I. Opportunity Description

Purpose of Program: The Secretary provides State educational agencies (SEAs), including consortia of SEAs, with the authority to establish and operate an innovative assessment system in their public schools under the Innovative Assessment Demonstration Authority in section 1204 of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA or the Act). During the initial demonstration period—*i.e.*, the first three years that the Secretary provides innovative assessment demonstration authority—no more than seven SEAs may participate, including those

participating in consortia, which may include no more than four SEAs. The Department held its first competition for this authority in 2018. We have awarded one State the authority and continue to consider one other application. Provided no additional authority is awarded under the 2018 competition, up to six additional States may be approved for this authority during this competition. If fewer than seven States are approved through the 2018 competition and this competition, the Department expects to conduct another competition in FY 2020.

Requirements: The following requirements are from 34 CFR 200.105.

An eligible application must include the following:

(a) *Consultation.* Evidence that the SEA or consortium has developed an innovative assessment system in collaboration with—

(1) Experts in the planning, development, implementation, and evaluation of innovative assessment systems, which may include external partners; and

(2) Affected stakeholders in the State, or in each State in the consortium, including—

(i) Those representing the interests of children with disabilities, English learners, and other subgroups of students described in section 1111(c)(2) of the Act;

(ii) Teachers, principals, and other school leaders;

(iii) Local educational agencies (LEAs);

(iv) Representatives of Indian Tribes located in the State;

(v) Students and parents, including parents of children described in paragraph (a)(2)(i) of this section; and

(vi) Civil rights organizations.

(b) *Innovative assessment system.* A demonstration that the innovative assessment system does or will—

(1) Meet the requirements of section 1111(b)(2)(B) of the Act, except that an innovative assessment—

(i) Need not be the same assessment administered to all public elementary and secondary school students in the State during the demonstration authority period described in 34 CFR 200.104(b)(2) or extension period described in 34 CFR 200.108 and prior to statewide use consistent with 34 CFR

200.107, if the innovative assessment system will be administered initially to all students in participating schools within a participating LEA, provided that the statewide academic assessments under 34 CFR 200.2(a)(1) and section 1111(b)(2) of the Act are administered to all students in any non-participating LEA or any non-participating school within a participating LEA; and

(ii) Need not be administered annually in each of grades 3–8 and at least once in grades 9–12 in the case of reading/language arts and mathematics assessments, and at least once in grades 3–5, 6–9, and 10–12 in the case of science assessments, so long as the statewide academic assessments under 34 CFR 200.2(a)(1) and section 1111(b)(2) of the Act are administered in any required grade and subject under 34 CFR 200.5(a)(1) in which the SEA does not choose to implement an innovative assessment;

(2)(i) Align with the challenging State academic content standards under section 1111(b)(1) of the Act, including the depth and breadth of such standards, for the grade in which a student is enrolled; and

(ii) May measure a student’s academic proficiency and growth using items above or below the student’s grade level so long as, for purposes of meeting the requirements for reporting and school accountability under sections 1111(c) and 1111(h) of the Act and paragraphs (b)(3) and (b)(7)–(9) of this section, the State measures each student’s academic proficiency based on the challenging State academic standards for the grade in which the student is enrolled;

(3) Express student results or competencies consistent with the challenging State academic achievement standards under section 1111(b)(1) of the Act and identify which students are not making sufficient progress toward, and attaining, grade-level proficiency on such standards;

(4)(i) Generate results, including annual summative determinations as defined in paragraph (b)(7) of this section, that are valid, reliable, and comparable for all students and for each subgroup of students described in 34 CFR 200.2(b)(11)(i)(A)–(I) and sections 1111(b)(2)(B)(xi) and 1111(h)(1)(C)(ii) of the Act, to the results generated by the State academic assessments described in
