Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce has not calculated a weighted-average dumping margin for any respondent, there are no calculations to disclose.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written

notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Boost-Back and Landing of Falcon 9 Rockets

AGENCY: National Marine Fisheries
 Service (NMFS), National Oceanic and
 Atmospheric Administration (NOAA),
 Commerce.

ACTION: Notice; proposed incidental
 harassment authorization; request for
 comments on proposed authorization
 and possible renewal.

SUMMARY: NMFS has received a request
 from Space Exploration Technology
 Corporation (SpaceX) for authorization
 to take marine mammals incidental to
 boost-back and landing of Falcon 9
 rockets at Vandenberg Air Force Base
 (VAFB) in California, and at
 contingency landing locations in the
 Pacific Ocean. Pursuant to the Marine
 Mammal Protection Act (MMPA), NMFS
 is requesting comments on its proposal
 to issue an incidental harassment

authorization (IHA) to incidentally take
 marine mammals during the specified
 activities. NMFS is also requesting
 comments on a possible one-year
 renewal that could be issued under
 certain circumstances and if all
 requirements are met, as described in
Request for Public Comments at the end
 of this notice. NMFS will consider
 public comments prior to making any
 final decision on the issuance of the
 requested MMPA authorizations and
 agency responses will be summarized in
 the final notice of our decision.

DATES: Comments and information must
 be received no later than December 17,
 2018.

ADDRESSES: Comments should be
 addressed to Jolie Harrison, Chief,
 Permits and Conservation Division,
 Office of Protected Resources, National
 Marine Fisheries Service. Physical
 comments should be sent to 1315 East-
 West Highway, Silver Spring, MD 20910

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the “take” of
 marine mammals, with certain
 exceptions. Sections 101(a)(5)(A) and

(D) of the MMPA (16 U.S.C. 1361 *et
 seq.*) direct the Secretary of Commerce
 (as delegated to NMFS) to allow, upon
 request, the incidental, but not
 intentional, taking of small numbers of
 marine mammals by U.S. citizens who
 engage in a specified activity (other than
 commercial fishing) within a specified
 geographical region if certain findings
 are made and either regulations are
 issued or, if the taking is limited to
 harassment, a notice of a proposed
 incidental take authorization may be
 provided to the public for review.

Authorization for incidental takings
 shall be granted if NMFS finds that the
 taking will have a negligible impact on
 the species or stock(s) and will not have
 an unmitigable adverse impact on the
 availability of the species or stock(s) for
 taking for subsistence uses (where
 relevant). Further, NMFS must prescribe
 the permissible methods of taking and
 other means of effecting the least
 practicable adverse impact on the
 affected species or stocks and their
 habitat, paying particular attention to
 rookeries, mating grounds, and areas of
 similar significance, and on the
 availability of such species or stocks for
 taking for certain subsistence uses
 (referred to in shorthand as
 “mitigation”); and requirements
 pertaining to the mitigation, monitoring
 and reporting of such takings are set
 forth.

National Environmental Policy Act

To comply with the National
 Environmental Policy Act of 1969
 (NEPA; 42 U.S.C. 4321 *et seq.*) and
 NOAA Administrative Order (NAO)
 216–6A, NMFS must review our
 proposed action (*i.e.*, the issuance of an
 incidental harassment authorization)
 with respect to potential impacts on the
 human environment.

This action is consistent with
 categories of activities identified in
 Categorical Exclusion B4 (incidental
 harassment authorizations with no
 anticipated serious injury or mortality)
 of the Companion Manual for NOAA
 Administrative Order 216–6A, which do
 not individually or cumulatively have
 the potential for significant impacts on
 the quality of the human environment
 and for which we have not identified
 any extraordinary circumstances that
 would preclude this categorical
 exclusion. Accordingly, NMFS has
 preliminarily determined that the
 issuance of the proposed IHA qualifies
 to be categorically excluded from
 further NEPA review.

We will review all comments
 submitted in response to this notice
 prior to concluding our NEPA process
