

City of Norfolk Coastal Storm Risk Management Feasibility Study, for review and comment. The study evaluates identified flood risks and develops and evaluates coastal storm risk management measures for the City of Norfolk. These measures were formulated to reduce flood risk to residents, industries and businesses which are critical to the Nation's economy in ways that support the long-term resilience due to sea level rise, local subsidence and storms, within the City of Norfolk. Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the USACE determined that the project has the potential to have significant environmental impacts, and developed the Final EIS and Draft ROD to examine and assess the impacts of all proposed action.

DATES: The Final IFR/EIS and Draft ROD are available for a 30-day review period, pursuant to the NEPA. Written comments pursuant will be accepted until the close of public review on the close of business on November 2, 2018.

ADDRESSES: Questions or comments concerning the Final IFR/EIS and Draft ROD may be directed to: Ms. Kathy Perdue; U.S. Army Corps of Engineers, Norfolk District; 803 Front Street, Norfolk, VA 23510 or NorfolkCSR@usace.army.mil.

FOR FURTHER INFORMATION CONTACT: Ms. Kathy Perdue, U.S. Army Corps of Engineers, Norfolk District, phone number (757) 201-7218, or NorfolkCSR@usace.army.mil.

SUPPLEMENTARY INFORMATION: The document is available for review at the Norfolk Coastal Storm Risk Management Study website: <http://www.nao.usace.army.mil/NCSR>.

Proposed Action. The Study Area is the City of Norfolk. The Proposed Action will include construction of the following measures within the City: Storm surge barriers with gate openings near the mouths of four waterways: The Lafayette River, Pretty Lake, The Hague, and Broad Creek; floodwalls flanking the barriers and near waterways at locations from Lamberts Point to Broad Creek; berms; tide gates at various points to prevent storm surge; generator buildings and pumps; nonstructural measures to protect existing structures; and Natural and Nature-Based features. Implementation of the Proposed Action would impact floodplains, wetlands, mudflats, federally listed threatened and endangered species, and marine mammals, and other resources. The Proposed Action must be located in a floodplain in order to reduce flood risk behind the flood protection system. The

Proposed Action will adhere to the 8-step process as outlined under Executive Order 11988, Floodplain Management, including consideration of sea level rise.

Alternatives. The Final IFR/EIS considered a full range of nonstructural and structural flood risk management alternatives that meet the Proposed Action's purpose and need and incorporate measures to avoid and minimize impacts to the maximum extent practicable. Alternatives included: (1) The No Build/Future Without Project Alternative, (2) a Structural Only Project Alternative, (3) a Nonstructural Only Project Alternative, and (4) a dual Structural and Nonstructural Project Alternative, which is the Proposed Action.

Public Involvement. A Notice of Intent to prepare an EIS was published on April 29, 2016, in the **Federal Register** (81 FR 25656). A public scoping meeting was held on May 25, 2016, and a follow-up public meeting was held on June 8, 2017, both in the City of Norfolk. A Notice of Availability of the Draft EIS was published on November 3, 2017, in the **Federal Register** (82 FR 51225), for a 45-day public comment period. A third public meeting was held on November 16, 2017, in the City of Norfolk. All comments received have been considered and addressed. The U.S. Environmental Protection Agency serves as a cooperating agency for this project.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 3720-58-P

DEPARTMENT OF EDUCATION

[Docket No. ED-2018-ICCD-0101]

Agency Information Collection Activities; Comment Request; State Survey on Activities Supported on Student Support and Academic Enrichment Grants (Title IV, Part A)

AGENCY: Office of Planning, Evaluation and Policy Development (OPEPD), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before December 3, 2018.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please

use <http://www.regulations.gov> by searching the Docket ID number ED-2018-ICCD-0101. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 550 12th Street SW, PCP, Room 9089, Washington, DC 20202-0023.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Leticia Braga, 202-401-7767.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: State Survey on Activities Supported on Student Support and Academic Enrichment Grants (Title IV, Part A).

OMB Control Number: 1875-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 17.

Total Estimated Number of Annual Burden Hours: 17.

Abstract: The study will examine the early implementation of Student Support and Academic Enrichment (SSAE) grants, a new state-administered grant program created through the 2016 Every Student Succeeds Act (ESSA). This program has the goal of improving student academic achievement by increasing the capacity of states, school districts, schools, and local communities to: (1) Provide all students with access to a well-rounded education (Section 4109); (2) improve school conditions for student learning (Section 4108); and (3) improve the use of technology in order to improve the academic achievement and digital literacy of all student (Section 4109).

Within these three broad areas, the statute outlines a large number of potential activities that states and school districts can support, and the Department of Education has little information about the extent to which state and school districts are using SSAE funds for the wide range permissible activities. To provide an early look at how SSAE funds are being used, this study will conduct a survey of all states in Spring 2019 to obtain information about the types of activities that states and school districts are supporting with SSAE Fiscal Year (FY) 18 funds during the 2018–19 school year.

Dated: September 28, 2018.

Stephanie Valentine,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000–01–P

accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on October 17, 2018.

Dated: September 27, 2018.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
