

Cash Deposits and Assessment of Duties on SSB From Brazil, Japan, and Spain

Commerce intends to issue instructions to CBP, 15 days after publication of this notice, to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of SSB from Brazil, Japan, and Spain entered, or withdrawn from warehouse, on or after August 9, 2017. Commerce intends to further instruct CBP to refund, with interest, all cash deposits on unliquidated entries made on or after August 9, 2017. Entries of subject merchandise made prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping deposit requirements and assessments.

These sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: September 27, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Order: Brazil, India, and Spain

The merchandise subject to the order is SSB. The term SSB with respect to the orders means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut-length flat-rolled products (*i.e.*, cut-length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections. The SSB subject to the orders is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs

purposes, the written description of the scope of the order is dispositive.

Appendix II

Scope of the Order: Japan

The merchandise subject to the order is SSB. The term SSB with respect to the order means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Furthermore, effective for entries entered, or withdrawn for warehouse, for consumption on or after February 1, 2010, the term does not include one SSB product under Grade 304 and two types of SSB products under Grade 440C. (1) The Grade 304 product meets the following descriptions: round cross-section, cold finished, chrome plated (plating thickness 10 microns or greater), hardness of plating a minimum 750 HV on the Vickers Scale, maximum roundness deviation of 0.020 mm (based on circularity tolerance described in JIS B 0021 (1984)), in actual (measured) lengths from 2000 mm to 3005 mm, in nominal outside diameters ranging from 6 mm to 30 mm (diameter tolerance for any size from minus 0.010 mm to minus 0.053 mm). Tolerance can be defined as the specified permissible deviation from a specified nominal dimension; for example if the nominal outside diameter of the product entering is 6 mm, then the actual measured sizes should fall within 5.947 mm to 5.990 mm; (2) The first Grade 440C product meets the following descriptions: round cross-section, cold finished, heat treated through induction hardening, minimum Rockwell hardness of 56 Hardness of 56 HRC, maximum roundness deviation of 0.007 mm (based on circularity tolerance described in JIS B 0021 (1984)), in actual (measured) lengths from 500 mm to 3005 mm, in nominal outside diameters ranging from 3 mm to 38.10 mm (diameter tolerance for any size from 0.00 mm to minus 0.150 mm). Tolerance can be defined as the specified permissible deviation from a specified nominal dimension; for example if the nominal outside diameter of the product entering is 3 mm, then the actual measured sizes should fall within 2.850 mm to 3.000 mm; (3) The second Grade 440C product meets the following descriptions: round cross-section, cold finished, chrome plated (plating thickness 5 microns or greater), heat treated through induction hardening, minimum Rockwell Hardness of 56 HRC, maximum roundness deviation of 0.007 mm (based on circularity tolerance described in JIS B 0021 (1984)), in actual (measured) lengths from 2000 mm to minus 3005 mm, (diameter tolerance for any size from minus 0.004 mm to minus 0.020 mm). Tolerance

can be defined as the specified permissible deviation from a specified nominal dimension; for example if the nominal outside diameter of the product entering is 6 mm, then the actual measured sizes should fall within 5.980 mm to 5.996 mm.

Except as specified above, the term does not include stainless steel semi-finished products, cut-length flat-rolled products (*i.e.*, cut-length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections. The SSB subject to the order is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Vessel Monitoring System Requirements Under the Western and Central Pacific Fisheries Convention

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 3, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be

directed to Rini Ghosh, (808-725-5033) or Rini.Ghosh@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection. National Marine Fisheries Service (NMFS) has issued regulations under authority of the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA; 16 U.S.C. 6901 *et seq.*) to carry out the obligations of the United States under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Convention), including implementing the decisions of the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (Commission). The regulations include a requirement for the owners and operators of U.S. vessels that fish for highly migratory species on the high seas in the Convention Area to carry and operate near real-time satellite-based position-fixing transmitters (“VMS units”) at all times except when the vessel is in port. As part of this requirement, vessel owners and operators must transmit: (1) “on/off reports” to NMFS whenever the VMS unit is turned off while the vessel is in port, (2) “activation reports” to NMFS prior to the first use of a VMS unit, and (3) automatic “position reports” from the VMS unit to NOAA and the Commission as part of a vessel monitoring system (VMS) operated by the Commission (50 CFR 300.219). Under this information collection, it is expected that vessel owners and operators would also need to purchase, install, and occasionally maintain the VMS units.

The information collected from the vessel position reports is used by NOAA and the Commission to help ensure compliance with domestic laws and the Commission’s conservation and management measures, and are necessary in order to the United States to satisfy its obligations under the Convention.

II. Method of Collection

Respondents may submit on/off reports by facsimile or email, and they may submit activation reports by mail, facsimile or email. Position reports are transmitted electronically and automatically from the VMS unit.

III. Data

OMB Control Number: 0648-0596.
Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved collection).

Affected Public: Business or other for-profit organizations; individuals or households.

Estimated Number of Respondents: 23.

Estimated Time per Response: VMS unit purchase and installation, 1 hr; Activation Reports, 5 min; on/off reports, 5 min; VMS unit maintenance, 1 hr.

Estimated Total Annual Burden Hours: 57 hours.

Estimated Total Annual Cost to Public: \$40,083 (\$23,000 for VMS purchase and installation; \$5,750 for VMS unit maintenance; \$11,333 for position reports).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 28, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XF105

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of one enhancement of survival permit.

SUMMARY: Notice is hereby given that NMFS has issued Permit 21008 to Forrest Blair Hart, Susan S. Hart; Forrest Blair Hart, Susan S. Hart as Co-Trustees of The Hart Family 2003 Trust; Hart Cattle, LLC; Hart Cattle Inc; Rabbit Hill, LLC; and Soda Springs, LLC.

ADDRESSES: The application, issued permit, and supporting documents are available upon written request or by appointment: California Coastal Office, NMFS WCR, 1655 Heindon Road, Arcata, CA 95521, ph: 707-825-5171, fax: 707-825-4840.

FOR FURTHER INFORMATION CONTACT: Jim Simondet, Arcata, CA (ph.: 707-825-5171, email: jim.simondet@noaa.gov).

SUPPLEMENTARY INFORMATION: The issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531-1543) (ESA), is based on a finding that such permits/modifications: (1) Are applied for in good faith; (2) would not operate to the disadvantage of the ESA-listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations (50 CFR parts 222-226) governing listed fish and wildlife permits.

Species Covered in This Notice

The following listed species is covered in this notice:

Threatened Southern Oregon/Northern California Coast (SONCC) coho salmon (*Oncorhynchus kisutch*; Covered Species).

Permits Issued

Permit 21008

A notice of receipt of an application for an enhancement of survival permit (21008) was published in the **Federal Register** on May 17, 2017 (82 FR 22650). Permit 21008 was issued to the Permit Holders, Forest Blair Hart and Susan S. Hart and additional business entities (listed above), on February 21, 2018, and expires on February 22, 2028.

Permit 21008 facilitates the implementation of the “Safe Harbor Agreement For Voluntary Habitat Enhancement Activities Benefitting Southern Oregon and Northern California Coast Coho Salmon (*Oncorhynchus kisutch*) on Private Lands in the Shasta Valley, Siskiyou County, California” (Agreement) that is expected to promote the recovery of the covered species within the Little Shasta
