Foreign-Trade Zones Board

[B-56-2018]

Proposed Foreign-Trade Zone—Lufkin, Texas, Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the City of Lufkin to establish a foreign-trade zone in Lufkin, Texas, within the Port Arthur-Beaumont CBP port of entry, under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new "subzones" or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone project. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on September 5, 2018. The applicant is authorized to make the proposal under Texas Statutes, Business and Commerce Code, Title 15, Chapter 681.

The proposed zone would be the fourth zone for the Port Arthur-Beaumont CBP port of entry. The existing zones—FTZ 115, Beaumont; FTZ 116, Port Arthur; and, FTZ 117, Orange—were approved on March 20, 1985 (Board Order 296). The Foreign-Trade Zone of Southeast Texas, Inc., is the grantee of FTZs 115, 116 and 117.

The applicant's proposed service area under the ASF would be the City of Lufkin and a portion of its Extra Territorial Jurisdiction, as described in the application. If approved, the applicant would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The applicant has indicated that the proposed service area is within the Port Arthur-Beaumont Customs and Border Protection port of entry.

The application indicates a need for zone services in the City of Lufkin area. Several firms have indicated an interest in using zone procedures. Specific

production approvals are not being sought at this time. Such requests would be made to the FTZ Board on a case-by-case basis.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is November 13, 2018. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to November 26, 2018.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.

Dated: September 5, 2018.

Andrew McGilvray,
Executive Secretary.

[Docket No. 170802716-7716-01]

National Defense Stockpile Market Impact Committee Request for Public Comments on the Potential Market Impact of the Proposed Fiscal Year 2020 Annual Materials Plan

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notice of inquiry; request for comments.

SUMMARY: The purpose of this notice is to advise the public that the National Defense Stockpile Market Impact Committee, co-chaired by the Departments of Commerce and State, is seeking public comments on the potential market impact of the proposed Fiscal Year 2020 National Defense Stockpile Annual Materials Plan. The role of the Market Impact Committee is to advise the National Defense Stockpile

Manager on the projected domestic and foreign economic effects of all acquisitions, conversions, and disposals involving the stockpile and related material research and development projects. Public comments are an important element of the Committee's market impact review process.

DATES: To be considered, written comments must be received by October 11, 2018.

ADDRESSES: Address all comments concerning this notice to Eric Longnecker, U.S. Department of Commerce, Bureau of Industry and Security, Office of Strategic Industries and Economic Security, 1401 Constitution Avenue NW, Room 3876, Washington, DC 20230, fax: (202) 482-5650 (Attn: Eric Longnecker), email: MIC@bis.doc.gov; and Matthew McManus, Deputy Director, Office of Policy Analysis and Public Diplomacy, U.S. Department of State, Bureau of Energy Resources, 2201 C Street NW, Washington, DC 20520, fax: (202) 647-7431 (Attn: Matthew McManus), email: McManusMT@state.gov.

FOR FURTHER INFORMATION CONTACT: Parya Fenton, Office of Strategic Industries and Economic Security, Bureau of Industry and Security, U.S. Department of Commerce, telephone: (202) 482-8228, fax: (202) 482-5650 (Attn: Parya Fenton), email: MIC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the authority of the Strategic and Critical Materials Stock Piling Revision Act of 1979, as amended (the Stock Piling Act) (50 U.S.C. 98 *et seq.*), the Department of Defense's Defense Logistics Agency (DLA), as National Defense Stockpile Manager, maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. Section 9(b)(2)(G)(ii) of the Stock Piling Act (50 U.S.C. 98h(b)(2)(H)(ii)) authorizes the National Defense Stockpile Manager to fund material research and development projects to develop new materials for the stockpile.

Section 3314 of the Fiscal Year (FY) 1993 National Defense Authorization Act (NDAA) (50 U.S.C. 98h-1) formally established a Market Impact Committee (the Committee) to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile. . . ." The Committee must also balance market impact concerns

with the statutory requirement to protect the U.S. Government against avoidable loss.

The Committee is comprised of representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, the Treasury, and Homeland Security, and is co-chaired by the Departments of Commerce and State. The FY 1993 NDAA directs the Committee to consult with industry representatives that produce, process, or consume the materials stored in or of interest to the National Defense Stockpile Manager.

As the National Defense Stockpile Manager, the DLA must produce an Annual Materials Plan proposing the maximum quantity of each listed material that may be acquired, disposed of, upgraded, converted, recovered, or sold by the DLA in a particular fiscal year. In Attachment 1, the DLA lists the quantities and types of activity (potential disposals, potential acquisitions, potential conversions (upgrade, rotation, reprocessing, etc.) or potential recovery from government sources) associated with each material in its proposed FY 2020 Annual Materials Plan ("AMP"). The quantities listed in Attachment 1 are not acquisition, disposal, upgrade, conversion, recovery, reprocessing, or sales target quantities, but rather a statement of the proposed maximum quantity of each listed material that may be acquired, disposed of, upgraded, converted, recovered, or sold in a particular fiscal year by the DLA, as noted. The quantity of each material that will actually be acquired or offered for sale will depend on the market for the material at the time of the acquisition or offering, as well as on the quantity of each material approved for acquisition, disposal, conversion (upgrade, rotation, reprocessing, etc.), or recovery by Congress.

The Committee is seeking public comments on the potential market impact associated with the proposed FY 2020 AMP as enumerated in Attachment 1. Public comments are an important element of the Committee's market impact review process.

Submission of Comments

The Committee requests that interested parties provide written comments, supporting data and documentation, and any other relevant information on the potential market impact of the quantities associated with the proposed FY 2020 AMP. All comments must be submitted to the addresses indicated in this notice. All comments submitted through email must include the phrase "Market Impact
