eligibility for certain beneficiary countries.

Presidential Proclamation 9813 of October 30, 2018, implements the President’s decisions regarding the 2017/2018 Annual GSP Review, including CNL waivers and product redesignations. The modifications to the GSP program that were implemented by Presidential Proclamation 9813 became effective on November 1, 2018. This notice provides a summary of the results of the 2017/2018 Annual GSP Review. You can also view the results, comprising six lists, at https://www.regulations.gov using docket number USTR–2017–0014, under “Supporting and Related Materials” and on the USTR website at https://ustr.gov/sites/default/files/IssueAreas/gsp/Decisions%20on%202017-2018%20Product%20Review.pdf.

As described in List I, the President denied all petitions to add products to the list of GSP-eligible products for all BDCs. The products in List I, however, remain eligible for duty-free preferences for least-developed beneficiary countries only. For ease of reference, a brief description and the U.S. Harmonized Tariff Schedule (HTS) categories of the nine products included in List I follows:

1. Certain fresh pears (HTS 0808.30.40)
2. Certain melon and citrus fruit peel (HTS 0814.00.80)
3. Cottonseed (HTS 1207.29.00)
4. Crude sunflower-seed or safflower oil (HTS 1512.11.00)
5. Certain prepared or preserved apples (HTS 2008.99.05)
6. p-Anisic acid, clofibrate, and 3-phenoxycetic acid (HTS 2918.99.05)
7. Certain aromatic carboxylic acids and their derivatives described in U.S. Note 3 (HTS 2918.99.43)
8. Certain aromatic carboxylic acids and their derivatives not covered in U.S. Note 3 (HTS 2918.99.47)
9. Certain rubber transmission V-belts (HTS 4010.33.30)

A complete description of the nine products is included in List I. By statute (19 U.S.C. 2463(a)(1)(C)), these products may not be reconsidered for addition to GSP for the next three years.

As described in List II, the President granted the petition to remove tart cherry juice concentrate and other cherry juice (HTS 2009.89.6011 and HTS 2009.89.6019) from GSP eligibility for Turkey. To reflect this change, cherry juice imported into the United States now falls under a new HTS category (2009.89.65). Cherry juice from Turkey now enters the United States at the Normal Trade Relations (NTR) duty rate in column 1 of the HTS. In addition, the President denied the petition to remove nonadhesive plates and sheets (HTS 3920.51.50) from GSP for Indonesia and Thailand. These products will continue to enter the United States duty-free.

As described in List III, the President granted a petition to redesignate ammonium perchlorate (HTS 2041.90.20) from Kazakhstan to GSP. This product now enters the United States duty-free. The remaining redesignation petitions were denied: Apple, quince and pear pastes and purees (HTS 0709.90.48) from Argentina; sunflower seed oilcake (HTS 2306.30.00) from Argentina; certain odoriferous or flavoring compounds (HTS 2909.50.40) from Indonesia; fancy bovine leather (full grain, whole, unsplit) (HTS 4101.11.80) from Argentina; certain ferromonobium (HTS 7202.93.80) from Brazil. These products will continue to enter the United States at NTR duty rates and, by statute (19 U.S.C. 2463(a)(1)(C)), may not be reconsidered for addition to GSP for the next three years.

As described in List IV, three articles exceeded the CNLs in 2017 for which no petition was received and now enter the United States at the NTR duty rates. These products are ethers of acyclic monohydric alcohols (HTS 2909.19.18) and refined copper (HTS 7403.19.00) from Brazil, and washing machines (HTS 8450.20.00) from Thailand.

As described in List V, the President granted three petitions for CNL waivers: (1) Edible birds’ nests (HTS 0401.90.00) from Thailand; (2) lithium carbonates (HTS 2836.91.00) from Argentina; and (3) ferrosilicon chromium (HTS 7202.50.00) from Kazakhstan. These three products will continue to enter the United States duty-free. The following products did not receive a CNL waiver and are therefore subject to the NTR duty rates: Essential oils of lemon (HTS 3301.03.00) from Argentina, and monumental or building stone (HTS 6802.99.00) from Brazil.

As described in List VI, the President did not grant de minimis waivers to 92 products that exceeded the 50 percent import share CNL but for which the aggregate value of all U.S. imports of that article was below the 2017 de minimis level of $23.5 million. These products now enter the United States at the NTR duty rate.

Erland Herfindahl,
Deputy Assistant U.S. Trade Representative for the Generalized System of Preferences, Office of the U.S. Trade Representative.
