SUPPLEMENTARY INFORMATION: In
accordance with section 47107(h) of
Title 49, United States Code, this notice
is required to be published in the
Federal Register 30 days before
modifying the land-use assurance that
requires the property to be used for an
aeronautical purpose.

Parcel 41 is currently in use as a
shooting range, operated by the Cable
Rod and Gun Club. Parcel 45 is
currently in use as McNaught Road,
maintained by the Town of Cable. Parcel
41 and 45 were acquired as airport
Parcel 15 by the Sponsors on March 18,
1971, as recorded in Volume 235, Page
285 of the official records of the
Bayfield County, Wisconsin Register of
Deeds.

The Sponsors proposed plan is to
convey Parcel 41, currently not in use
or needed for aeronautical purposes, to
the Cable Rod and Gun Club for
continued use as a shooting range. The
plan for Parcel 45, currently not in use
or needed for aeronautical purposes, is
to convey it to the Town of Cable for
continued use as a public roadway.

Prior to disposal there will be
aviation easements established over
Parcel 41 and 45. These easements will
lie under the existing Part 77 surfaces
for Runway 8, and will preserve the
right of free and unobstructed flight for
aircraft maneuvering about the Airport.
It will restrict objects from penetrating
into the Part 77 surface.

A full narrative appraisal for Parcel 41
has been established and has provided
evidence the sponsor will be obtaining
fair market value for this parcel. Parcel
45 was not appraised since its current
use is roadway and is considered
standard for appraisal purposes. The
sponsor considers the value of this
parcel to be offset by the Town of Cables
50 plus years of maintenance and
improvements at no cost to the airport.

The disposition of proceeds from the
sale of the airport property will be in
accordance with FAA's Policy and
Procedures Concerning the Use of
Airport Revenue, published in the
Federal Register on February 16, 1999
(64 FR 7696).

This notice announces that the FAA
is considering the release of the subject
airport property at the Cable Union
Airport, Cable, WI from federal land

covenants, subject to a reservation for
continuing right of flight as well as
restrictions on the released property as
required in FAA Order 5190.6B section
22.16. Approval does not constitute a
commitment by the FAA to financially
assist in the disposal of the subject
airport property nor a determination of
eligibility for grant-in-aid funding from
the FAA.

Federal Railroad Administration

[Docket Number FRA-2001-9486]

Petition for Waiver of Compliance

Under part 211 of Title 49 Code of Federal Regulations (CFR), this provides the public notice that on December 20, 2017, the Canadian National Railway Company (CN) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 231. FRA assigned the petition Docket Number FRA-2001-9486.

Specifically, CN seeks an extension of an existing waiver granting relief from 49 CFR 231.6(a)(3)(ii); 231.1(d)(3)(i); 231.6(c)(3)(i); and 231.6(d)(3)(i), as they pertain to the use of two 100-ton, seven-unit articulated ramp cars numbered CN689200 and CN689201. CN has operated the ramp cars in accordance to with the terms of the waiver, as

modified in 2007. No physical modifications have been made to the cars that would require any further waiver of FRA's existing freight car regulations. Additionally, no incidents of injury to any person, or damage to any property, have been noted by CN with respect to the use of the ramp cars. A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2018-0002]

Petition for Waiver of Compliance

Under part 211 of Title 49 of the Code of Federal Regulations (CFR), this provides the public notice that on December 10, 2017, the Railroading Heritage of Midwest America Inc. (RHMA) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 230, *Steam Locomotive Inspection and Maintenance Standards*. FRA assigned the petition Docket Number FRA-2018-0002.

RHMA maintains and operates the former Chicago, Milwaukee, St. Paul & Pacific Railroad (Milwaukee Road) 4-8-4 steam locomotive No. 261. Built in 1944 by the American Locomotive Company for the Milwaukee Road, No. 261 is used for educational tours operating in the midwest. RHMA is seeking relief from section 230.41(a), *General*, with respect to the 5-year inspection interval for flexible staybolts with caps. Specifically, RHMA is requesting permission to perform the 5-year flexible staybolt inspection at the 7-year, 6-month interval. RHMA feels that extending the 5-year inspection for removing the caps would not increase the safety risk to the boiler and the additional cost is not justified based on the low amount of annual service days.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.
