### Overview of This Information Collection

1. *Type of Information Collection:* Update with changes, of the Department of Justice Equitable Sharing Agreement and Certification, a previously approved collection for which approval will expire on November 30, 2018.

2. *The Title of the Form/Collection:* Department of Justice Equitable Sharing Agreement and Certification.

3. *The Agency Form Number, if any, and the Applicable Component of the Department Sponsoring the Collection:* There is not an agency form number. The applicable component within the Department of Justice is the Money Laundering and Asset Recovery Section ("MLARS"), in the Criminal Division.

4. *Affected Public Who Will Be Asked or Required to Respond, as Well as a Brief Abstract:* The Attorney General is required by statute to "assure that any property transferred to a State or local law enforcement agency . . . will serve to encourage further cooperation between the recipient State or local agency and Federal law enforcement agencies." 21 U.S.C. 881(e)(3). MLARS

ensures such cooperation by requiring that all such "equitably shared" funds be used only for law enforcement purposes and not be distributed to other governmental agencies by the recipient law enforcement agencies. By requiring that law enforcement agencies that participate in the Equitable Sharing Program (Program) file an Equitable Sharing Agreement and Certification (ESAC), MLARS can readily ensure compliance with its statutory obligations.

The ESAC requires information regarding the receipt and expenditure of Program funds from the participating agency. Accordingly, it seeks information that is exclusively in the hands of the participating agency.

5. *An Estimate of the Total Number of Respondents and the Amount of Time Estimated for an Average Respondent to Respond:* An estimated 6,900 state and local law enforcement agencies electronically file the ESAC annually with MLARS. It is estimated that it takes 30 minutes per year to enter the information. All of the approximately 6,500 agencies must fully complete the form each year to maintain compliance and continue participation in the Department of Justice Equitable Sharing Program.

6. *An Estimate of the Total Public Burden (in hours) Associated With the Collection:* The estimated public burden associated with this collection is 3,250 hours. It is estimated that respondents will take 30 minutes to complete the form. (6,500 participants × 30 minutes = 3,250 hours).

*States v. NGL Crude Logistics, LLC*, Civil Action No. 2:16–cv–01038–LRR.

The United States filed this lawsuit under the Clean Air Act's Renewable Fuel Standard program. The United States' Complaint names NGL Crude Logistics, LLC (f/k/a Gavilon, LLC) and Western Dubuque Biodiesel, LLC as defendants. The Court entered a settlement resolving the United States' claims against Western Dubuque Biodiesel, LLC on April 11, 2017. The United States' Complaint seeks retirement of approximately 36 million Renewable Identification Numbers (RINs) and civil penalties.

The Complaint alleges that NGL Crude Logistics, LLC (1) failed to retire approximately 36 million RINs associated with biodiesel NGL Crude Logistics, LLC sold to Western Dubuque Biodiesel, LLC for use as material to create renewable fuel (feedstock); (2) caused Western Dubuque Biodiesel, LLC to commit prohibited acts under the Renewable Fuel Standard program; and (3) transferred approximately 36 million invalid RINs to third parties. The United States District Court for the Northern District of Iowa found NGL liable for these violations on July 3, 2018.

The proposed Consent Decree requires NGL Crude Logistics, LLC to pay a \$25 million civil penalty and to purchase and retire 36 million RINs to resolve the civil claims alleged in the Complaint against NGL Crude Logistics, LLC through the date of lodging.
