

the Rulebook by Members<sup>7</sup> of the Exchange who are members of other Affiliated Exchanges. Moreover, the proposed changes are of a non-substantive nature and will not amend the relocated rules other than to update their numbers and make conforming cross-reference changes.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>8</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>9</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by promoting efficiency and conformity of the Exchange's processes with those of the Affiliated Exchanges and to make the Exchange's Rulebook easier to read and more accessible to its Members. The Exchange believes that the relocation of the CAT Rules and cross-reference updates are of a non-substantive nature.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes do not impose a burden on competition because, as previously stated, they (i) are of a non-substantive nature, (ii) are intended to harmonize the Exchange's rules with those of its Affiliated Exchanges, and (iii) are intended to organize the Rulebook in a way that it will ease the Members' navigation and reading of the rules across the Affiliated Exchanges.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>10</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>11</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>12</sup> normally does not become operative prior to 30 days after the date of the filing. However, Rule 19b-4(f)(6)(iii)<sup>13</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the Exchange can reorganize its Rulebook as already approved by the Commission. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change as operative upon filing.<sup>14</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Rule 35d-1, SEC File No. 270-491, OMB  
Control No. 3235-0548

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 35d-1 (17 CFR 270.35d-1) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) defines as "materially deceptive and misleading" for purposes of Section 35(d), among other things, a name suggesting that a registered investment company or series thereof (a "fund") focuses its investments in a particular type of investment or investments, in investments in a particular industry or group of industries, or in investments in a particular country or geographic region, unless, among other things, the fund adopts a certain investment policy. Rule 35d-1 further requires either that the investment policy is fundamental or that the fund has adopted a policy to provide its shareholders with at least 60 days prior notice of any change in the investment policy ("notice to shareholders"). The rule's notice to shareholders provision is intended to ensure that when shareholders purchase shares in a fund based, at least in part, on its name, and with the expectation that it will follow the investment policy suggested by that name, they will have sufficient time to decide whether to redeem their shares in the event that the fund decides to pursue a different investment policy.

The Commission estimates that there are approximately 9,939 open-end and closed-end funds that have names that are covered by the rule. The Commission estimates that of these 9,939 funds, approximately 33 will provide prior notice to shareholders pursuant to a policy adopted in accordance with this rule per year. The Commission estimates that the annual burden associated with the notice to shareholders requirement of the rule is 20 hours per response, for annual total of 660 hours per year.

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the

costs of Commission rules and forms. The collection of information under rule 35d-1 is mandatory. The information provided under rule 35d-1 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
