

“Minimum Standards of Fitness for Employment with the Federal Deposit Insurance Corporation”. This rule implements Section 19 of the Resolution Trust Corporation Completion Act (“Completion Act”), Public Law 103–204, by (among other things) prescribing a certification, with attachments in some cases, relating to job applicants’ fitness and integrity. More specifically, the statute provides that the FDIC shall issue regulations implementing provisions that prohibit any person from becoming employed by FDIC, who has been convicted of any felony; has been removed from, or prohibited from participating in the affairs of, any insured depository institution pursuant to any final enforcement action by any appropriate federal banking agency; has demonstrated a pattern or practice of defalcation regarding obligations to insured depository institutions; or has caused a substantial loss to federal deposit insurance funds. This collection of information implements these mandatory bars to employment through a certification, signed by job applicants prior to an offer of employment using form 2120/16.

2. *Title:* Purchaser Eligibility Certification.

*OMB Number:* 3064–0135.

*Form Number:* 7300–06.

*Affected Public:* Individuals and entities wishing to purchase receivership assets from the FDIC.

*Burden Estimate:* There has been no change in the method or substance of this information collection. The Subject Matter Experts (SMEs) from the FDIC’s Division of Resolutions and Receiverships have estimated that this information collection will affect 600 respondents annually for the next three years. This estimate is unchanged from 2015. The SMEs reached this estimate by calculating the average number of Purchaser Eligibility Certifications (PECs) completed in the past three years and rounding up.

Year	Number of PECs <sup>1</sup>
2015 .....	952
2016 .....	468
2017 .....	369
Total .....	1,789
Three-Year Average .....	596.33

<sup>1</sup> SMEs within the FDIC’s Division of Resolutions and Receiverships (DRR) compiled this information by the contacting the managers that handle each asset sales category (structured transactions, cash loan sales, other real estate sales, and securities sales).

The number of PECs completed each year has been declining since 2009. If this trend were to continue, the number of respondents would be expected to continue to decrease from 369 over the next three years, which would imply that the estimated number of respondents should be lower for this collection compared to the one in 2015. The SMEs have acknowledged that 600 respondents may be a conservative estimate, but also believe that it is reasonable. This rationale stems from the fact that the current rate of bank failures is very low. The SMEs also point out that the PECs are collected from prospective purchasers and not just the winning bidders. As a result, the annual number of PECs could increase if there is an increase in the demand for the assets the FDIC sells even if the number of assets for sale decreases in line with the current trend of diminishing bank failures.

The estimated hourly burden for this information collection is 30 minutes per PEC form. The SMEs have arrived at this estimate through their personal observations of individuals completing these forms at open-outcry auction events. The table below contains estimates for the total estimated reporting burden for this information collection.

SUMMARY OF ANNUAL BURDEN

	Type of burden	Estimated number of respondents	Estimated frequency of responses	Estimated time per response (hrs)	Total estimated annual burden (hrs)
Purchaser Eligibility Certification .....	Reporting .....	600	1	0.50	300.00
