## **SURFACE TRANSPORTATION BOARD**

[Docket No. FD 36232]

### **Eyal Shapira—Continuance in Control Exemption—Iowa & Middletown Railway LLC and Wolf Creek Railroad LLC**

Eyal Shapira (Shapira), an individual, has filed a verified notice of exemption under 49 CFR 1180.2(d)(2) to continue in control of Iowa & Middletown Railway LLC (I&M) and Wolf Creek Railroad LLC (Wolf Creek) upon I&M's and Wolf Creek's becoming Class III rail carriers.

This transaction is related to a verified notice of exemption filed concurrently in *Wolf Creek Railroad—Lease & Operation Exemption—American Ordnance LLC, Owner's Representative for U.S. Army Joint Munitions Command*, Docket No. FD 36236, in which Wolf Creek seeks authority to lease from American Ordnance LLC (AO) and operate approximately ten miles of rail line in Tennessee, and a verified notice of exemption filed on October 12, 2018, in *Iowa & Middletown Railway—Lease & Operation Exemption—American Ordnance LLC, Owner's Representative for U.S. Army Joint Munitions Command*, Docket No. FD 36231, in which I&M seeks authority to lease from AO and operate approximately four miles of rail line in Iowa.

The earliest this transaction may be consummated is November 22, 2018, the effective date of the exemption (30 days after the verified notice of exemption was filed).<sup>1</sup>

According to the verified notice of exemption, Shapira currently controls, through equity ownership, two Class III carriers (Pennsylvania & Southern Railway (PSRR) and Raritan Central Railway, LLC (Raritan Central)). Shapira is filing this verified notice to enable his continuance in control of I&M and Wolf Creek when they become carriers.

Shapira represents that: (1) The rail lines to be operated by I&M and Wolf Creek do not connect with each other or with the other railroads currently controlled by Shapira; (2) the continuance in control is not part of a series of anticipated transactions that would connect I&M and Wolf Creek with each other or the rail lines of the other railroads currently controlled by Shapira; and (3) the transaction does not involve a Class I carrier. The proposed transaction is therefore exempt from the prior approval requirements of 49 U.S.C. 11323 pursuant to 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under sections 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here because all the carriers involved are Class III carriers.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than November 15, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36232, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Eric M. Hocky, Clark Hill PLC, One Commerce Square, 2005

<sup>1</sup> Although notice of I&M's lease and operation exemption in Docket No. FD 36231 was served and published in the **Federal Register** on October 26, 2018, the effective date was held in abeyance pending review of Shapira's verified notice here. Concurrently with this notice, a decision is being issued in Docket No. FD 36231 making I&M's exemption effective, unless stayed, on November 22, 2018, consistent with this one.

Market Street, Suite 1000, Philadelphia, PA 19103.

According to Shapira, this action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Decided: November 2, 2018.

### **Wolf Creek Railroad LLC—Lease and Operation Exemption—American Ordnance LLC, Owner's Representative for U.S. Army Joint Munitions Command**

Wolf Creek Railroad LLC (Wolf Creek), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease from American Ordnance LLC (AO), as owner's representative for the U.S. Army Joint Munitions Command (JMC), and to operate, approximately ten miles of track (the Line)<sup>1</sup> within the Milan Army Ammunition Plant (Plant).<sup>2</sup> According to Wolf Creek, there are no mileposts assigned to the Line. The Line is located in Gibson County, Tenn., on a portion of the Plant that JMC no longer needs and that will be repurposed as a business park.

Wolf Creek states that, upon consummation of the transaction and the commencement of operations, Wolf Creek will be a Class III carrier. Wolf Creek states that it is leasing the Line in order to provide common carrier rail service to transload customers and other rail customers that may locate in the planned business park. Wolf Creek states it that will originate and terminate freight traffic and conduct loading and unloading operations and that it will also offer rail car storage and car repair services within the Plant. According to Wolf Creek, the Line connects with CSX Transportation, Inc. (CSXT), and West Tennessee Railroad (WTNN) at Milan, Tenn., and Wolf Creek will seek to

<sup>1</sup> Wolf Creek states that the lease also includes other tracks that will be operated by Wolf Creek as yard and industrial tracks for which no Board authority is required.

establish interchange with both CSXT and WTNN.

This transaction is related to a concurrently filed verified notice of exemption in *Eyal Shapira—Continuance in Control Exemption—Iowa & Middletown Railway*, Docket No. FD 36232, in which Eyal Shapira seeks Board approval to continue in control of Wolf Creek upon Wolf Creek's becoming a Class III rail carrier.<sup>3</sup>

Wolf Creek certifies that its projected annual revenues as a result of this transaction will not exceed \$5 million or result in the creation of a Class II or Class I rail carrier. Wolf Creek also certifies that the lease does not impose or include an interchange commitment.

The earliest this transaction may be consummated is November 22, 2018, the effective date of the exemption (30 days after the verified notice was filed). Wolf Creek states that it expects to commence common carrier operations on January 1, 2019.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed by November 15, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36236, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Eric M. Hocky, Clark Hill PLC, One Commerce Square, 2005 Market Street, Suite 1000, Philadelphia, PA 19103.

According to Wolf Creek, this action is exempt from environmental review under 49 CFR 1105.6(c) and exempt from historic review under 49 CFR 1105.8(b).
