SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84365; File No. SR-IX-2018-21]

Self-Regulatory Organizations: Investors Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Correct Several Typographical Errors in IEX Rule 2.160 Added by a Previous Filing

October 4, 2018.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on October 4, 2018, the Investors Exchange LLC ("IEX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act"),⁴ and Rule 19b-4 thereunder,⁵ IEX is filing with the Commission a proposed rule change to correct several typographical errors in IEX Rule 2.160 added by a previous filing.⁶ The Exchange has designated this proposal as "non-controversial" and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.⁷ The text of the proposed rule change is available at the Exchange's website at www.iextrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange recently filed a proposed rule change to amend, in part, Rule 2.160 related to qualification and registration requirements for associated persons of a Member (the "Original Filing").⁸ The Original Filing introduced several typographical errors in Rule 2.160, which the Exchange proposes to correct as described below.

First, the Exchange proposes to add the text "Supplementary Material" immediately following the text of Rule 2.160(e)(3) to introduce Supplementary Material .01 and .02 which follows. The Exchange's rulebook introduces Supplementary Material in this manner in other rules, and therefore proposes to conform in Rule 2.160(e).

Second, in each of Rule 2.160(h) and (i) the Exchange proposes to relocate the text ".01" following the text "Supplementary Material" to the beginning of such Supplementary Material rather than following the text "Supplementary Material."

Third, the Original Filing inadvertently introduced two typographical errors in Rule 2.160(g). Specifically, in the first sentence the word "shown" was incorrectly included as "show" and the word "Exchange" was not capitalized. The Exchange proposes to correct both typographical errors.

2. Statutory Basis

IEX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁹ in general and furthers the objectives of Sections 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

IEX believes that the proposed rule change is consistent with Section 6(b)(5) of the Act¹¹ because it will eliminate any confusion regarding IEX rules by correcting inadvertent typographical errors introduced by the Original Filing in Rule 2.160 without changing the substance of such rule provisions.

B. Self-Regulatory Organization's Statement on Burden on Competition

IEX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposed rule change is not designed to address any competitive issues but rather to correct inadvertent typographical errors, thereby eliminating any potential confusion regarding such rule provisions with changing their substance.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated this rule filing as non-controversial under Section 19(b)(3)(A)¹² of the Act and Rule 19b-4(f)(6)¹³ thereunder. Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)¹⁴ of the Act and Rule 19b-4(f)(6)¹⁵ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁶ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁷ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Commission notes that the Exchange's proposal does not make any substantive changes and merely corrects typographical errors in the Exchange's rules. Accordingly, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposal operative on filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁹ of the Act to determine whether the proposed rule

¹⁵ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84366; File No. SR-FINRA-2018-030]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Approving Proposed Rule Change To Amend FINRA Rule 7730 To Remove Computer-to-Computer Interface as a Technological Option for TRACE Reporting

October 4, 2018.

I. Introduction

On August 15, 2018, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to modify the technological connectivity options available to member firms for reporting transactions to the Transaction Reporting and Compliance Engine ("TRACE"). The proposed rule change was published for comment in the **Federal Register** on August 23, 2018.³ The Commission received no comments on the proposed rule change. This order approves the proposed rule change.

II. Description of the Proposal

FINRA has proposed to amend Rule 7730 (Trade Reporting and Compliance Engine (TRACE)) to remove Computer-to-Computer Interface ("CTCI") as a technological means of connectivity for use in reporting transactions to TRACE. CTCI was made available for TRACE reporting purposes at TRACE's inception. FINRA added Financial Information eXchange ("FIX") as a protocol for transaction reporting to TRACE for securitized products in 2011 and for corporate and agency debt securities in 2012. FINRA has represented that approximately two thirds of member firms with direct connections, and half of the service bureaus, have migrated from CTCI to

FIX.⁴ FINRA believes that the migration to FIX will continue for member firms and service bureaus as it is an immediately available and viable alternative to CTCI, and that removing CTCI as a connectivity option will reduce operational overhead and risk for FINRA.⁵

Accordingly, FINRA has proposed to amend Rule 7730 to remove CTCI as a means of connectivity for members to report transactions to TRACE, leaving three currently available options: (i) Web browser access; (ii) FIX line access; or (iii) indirectly via third-party vendors (e.g., service bureaus).⁶ Member firms that currently use CTCI will be able to migrate at any point throughout the implementation period, during which FINRA will engage in outreach with the industry to provide information and assistance in connection with the migration.⁷ The operative date for the rule change will be February 3, 2020.⁸

III. Discussion and Commission Findings

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association.⁹ In particular, the Commission finds that the proposed rule change is consistent with Section 15A(b)(6) of the Act,¹⁰ which requires, among other things, that FINRA rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

While Section 15A(b)(6) sets out principles to which the rules of a national securities association must adhere, it does not prescribe specific technological requirements for carrying out those principles. Thus, in a situation where an association requires information from its members to carry out its self-regulatory and market oversight functions, the association generally has discretion over establishing the means by which its members may be required to provide

⁷ See Notice, 83 FR at 42741. FINRA stated that, in addition to general industry outreach, FINRA will contact each member firm that directly reports to TRACE via CTCI by email and telephone to provide information and assistance in connection with the migration. See *id.* at n. 8.
