The Agency has determined that this rule meets the applicable standards provided in section 3 of the Executive Order. In addition, all state and local laws and regulations that are in conflict with this rule will be preempted. No retroactive effect will be given to this rule and, in accordance with section 212(e) of the Department of Agriculture Reorganization Act of 1994 (7 U.S.C.

Regulatory Flexibility Act Certification

RUS has determined that this final rule will not have a significant economic impact on a substantial number of small entities, as defined in the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The matter covered by this rulemaking is administrative, concerning the Agency's process for implementation of the program.

Environmental Impact Statement

This final rule has been examined under Agency environmental regulations at 7 CFR part 1970. The Administrator has determined that this is not a major Federal action significantly affecting the environment. Therefore, in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an Environmental Impact Statement is not required.

RUS is committed to the E-Government Act, which requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible.

Executive Order 13132, Federalism

The policies contained in this final rule do not have any substantial direct effect on states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Nor does this final rule impose substantial direct compliance costs on state and local governments. Therefore, consultation with the states is not required.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

This final rule has been reviewed in accordance with the requirements of Executive Order 13175, "Consultation and Coordination with Indian Tribal Governments." Executive Order 13175 requires Federal agencies to consult and coordinate with tribes on a government-to-government basis on policies that have tribal implications, including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes or on the distribution of power and responsibilities between the Federal Government and Indian tribes. Rural Development has assessed the impact of this rule on Indian tribes and determined that this rule does not, to our knowledge, have tribal implications that require tribal consultation under E.O. 13175. If a tribe would like to engage in consultation with Rural Development on this rule, please contact Rural Development's Native American Coordinator at (720) 544-2911 or AIAN@wdc.usda.gov.

USDA Non-Discrimination Policy

Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Information Collection and Recordkeeping Requirements

This final rule contains no new reporting or recordkeeping burdens under OMB control numbers 0572-0127, 0572-0136, 0572-0138, and 0572-0139 that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Background

Rural Development is a mission area within the USDA comprised of the Rural Utilities Service, Rural Housing

Service, and Rural Business/Cooperative Service. Rural Development's mission is to increase economic opportunity and improve the quality of life for all rural Americans. Rural Development meets its mission by providing loans, loan guarantees, grants, and technical assistance through more than 40 programs aimed at creating and improving housing, businesses, and infrastructure throughout rural America.

In accordance with Executive Order 13777, Enforcing the Regulatory Reform Agenda, RUS was tasked with identifying duplicative actions that can be streamlined which could result in time and cost savings. In doing so, RUS identified certain RUS grant regulations require that a Notice of Funds Availability (NOFA) be published in the **Federal Register** on an annual basis to announce the open/close period for the grant programs. Given that federal agencies must now publish grant Funding Opportunity Announcements (FOA) on www.Grants.gov, several agency regulations must now be amended to conform with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements For Federal Awards in 2 CFR part 200. All pertinent information that the public will need to apply for each of the grant programs will be included in the FOA as required by 2 CFR 200.203. In addition, the agency will include the information on the program website and in the program application guide, which will be linked to the FOA.

Interested parties may subscribe to funding opportunities on [Grants.gov](http://www.Grants.gov) by logging in to www.Grants.gov and choosing the "Connect" tab to access the "Connect Center." Subscribing to opportunities, will allow users to receive updates and notifications for specific funding opportunities.

To implement these changes, RUS is publishing this action as a final rule. The Administrative Procedures Act exempts from prior notice rules any actions "relating to agency management or personnel or to public property, loans, grants, benefits, or contracts" (5 U.S.C. 553(b)(A)).

14 CFR Part 25

[Docket No. FAA–2015–0309; Special Conditions No. 25–594A–SC]

Special Conditions: The Boeing Company (Boeing) Model 747–8 Airplane, Dynamic Test Requirements for Single-Occupant, Oblique (Side-Facing) Seats, With or Without Airbag Devices or 3-Point Restraints

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Amended final special conditions; request for comments.

SUMMARY: These amended special conditions are issued for the Boeing Model 747–8 airplane. This amendment states that the Boeing Model 747–8 airplane oblique (side-facing) seats may be installed at an angle of 18 to 45 degrees to the airplane centerline and may include a 3-point or airbag restraint system, or both, for occupant restraint and injury protection. Additionally, this

amendment changes paragraphs 4 through 8 of the special conditions section. This airplane will have novel or unusual design features when compared to the state of technology envisioned in the airworthiness standards for transport category airplanes. These design features are oblique (side-facing) single-occupant seats equipped with or without airbag devices or 3-point restraints.

The applicable airworthiness regulations do not contain adequate or appropriate safety standards for these design features. These special conditions contain the additional safety standards the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.
