DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

New Special Experimental Project (SEP-16) To Evaluate Proposals for Delegation of Certain Program-Wide FHWA Responsibilities to States

AGENCY: Federal Highway Administration (FHWA), U.S. Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: The FHWA is establishing a new Special Experimental Project (SEP-

16) to test and evaluate the delegation of program-level responsibilities of the Federal-aid highway program (FAHP) to States, including the appropriate steps States should take to request to exercise delegated authority. The FHWA anticipates there is interest in State assumption of program-level actions for approval of design standards, noise policies, preventative maintenance programs, and real property acquisitions and disposals. The term "program-level actions" in this context means decisions that apply generally to projects in a State and broadly affect the implementation of the Federal-aid highway program in the State, but excludes Federal decisions relating to eligibility, obligation, reimbursement, authorization, and compliance.

DATES: This new SEP-16 project is being initiated on September 20, 2018.

FOR FURTHER INFORMATION CONTACT: For technical information: Cindi Ptak, Office of Innovative Program Delivery (HIN), (202) 366-8408; for legal information: Janet Myers, Office of the Chief Counsel (HCC), (202) 366-2019, 1200 New Jersey Avenue SE, Washington, DC 20590. Office hours are from 8:00 a.m. to 4:30 p.m., ET, Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this notice may be downloaded from the **Federal Register's** home page at: <http://www.archives.gov>; the Government Publishing Office's database at: <https://www.gpo.gov/fdsys/>; or the specific docket page at: www.regulations.gov.

Background

The Fixing America's Surface Transportation (FAST) Act (Pub. L. 114-94) builds on the authorities and requirements in earlier legislation to promote the transition from FHWA project-level "full-oversight" of the FAHP to a risk-based approach to FHWA oversight activities. The FHWA's use of a risk-based approach to stewardship and oversight is intended to optimize the successful delivery of projects and to ensure compliance with Federal requirements by focusing FHWA resources most efficiently and effectively.

Unless authorized by law, FHWA may not delegate or assign its decision-making responsibilities to a State department of transportation (State DOT). Section 106(c) of Title 23, United States Code (U.S.C.), authorizes States to assume project responsibilities for design, plans, specifications, estimates, contract awards, and inspections for
