

Estimated Total Annual (Non-hour) Cost Burden: \$80.40. The USPTO estimates that the total annualized (non-hour) cost burden for this collection is due to postage costs. Customers may incur postage costs when submitting some of the items covered by this collection to the USPTO by mail. The USPTO expects that approximately 98 percent of the responses in this collection will be submitted electronically. Of the remaining 2 percent, the vast majority—98 percent—will be submitted by mail, for a total of 12 mailed submissions. The average first-class USPS postage cost for these items is estimated at \$6.70; the cost of a one pound mailed submission in a flat rate envelope. Therefore, the USPTO estimates that the postage costs for the mailed submissions in this collection will total \$80.40.

SUPPLEMENTARY INFORMATION:

I. Abstract

Since 2012, the United States Patent and Trademark Office (USPTO) has conducted the Patents for Humanity Program, an annual award program to incentivize the distribution of patented technologies or products for the purpose of addressing humanitarian needs. The program is open to any patent owners or patent licensees, including inventors who have not assigned their ownership rights to others, assignees, and exclusive or non-exclusive licensees. USPTO collects information from applicants that describe what actions they have taken with their patented technology to address the welfare of impoverished populations, or how they furthered research by others on technologies for humanitarian purposes. Currently, there are five categories of awards: Medicine, Nutrition, Sanitation, Household Energy, and Living Standards.

This collection covers information gathered on two application forms for the Patents for Humanity Program. The first application covers the humanitarian uses of technologies or

products, and the second application covers humanitarian research. In both, applicants are required to describe how their technology or product satisfies the program criteria to address humanitarian issues. Additionally, applicants must provide non-public contact information in order for USPTO to notify them about their award status. Applicants may optionally provide contact information for the public to reach them with any inquiries. Applications must be submitted via email and will be posted on USPTO's website. Qualified judges from outside USPTO will review and score the applications. USPTO will then forward the top-scoring applications to reviewers from participating Federal agencies to recommend award recipients.

Those applications that are chosen for an award will receive a certificate redeemable to accelerate select matters before USPTO. The certificates can be redeemed to accelerate one of the following matters: An *ex parte* reexamination proceeding, including one appeal to the Patent Trial and Appeal Board (PTAB) from that proceeding; a patent application, including one appeal to the PTAB from that application; or an appeal to the PTAB of a claim twice rejected in a patent application or reissue application or finally rejected in an *ex parte* reexamination, without accelerating the underlying matter which generated the appeal. This collection covers the information gathered for petitions to extend an acceleration certificate redemption beyond 12 months. Winners also are invited to participate in an awards ceremony at USPTO.

II. Method of Collection

Electronically through the <http://www.uspto.gov/patentsforhumanity> website.

III. Data

OMB Number: 0651-0066.

IC Instruments and Forms: PTO/PFH/001, PTO/PFH/002, PTO/SB/431.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits; not-for-profit businesses; individuals and households.

Estimated Number of Respondents: 55 responses per year.

Estimated Time per Response: USPTO estimates that it will take the public approximately four hours to complete the humanitarian program application. Those selected as winners (about 5 to 10 per year) may additionally require one hour to complete a petition to extend their acceleration certificate redemption

beyond 12 months, if needed. These estimated times include gathering the necessary information, preparing the application and any supplemental materials, and submitting the completed request to USPTO.

Estimated Total Annual Respondent Cost Burden: 205 hours.

Estimated Total Annual Respondent (Hourly) Cost Burden: \$59,757.50. The USPTO expects that attorneys will complete the Petition to Extend the

Redemption Period of the Humanitarian Awards Certificate and that attorneys or paralegals will complete the Humanitarian Program Application Form. The USPTO uses a professional hourly rate of \$291.50 for respondent cost burden, which is the average rate of both attorneys and paralegals. The professional hourly rate for an intellectual property attorney in a private firm is \$438, as established in the 2017 *Report on the Economic*

Survey, published by the Commerce on the Economics of Legal Practice of the American Intellectual Property Law Association. The professional hourly rate for paralegals is \$145, as established in the 2016 *National Utilization and Compensation Survey Report*, published by the National Association of Legal Assistants (NALA). Using the combined hourly rate, the USPTO estimates that the total respondent cost burden for this collection is \$59,757.50 per year.
