ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

CMS has safeguards in place to prevent records from being accessed by unauthorized persons and monitors authorized users to ensure against excessive or unauthorized use. Examples of these safeguards include but not limited to: Protecting the facilities where records are stored or accessed with security guards, badges and cameras, securing hard-copy records in locked file cabinets, file rooms or offices during off-duty hours, limiting access to electronic databases to authorized users based on roles and two-factor authentication (user ID and password), using a secured operating system protected by encryption, firewalls, and intrusion detection systems, requiring encryption for records stored on removable media, and training personnel in Privacy Act and information security requirements. Records that are eligible for destruction are disposed of using destruction methods prescribed by NIST SP 800–88. Personnel having access to the system have been trained in the Privacy Act and information security requirements. Employees who maintain records in the system are instructed not to release data until the intended recipient agrees to implement appropriate management, operational and technical safeguards sufficient to protect the confidentiality, integrity and availability of the information and information systems, and to prevent unauthorized access.

The Information Technology (IT) system used to house the records conforms to all applicable Federal laws and regulations and Federal, HHS, and CMS policies and standards as they relate to information security and data privacy. These laws and regulations may apply but are not limited to: The Privacy Act of 1974; the Federal Information Security Management Act of 2002; the Federal Information Security Modernization Act of 2014; the Computer Fraud and Abuse Act of 1986; the Health Insurance Portability and Accountability Act of 1996; the E-Government Act of 2002; the Clinger-Cohen Act of 1996; the Medicare Modernization Act of 2003; and the corresponding implementing regulations.

OMB Circular A–130, Management of Federal Resources, and Security of Federal Automated Information Resources also applies to the SOR. Federal, HHS, and CMS policies and standards include but are not limited to:

All pertinent National Institute of Standards and Technology publications; the HHS Information Security and Privacy Policy Handbook (IS2P), the CMS Acceptable Risk Safeguards (ARS), and the CMS Information Security and Privacy Policy (IS2P2).

RECORD ACCESS PROCEDURES:

An individual seeking access to a record about him/her in this system of records must submit a written request to the System Manager indicated above. The request must contain the individual's name and particulars necessary to distinguish between records on subject individuals with the same name, such as NPI or TIN, and should also reasonably specify the record(s) to which access is sought. To verify the requester's identity, the signature must be notarized or the request must include the requester's written certification that he/she is the person he/she claims to be and that he/she understands that the knowing and willful request for or acquisition of records pertaining to an individual under false pretenses is a criminal offense subject to a \$5,000 fine.

CONTESTING RECORD PROCEDURES:

Any subject individual may request that his/her record be corrected or amended if he/she believes that the record is not accurate, timely, complete, or relevant or necessary to accomplish a Department function. A subject individual making a request to amend or correct his record shall address his request to the System Manager indicated, in writing, and must verify his/her identity in the same manner required for an access request. The subject individual shall specify in each request: (1) The system of records from which the record is retrieved; (2) The particular record and specific portion which he/she is seeking to correct or amend; (3) The corrective action sought (*e.g.*, whether he/she is seeking an addition to or a deletion or substitution of the record); and, (4) His/her reasons for requesting correction or amendment of the record. The request should include any supporting documentation to show how the record is inaccurate, incomplete, untimely, or irrelevant.

NOTIFICATION PROCEDURES:

Individuals wishing to know if this system contains records about them should write to the System Manager indicated above and follow the same instructions under Record Access Procedures.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

Submission for OMB Review; Comment Request

Title: How TANF Agencies Support Families Experiencing Homelessness.

OMB No.: New Collection.

Description: The Office of Planning, Research, and Evaluation (OPRE), Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) is conducting the, “How TANF Agencies Support Families Experiencing Homelessness,” project through a contract with Abt Associates in partnership with MEF Associates. This project will assist HHS in understanding the extent to which TANF agencies across the country are using TANF funds to serve and support families experiencing or are at-risk of homelessness. It also will document the approaches and strategies used by TANF agencies to serve these families. We are seeking OMB approval for four elements of the study: (1) The TANF Administrator Web Survey (tailored for both state and county respondents), (2) a Site Visit Discussion Guide for TANF staff, (3) a Site Visit Discussion Guide for Staff at Continuums of Care (CoC)/ Partner Organizations, and (4) a Site Visit Focus Group Guide.

TANF Administrator Web Survey. We will administer an online survey to all state and territory TANF administrators as well as a selection of three county TANF administrators from each state. The survey will collect information about the agencies' overall approaches toward addressing family homelessness and the extent to which TANF funds, assessments, tools, additional services, and partners are used in these efforts.

Discussion protocols during site visits to TANF agencies. The study team will visit five purposefully selected TANF agencies. During these two-day visits, the project staff will use the Site Visit Discussion Guide for TANF Staff to conduct interviews with TANF office staff, use the Site Visit Focus Group

Guide to convene focus groups of TANF participants experiencing or at-risk of homelessness, and use the Site Visit Discussion Guide for Staff at CoC/ Partner Organizations to interview representatives from relevant

homelessness organization partners, including CoCs.
Respondents: State, territory, and selected county TANF administrators; TANF agency staff who provide case management or services to address

family homelessness; representatives from the local CoC, and as applicable, staff from other partner organizations that serve homeless families; TANF recipients experiencing or at-risk of homelessness.

ANNUAL BURDEN ESTIMATES

Temporary Assistance for Needy Families (TANF) Data Innovations (TDI) Project (New Collection)

AGENCY: Office of Planning, Research, and Evaluation; ACF; HHS.
ACTION: Submission for OMB Review; Comment Request.

SUMMARY: The Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) proposes to collect information as part of the TANF Data Innovations (TDI) project. TDI is an investment to expand the integration, analysis, and use of TANF data to improve program administration, payment integrity, and outcomes for participants.

TDI will start by assessing the needs and readiness of TANF agencies across the country to set up and operate data systems to support program improvement. A key goal of the needs assessment is to help categorize states' readiness to effectively use data and produce evidence. Informed by this assessment and discussions with key stakeholders, TDI will support a broad learning collaborative of state agencies and other entities related to the TANF program, including a range of Technical Assistance (TA) options to help states improve their use of TANF and other program data. This information collection request will consist of a needs assessment survey to be completed by state TANF agency administrators and staff to gather detailed information about their capacities and needs. These data will help HHS to better understand the challenges and barriers states face in using data and research to inform program decision-making, and they will help the TDI team design future technical assistance activities for TANF agencies to address states' challenges.

Respondents: State TANF Administrators and TANF agency staff. We expect four respondents per state or territory.
