**SUPPLEMENTARY INFORMATION:**

**Title:** Part 39, Risk Management Requirements for Derivatives Clearing Organizations, (OMB Control No. 3038–0076). This is a request for extension and revision of a currently approved information collection.

**Abstract:** Commission Regulations 39.12, 39.13, 39.14, 39.15, 39.16 and 39.18 establish risk management requirements for registered derivatives clearing organizations (“DCOs”). Regulation 39.3 requires any person seeking to register as a DCO to submit a completed Form DCO as provided in the appendix to part 39, accompanied by all applicable exhibits. The Commission will use the information in this collection to assess compliance of DCOs and DCO applicants with requirements for DCOs prescribed in the Commodity Exchange Act and Commission regulations.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On July 13, 2018, the Commission published in the Federal Register notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 83 FR 32638 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

**Burden Statement:** For this collection, the Commission is revising its burden estimate for 16 registered DCOs and 3 potential DCO applicants, as follows:

2. Collection 3038–0076—Event-Specific System Safeguards Reporting Requirements for Derivatives Clearing Organizations (Regulations 39.18(g) and (h)).
