

eligibility for certain beneficiary countries.

Presidential Proclamation 9813 of October 30, 2018, implements the President's decisions regarding the 2017/2018 Annual GSP Review, including CNL waivers and product redesignations. The modifications to the GSP program that were implemented by Presidential Proclamation 9813 became effective on November 1, 2018. This notice provides a summary of the results of the 2017/2018 Annual GSP Review. You can also view the results, comprising six lists, at <https://www.regulations.gov> using docket number USTR-2017-0014, under "Supporting and Related Materials" and on the USTR website at https://ustr.gov/sites/default/files/IssueAreas/gsp/Decisions%20on%202017_2018%20%20product%20review.pdf.

As described in List I, the President denied all petitions to add products to the list of GSP-eligible products for all BDCs. The products in List I, however, remain eligible for duty-free preferences for least-developed beneficiary countries only. For ease of reference, a brief description and the U.S. Harmonized Tariff Schedule (HTS) categories of the nine products included in List I follows:

1. Certain fresh pears (HTS 0808.30.40)
2. certain melon and citrus fruit peel (HTS 0814.00.80)
3. cottonseed (HTS 1207.29.00)
4. crude sunflower-seed or safflower oil (HTS 1512.11.00)
5. certain prepared or preserved apples (HTS 2008.99.05)
6. p-Anisic acid, clofibrate, and 3-phenoxybenzoic acid (HTS 2918.99.05)
7. certain aromatic carboxylic acids and their derivatives described in U.S. Note 3 (HTS 2918.99.43)
8. certain aromatic carboxylic acids and their derivatives not covered in U.S. Note 3 (HTS 2918.99.47)
9. certain rubber transmission V-belts (HTS 4010.33.30)

A complete description of the nine products is included in List I. By statute (19 U.S.C. 2463(a)(1)(C)), these products may not be reconsidered for addition to GSP for the next three years.

As described in List II, the President granted the petition to remove tart cherry juice concentrate and other cherry juice (HTS 2009.89.6011 and HTS 2009.89.6019) from GSP eligibility for Turkey. To reflect this change, cherry juice imported into the United States now falls under a new HTS category, 2009.89.65. Cherry juice from Turkey now enters the United States at the Normal Trade Relations (NTR) duty

rate in column 1 of the HTS. In addition, the President denied the petition to remove nonadhesive plates and sheets (HTS 3920.51.50) from GSP for Indonesia and Thailand. These products will continue to enter the United States duty-free.

As described in List III, the President granted a petition to redesignate ammonium perrhenate (HTS 2841.90.20) from Kazakhstan to GSP. This product now enters the United States duty-free. The remaining redesignation petitions were denied: Apple, quince and pear pastes and purees (HTS 2007.9948) from Argentina; sunflower seed oilcake (HTS 2306.30.00) from Argentina; certain odoriferous or flavoring compounds (HTS 2909.50.40) from Indonesia; fancy bovine leather (full grain, whole, unsplit) (HTS 4107.11.80) from Argentina; certain tropical plywood (HTS 4412.31.41) from Indonesia; granite monumental or building stone (HTS 6802.93.00) from India; and certain ferromanganese (HTS 7202.93.80) from Brazil. These products will continue to enter the United States at NTR duty rates and, by statute (19 U.S.C. 2463(a)(1)(C)), may not be reconsidered for addition to GSP for the next three years.

As described in List IV, three articles exceeded the CNLs in 2017 for which no petition was received and now enter the United States at the NTR duty rates. These products are ethers of acyc monohydric alcohols (HTS 2909.19.18) and refined copper (HTS 7403.19.00) from Brazil, and washing machines (HTS 8450.20.00) from Thailand.

As described in List V, the President granted three petitions for CNL waivers: (1) Edible birds' nests (HTS 0410.00.00) from Thailand; (2) lithium carbonates (HTS 2836.91.00) from Argentina; and (3) ferrosilicon chromium (HTS 7202.50.00) from Kazakhstan. These three products will continue to enter the United States duty-free. The following products did not receive a CNL waiver and are therefore subject to the NTR duty rates: Essential oils of lemon (HTS 3301.03.00) from Argentina, and monumental or building stone (HTS 6802.99.00) from Brazil.

As described in List VI, the President did not grant *de minimis* waivers to 92 products that exceeded the 50 percent import share CNL but for which the aggregate value of all U.S. imports of that article was below the 2017 *de minimis* level of \$23.5 million. These

products now enter the United States at the NTR duty rate.

SUPPLEMENTARY INFORMATION:

The FAA invites public comment on the request to release approximately 1.389 acres of airport property, at the St. Louis Lambert International Airport (STL) under the provisions of 49 U.S.C. 47107(h)(2). On June 13, 2018, the Director of Airports for the City of St. Louis, MO requested from the FAA that approximately 1.389 acres of property, be released for sale to Union Electric

(dba Ameron Missouri) for use as sub-station. On October 22, 2018, the FAA determined that the request to release property at the St. Louis Lambert International Airport (STL) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

St. Louis Lambert International Airport (STL) is proposing the release of two parcels, one parcel on Monroe Avenue contains 0.826 acres and Parcel 2 on Jefferson Avenue containing 0.563 acres for a total containing 1.389 acres. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the St. Louis Lambert International Airport (STL) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for aviation at the St. Louis Lambert International Airport.

In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at the St. Louis Lambert International Airport.
