Supplemental Information: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data is provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Section 303(a)(4) of the Social Security Act (SSA) and Section 3304(a)(3) of the Federal Unemployment Tax Act (FUTA) require that all monies received in the unemployment fund of a state be paid immediately to the Secretary of the Treasury to the credit of the Unemployment Trust Fund (UTF). This is the “immediate deposit” standard.

Section 303(a)(5) of the SSA and Section 3304(a)(4) of the FUTA require that all monies withdrawn from the UTF be used solely for the payment of unemployment compensation, exclusive of the expenses of administration. This is the “limited withdrawal” standard.

Federal law (Section 303(a)(6) of the SSA) gives the Secretary of Labor the authority to require the reporting of information deemed necessary to assure state compliance with the provisions of the SSA. Under this authority, the Secretary of Labor requires the following reports to monitor state compliance with the immediate deposit and limited withdrawal standards:

- ETA 2112: UI Financial Transactions Summary, Unemployment Fund,
- ETA 8401: Monthly Analysis of Benefit Payment Account,
- ETA 8405: Monthly Analysis of Clearing Account,
- ETA 8413: Income—Expense Analysis Unemployment Compensation (UC) Fund, Benefit Payment Account,
- ETA 8414: Income—Expense Analysis UC Fund, Clearing Account,
- ETA 8403: Summary of Financial Transactions—Title IX Funds.

The ETA 8403A is no longer in use and is removed from this ICR.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the ADDRESSES section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205–0154.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without restriction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. I. Background

Title XII Section 1201 of the Social Security Act (SSA) provides for advances to states from the Federal Unemployment Account (FUA). The law further sets out specific requirements to be met by a state requesting an advance:

• The Governor, or designee, must apply for the advance;
• the application must cover a three-month period and the Secretary of Labor (Secretary) must be furnished with estimates of the amounts needed in each month of the three-month period;
• the application must be made on such forms and shall contain such information and data (fiscal and otherwise) concerning the operation and administration of the state unemployment compensation law as the Secretary deems necessary or relevant to the performance of his or her duties under this title;
• the amount required by any state for the payment of compensation in any month shall be determined with due allowance for contingencies and taking into account all other amounts that will be available in the state’s unemployment fund for the payment of compensation in such month; and
• the term “compensation” means cash benefits payable to individuals with respect to their unemployment exclusive of expenses of administration.

Section 1202(a) of the SSA provides that the Governor of any state may at any time request that funds be transferred from the account of such state to the FUA in repayment of part or all of the balance of advances made to such state under Section 1201. These applications and repayments may be requested by an individual designated for that authority in writing by the Governor. The SSA, Sections 1201 and 1202(a), authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL currently estimates that one state will borrow during Fiscal Year 2018, and that state would continue to borrow during calendar year 2018 and beyond.
