SUPPLEMENTARY INFORMATION:**I. Background**

DoD, GSA, and NASA are proposing to amend the FAR to clarify, in FAR subpart 7.4, Equipment Lease or Purchase, that the term “lease,” as used in the subpart, includes the “rental” of equipment. This change clarifies that agencies should be evaluating comparative costs and other factors when considering whether to lease or rent equipment versus purchase equipment. The rule also adds a helpful link to a GSA site that provides additional guidance on renting and leasing equipment and updates the GSA office from which agencies may request information when making lease or purchase decisions. In addition, weblinks have been added to the rule for Office of Management and Budget (OMB) guidance for lease-purchase analysis, see Special Guidance for Lease-purchase Analysis (Section 13 of (OMB) Circular A–94, also see 8.c.(2)); and OMB Circular A–11 Appendix B Budgetary Treatment of Lease-Purchases and Leases of Capital Assets.

II. Discussion and Analysis

This rule proposes to amend FAR subpart 7.4, as follows:

- Adding language to the scope of the subpart to clarify that the term “lease”, as used in the subpart, applies to both the lease and rental of equipment, and to identify some general factors that may vary when leasing or renting equipment.

- Adding a GSA website that provides information that could assist the contracting officer in making equipment lease or purchase decisions, and updating the GSA office to contact when an agency requests assistance with the lease versus purchase analysis decision. In addition, weblinks have been added to the rule for OMB guidance for lease-purchase analysis.

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold and for Commercial Items, Including Commercially Available Off-the-Shelf Items

This rule amends the FAR to clarify that although the term “lease” applies to both the lease and rental of equipment, there are some differences between renting and leasing in many industries,

and there is no standard distinction between both renting and leasing that spans across all industries. This case does not add any new provisions or clauses or impact any existing provisions or clauses.

IV. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

V. Executive Order 13771

This rule is not subject to E.O. 13771, because this rule is not a significant regulatory action under E.O. 12866.

VI. Regulatory Flexibility Act

DoD, GSA, and NASA do not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act codified at 5 U.S.C. 601 *et seq.* However, an Initial Regulatory Flexibility Analysis (IRFA) has been performed and is summarized as follows:

DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to clarify, in FAR subpart 7.4, that the term “lease” includes the “rental” of equipment. This change clarifies that agencies should be evaluating comparative costs and other factors when considering whether to lease or rent equipment versus purchase equipment.

The objective of the rule is to ensure the value of rental agreements are included in the decision on whether to lease or purchase equipment. The legal basis for the FAR is 40 U.S.C. 121(c), 10 U.S.C. chapter 137, and 51 U.S.C. 20113.

Based on Fiscal Year 2016 data from the Federal Procurement Data System, the Government issued approximately 34,925 contract actions for the rent/lease or purchase of equipment. Of the 34,925 contract actions, approximately 20,100 awards were made to 6,670 unique small business entities. The average award to small businesses was valued at approximately \$700,000.

This rule does not impose any new reporting, recordkeeping or other compliance requirements. The rule does not duplicate,

overlap, or conflict with any other Federal rules. There are no known significant alternative approaches to the proposed rule that would meet the applicable requirement.

The Regulatory Secretariat Division has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat Division. DoD, GSA and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by this rule consistent with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2017-017) in correspondence.

VII. Paperwork Reduction Act

The proposed rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

Therefore, DoD, GSA, and NASA are proposing to amend 48 CFR part 7 as set forth below:

PART 7—ACQUISITION PLANNING

■ 1. The authority citation for part 7 continues to read as follows:

Authority: 40 U.S.C. 121(c); 10 U.S.C. chapter 137; and 51 U.S.C. 20113.

■ 2. Revise section 7.400 to read as follows:

§ 7.400 Scope of subpart.

This subpart provides guidance pertaining to the decision to acquire equipment by lease or purchase. It applies to both the initial acquisition of equipment and the renewal or extension of existing equipment leases. The term “lease”, as used in this subpart, applies to both the lease and rental of equipment. While there are some differences between renting and leasing in many industries, there is no standard distinction between both renting and leasing that spans across all industries. Rental agreements are typically for shorter periods of time than lease agreements. Additionally, maintenance

requirements and financial terms (*e.g.*, fees or payment terms) differ between a lease and a rental agreement.

§ 7.401 [Amended]

■ 2. Amend section 7.401 by removing from paragraph (a)(3) “rental payments” and adding “lease, or other periodic payments, however described,” in its place.

■ 3. Amend section 7.403 by revising the section heading and paragraph (b), and adding paragraph (c) to read as follows:

§ 7.403 General Services Administration assistance and OMB Guidance.

RIN 1018-BC78

Endangered and Threatened Wildlife and Plants; Reclassifying the Golden Conure From Endangered to Threatened With a Section 4(d) Rule

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a 12-month finding on a petition to delist or downlist the golden conure under the

Endangered Species Act of 1973, as amended (Act). The golden conure is a psittacine bird (parrots, parakeets, macaws, cockatoos, and others) endemic to the south Amazon Basin in Brazil.

After review of the best available scientific and commercial information, we find that listing the golden conure as a threatened species is warranted.

Accordingly, we propose to list it as a threatened species with a rule issued under section 4(d) of the Act. If we finalize this rule as proposed, it would reclassify the golden conure from endangered to threatened on the List of Endangered and Threatened Wildlife (List). Additionally, we are proposing to update the List to reflect the latest scientifically accepted taxonomy and nomenclature for the species as *Guaruba guarouba*, golden conure.

DATES: We will accept comments received or postmarked on or before November 5, 2018. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES**, below) must be received by 11:59 p.m. Eastern Time on the closing date.
