Public Land Order No. 7874; Partial Revocation of Public Land Orders No. 5179, 5180, 5181, 5184, and 5188, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Order partially revokes five Public Land Orders (PLO) insofar as they affect approximately 229,715 acres of public lands. The lands were reserved for study and classification as appropriate by the Department of the Interior (DOI). The purposes for which these lands were withdrawn no longer exist as described in the analysis and decisions made through the Bay Resource Management Plan (RMP) and associated Environmental Impact Statement. Of the lands described within the Orders being revoked, approximately 83.30 acres have been conveyed out of Federal ownership and the revocation of the Order on these lands is a record-clearing action only.

DATES: This Public Land Order takes effect on October 4, 2018.

FOR FURTHER INFORMATION CONTACT: David V. Mushovic, Bureau of Land Management (BLM) Alaska State Office,

222 West Seventh Avenue, Mailstop #13, Anchorage, AK 99513-7504, 907-271-4682, or dmushovi@blm.gov. People who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This Order follows the recommendations made in the BLM's 2008 Bay RMP which serves as the detailed statement required under the National Environmental Policy Act, Section 102(2)(C). PLO No. 5179 withdrew lands in aid of legislation concerning addition to or creation of units of the National Park, National Forest, Wildlife Refuge, and Wild and Scenic Rivers systems, and to allow for classification of the lands. Any additions to or creation of new units of National Parks, National Forests, Wildlife Refuges, or Wild and Scenic Rivers from the land withdrawn by Public Land Order No. 5179 were met by the Alaska National Interest Lands Conservation Act (ANILCA). The classification of the lands withdrawn by PLO No. 5179 has been satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5180 withdrew lands to allow for classification and for the protection of the public interest in these lands. The classification and protection of the public interest in the lands withdrawn by PLO No. 5180 has been satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5181 withdrew lands to allow for classification and study as possible additions to the National Wildlife Refuge System. The purposes of PLO No. 5181 were satisfied by both the ANILCA and the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5184 withdrew lands to allow for

classification or reclassification of some of areas withdrawn by Section 11 of the Alaska Native Claims Settlement Act (ANCSA). These purposes were satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. PLO No. 5188 withdrew lands to allow for classification and protection of the public interest in the lands in former reservations for use and benefit of Alaska Natives. These purposes were satisfied by the analysis conducted during the development of the BLM's 2008 Bay RMP. In addition, PLO No. 5418, effective March 1974, amends PLO No. 5180 to add all unreserved public lands in Alaska, or those which may become unreserved unless specified by order at that time. Upon revocation, the lands in this Order will not be subject to the terms and conditions of PLO No. 5418, which amended PLO No. 5180, but will continue to be subject to the terms and conditions of any other withdrawal, segregation of record, and other applicable law. Some lands covered by the revocation of the above listed withdrawals have been top filed by the State of Alaska per the Alaska Statehood Act. Upon revocation of the above listed withdrawals, the top filings will convert to selections. Lands validly selected or conveyed to the State of Alaska are not subject to Sec. 810 of the ANILCA as they no longer fit the definition of public lands. The Sec. 810 analysis for the approved Bay RMP found no significant restriction on subsistence uses.
