[Project Nos. 2593-031; 2823-020]

Algonquin Power (Beaver Falls), LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a subsequent license for the Upper Beaver Falls Hydroelectric Project and the Lower Beaver Falls Hydroelectric Project, located on the Beaver River in Lewis County, New York, and has prepared an Environmental Assessment (EA) for the projects.

The EA contains staff's analysis of the potential environmental impacts of the projects and concludes that licensing the projects, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on
