

LaGuardia. The ARO will assign reservations on a 30-minute basis.

5. The ARO receives and processes all reservation requests. Reservations are assigned on a “first-come, first-served” basis, determined as of the time that the ARO receives the request. A cancellation of any reservation that will not be used as assigned is required.

6. Filing a request for a reservation does not constitute the filing of an instrument flight rules (IFR) flight plan, as separately required by regulation. After the reservation is obtained, an IFR flight plan can be filed. The IFR flight plan must include the reservation number in the “remarks” section.

7. Air Traffic Control will accommodate declared emergencies without regard to reservations. Nonemergency flights in direct support of national security, law enforcement, military aircraft operations, or public aircraft operations will be accommodated above the reservation limits with the prior approval of the Vice President, System Operations

Services, Air Traffic Organization. Procedures for obtaining the appropriate reservation for such flights are available via the internet at <http://www.fly.faa.gov/ecvrs>.

8. Notwithstanding the limits in paragraph 4, if the Air Traffic Organization determines that air traffic control, weather, and capacity conditions are favorable and significant delay is not likely, the FAA can accommodate additional reservations over a specific period. Unused operating authorizations can also be temporarily made available for unscheduled operations. Reservations for additional operations are obtained through the ARO.

9. Reservations cannot be bought, sold, or leased.

C. Enforcement

The FAA may enforce the Order through an enforcement action seeking a civil penalty under 49 U.S.C. 46301(a). The FAA also could file a civil action in U.S. District Court, under 49 U.S.C. 46106, 46107, seeking to enjoin any

carrier from violating the terms of the Order.

Issued in Washington, DC on September 11, 2018.

Jeffrey Planty,

Deputy Vice President, System Operations Services.
