The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0698.

Title: Advisory Circular (AC): Reporting of Laser Illumination of Aircraft.

Form Numbers: Advisory Circular 70-2A, Reporting of Laser Illumination of Aircraft.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 28, 2018 (83 FR 30474). Advisory Circular 70-2A provides guidance to civilian air crews on the reporting of laser illumination incidents and recommended mitigation actions to be taken in order to ensure continued safe and orderly flight operations. Information is collected from pilots and aircrews that are affected by an unauthorized illumination by lasers. The requested reporting involves an immediate broadcast notification to Air Traffic Control (ATC) when the incident occurs, as well as a broadcast warning of the incident if the aircrew is flying in uncontrolled airspace. In addition, the AC requests that the aircrew supply a written report of the incident and send it by fax or email to the Washington Operations Control Complex (WOCC) as soon as possible.

Respondents: Approximately 1,100 pilots and crewmembers.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 10 minutes.

Estimated Total Annual Burden: 183 hours.

Issued in Washington, DC, on August 21, 2018.

Agency Information Collection

Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Certification of Repair Stations, Part 145 of Title 14 CFR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. Persons requesting to obtain an initial air agency certificate for a repair station or changes to an existing repair station (air agency) certificate are required to submit this request in a format acceptable to the FAA. Repair stations perform maintenance, preventive maintenance, alterations of aircraft and aircraft components and parts thereof. In order to remain consistent and provide ease of application, the FAA designed and made available to the public the FAA Form 8310-3 Application for Repair Station Certificate and/or Rating. The form provides space for the applicant to provide certification information such as, but not limited to, ratings sought, physical place of business, ownership, and request to contract maintenance functions. The applicants submit FAA Form 8310-3 to the FAA Flight Standards Office closest to the proposed place of business for initial certification. The information collected is necessary to obtain repair station certification or if currently certificated, a change in ratings, changes in ownership, changes in the physical location of the repair station, or any other purpose the applicant deems appropriate.

DATES: Written comments should be submitted by October 29, 2018.

ADDRESSES: Send comments to the FAA at the following address: Barbara Hall, Federal Aviation Administration, ASP-
