Abstract of Proposed Collection

This information collection covers pre-award and post-award requirements of the DOSAR. During the pre-award phase, information is collected to determine which proposals offer the best value to the U.S. Government. Post-award actions include monitoring the contractor's performance; issuing modifications to the contract; dealing with unsatisfactory performance; and closing out the contract upon its completion. This program collects information pursuant to the Foreign Service Buildings Act of 1926, as amended (22 U.S.C. 302), the Omnibus Diplomatic Security and Antiterrorism Act (22 U.S.C. 4852), and the Foreign Relations Authorization Act, Fiscal Years 1990 and 1991 (22 U.S.C. 4864).

Methodology

Information is collected from prospective offerors to evaluate their proposals. The responses provided by the public are part of the offeror's proposals in response to Department solicitations. This information may be submitted electronically (through fax or email), or may require a paper submission, depending upon complexity. After contract award, contractors are required to submit information, on an as-needed basis, and relate to the occurrence of specific circumstances.
