Interested parties are invited to comment on this preliminary determination.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). We published the notice of initiation of this investigation on February 27, 2018. On June 26, 2018, we postponed the preliminary determination of this investigation. The revised deadline is now August 29, 2018. For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.

A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are rubber bands from China. For a complete description of the scope of this investigation, see Appendix I.

Scope

In accordance with the preamble to Commerce’s regulations, the Initiation Notice set aside a period of time for parties to raise issues regarding product coverage (i.e., scope). Certain interested parties provided comments on the scope of the investigation as it appeared in the Initiation Notice. For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Decision Memorandum. We are preliminarily modifying the scope language as it appeared in the Initiation Notice. See the revised scope in Appendix I to this notice.

Methodology

We are conducting this investigation in accordance with section 731 of the Act. Pursuant to section 776(a) and (b) of the Act, we have preliminarily relied upon facts otherwise available, with adverse inferences, for the China-wide entity because it did not respond to our requests for information. Specifically, all companies to which Commerce issued quantity and value (Q&V) questionnaires failed to respond. Thus, no companies have demonstrated their eligibility for a separate rate and are preliminarily found to be part of the China-wide entity. Furthermore, we find that the China-wide entity’s lack of participation, including the failure of certain parts of the China-wide entity to submit Q&V information, constitutes circumstances under which it is reasonable to conclude that the China-wide entity as a whole failed to cooperate to the best of its ability to comply with Commerce’s request for information. For a full description of the methodology underlying Commerce’s preliminary determination, see the Preliminary Decision Memorandum.

Preliminary Affirmative Determination of Critical Circumstances

On June 11, 2018, as revised on August 7, 2018, the petitioner timely filed a critical circumstances allegation, pursuant to section 733(e)(1) of the Act and 19 CFR 351.206, alleging that critical circumstances exist with respect to imports of rubber bands from China. Based on the failure of all respondents, and thus the China-wide entity, to cooperate to the best of their ability to comply with Commerce’s requests for information, we preliminarily determine that massive imports of rubber bands from China existed for the China-wide entity, based on adverse facts available, pursuant to section 733(e)(1)(B) of the Act. In addition, we have preliminarily determined that there is a reasonable basis to believe or suspect that importers knew, or should have known, that merchandise was being sold for less than fair value and that those sales were likely to cause material injury in accordance with section 733(e)(1)(A)(ii) of the Act.

For a full description of the methodology and the results of Commerce’s analysis, see the Preliminary Decision Memorandum.

Preliminary Determination

We preliminarily determine that the following estimated weighted-average dumping margin exists:

<th>Cash deposit (percent)</th>

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of subject merchandise, as described in the scope of the investigation entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the Federal Register, as discussed below. Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the estimated weighted-average dumping margin, adjusted for export subsidies, as indicated in the chart above.

Section 733(e)(2) of the Act provides that, given an affirmative determination of critical circumstances, any suspension of liquidation shall apply to unliquidated entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which notice of initiation of the investigation was published. Commerce preliminarily finds that critical circumstances exist for all imports of subject merchandise from China. In accordance with section 733(e)(2)(A) of the Act, the suspension of liquidation shall apply to all unliquidated entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion countervailing duty (CVD) proceeding when CVD provisional measures are in effect. Accordingly, where Commerce has made a preliminary affirmative determination for export subsidies, Commerce has offset the calculated estimated weighted-average dumping margin by the appropriate rate(s). Any such cash deposit rates may be found in the Preliminary Determination Section's chart of estimated weighted-average dumping margins above.

Should provisional measures in the companion CVD investigation expire prior to the expiration of provisional measures in this LTFV investigation, Commerce will direct CBP to begin collecting cash deposits at a rate equal to the estimated weighted-average dumping margin calculated in this preliminary determination unadjusted for the export subsidies at the time the CVD provisional measures expire. These suspension of liquidation instructions will remain in effect until further notice.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied AFA to companies in this investigation in accordance with section 776 of the Act, and the applied AFA rate is based solely on the petition, there are no calculations to disclose.

Verification

Because all respondents did not provide information requested by Commerce and we preliminarily determine that all respondents have been uncooperative, verification will not be conducted.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the date of publication of the preliminary determination, unless the Secretary alters the time limit. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs. Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, we intend to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

International Trade Commission (ITC) Notification

In accordance with section 733(f) of the Act, we notified the ITC of our preliminary affirmative determination of sales at LTFV and preliminary determination of critical circumstances. If the Commerce final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry and whether critical circumstances exist.

10 Pursuant to 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).
Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Christian Marsh,
Deputy Assistant Secretary for Enforcement and Compliance.

Excluded from the scope of this investigation are yarn/fabric-covered vulcanized rubber hair bands, regardless of size.

Merchandise covered by this investigation is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 4016.99.3510.
