in accordance with FAA’s Policy and Procedures Concerning the Use of Airport Revenue, published in the Federal Register on February 16, 1999 (64 FR 7696).

Issued in Anchorage, Alaska, on August 22, 2018.

Patrick Zettler,

Acting Director, Airports Division, FAA, Alaskan Region.

**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Certification of Repair Stations, Part 145 of Title 14 CFR**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. Persons requesting to obtain an initial air agency certificate for a repair station or changes to an existing repair station (air agency) certificate are required to submit this request in a format acceptable to the FAA. Repair stations perform maintenance, preventive maintenance, alterations of aircraft and aircraft components and parts thereof. In order to remain consistent and provide ease of application, the FAA designed and made available to the public the FAA Form 8310–3 Application for Repair Station Certificate and/or Rating. The form provides space for the applicant to provide certification information such as, but not limited to, ratings sought, physical place of business, ownership, and request to contract maintenance functions. The applicants submit FAA Form 8310–3 to the FAA Flight Standards Office closest to the proposed place of business for initial certification. The information collected is necessary to obtain repair station certification or if currently certificated, a change in ratings, changes in ownership, changes in the physical location of the repair station, or any other purpose the applicant deems appropriate.

**DATES:** Written comments should be submitted by October 29, 2018.

**ADDITIONAL INFORMATION:**

For further information contact: Molly Lamrouex, Compliance Manager, Federal Aviation Administration, Alaska Region Airports District Office, 222 W 7th Avenue, Anchorage, AK 99513, Telephone Number: (907) 271–5439/FAX Number: (907) 271–2851.
