DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Children’s Bureau; Proposed Information Collection Activity; Comment Request

AGENCY: Administration for Children and Families, U.S. Department of Health and Human Services.

Title: RPG National Cross-Site Evaluation and Evaluation Technical Assistance.

OMB No.: New Collection.

Description: The Children’s Bureau (CB) within the Administration for Children and Families of the U.S. Department of Health and Human Services seeks approval to collect information for the Regional Partnership Grants to Increase the Well-being of and to Improve Permanency Outcomes for Children Affected by Substance Abuse (known as the Regional Partnership Grants Program or “RPG”) Cross-Site Evaluation and Evaluation-Related Technical Assistance project. The Child and Family Services Improvement and Innovation Act (Pub. L. 112-34) includes a targeted grants program (section 437(f) of the Social Security Act) that directs the Secretary of Health and Human Services to reserve a specified portion of the appropriation for these Regional Partnership Grants, to be used to improve the well-being of children affected by substance abuse. Under three prior rounds of RPG, the Children’s Bureau has issued 74 grants to organizations such as child welfare or substance abuse treatment providers or family court systems to develop interagency collaborations and integration of programs, activities, and services designed to increase well-being, improve permanency, and enhance the safety of children who are in an out-of-home placement or are at risk of being placed in out-of-home care as a result of a parent’s or caretaker’s substance abuse. In 2017, CB awarded grants to a fourth cohort of 17 grantees and in 2018 they plan to award 10 grants to a fifth cohort.

The RPG cross-site evaluation will extend our understanding of what types of programs and services grantees provided to participants, how grantees leveraged their partnerships to coordinate services for children and families, and what the outcomes were for children and families enrolled in RPG programs. First, the cross-site evaluation will describe the characteristics of participants served by RPG programs, the types of services provided to families, the dosage of each
