

deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510-437-3516, email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Rio Vista Drawbridge, mile 12.8, over the Sacramento River, at Rio Vista, CA. The drawbridge navigation span provides a vertical clearance of 18 feet above Mean High Water in the closed-to-navigation position. In accordance with 33 CFR 117.5, the draw opens on signal. Navigation on the waterway is commercial and recreational.

From November 15, 2018 to February 15, 2019, the draw shall open for recreational vessels in accordance with the following schedule: Monday through Friday, 7 a.m. to 3:30 p.m., the draw need not open for the passage of recreational vessels except between 11 a.m. and noon when the draw shall open on signal when notice is given to the bridge tender. The draw shall open on signal, Monday through Friday, 3:30 p.m. to 7 a.m. the following morning, if at least a 4-hour notification is given to the bridge tender. The draw shall open on signal from 7 a.m. on Saturday through 11:59 p.m. on Sunday when notice is given to the bridge tender.

From November 15, 2018 to February 15, 2019, the draw shall open for commercial vessels in accordance with the following schedule: The draw shall open on signal from midnight on Monday through 7 a.m. on Saturday if at least a 4-hour notification is given to the bridge tender. The draw shall open on signal from 7 a.m. on Saturday through 11:59 p.m. on Sunday when notice is given to the bridge tender.

The temporary schedule change will allow the bridge owner to conduct needed maintenance and painting on the lift span portion of the bridge. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will be able to open for emergencies in accordance with 33 CFR 117.31(b). There is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular

operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 6, 2018.

Carl T. Hausner,

District Bridge Chief, Eleventh Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2018-0371]

RIN 1625-AA00

Safety Zone; Penn's Landing Fireworks, Delaware River, Philadelphia PA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending the existing recurring fireworks safety zone on the Delaware River Adjacent to Penn's Landing in Philadelphia, Pennsylvania. This amendment allows the Coast Guard to enforce the safety zone at this location throughout the entire year. The Coast Guard will notify the public of upcoming enforcement of the zone through publication of a Notice of Enforcement in the **Federal Register** and Broadcast Notice to Mariners. This change will expedite public notification of events at the location and ensure the protection of the maritime public and event participants from the hazards associated with fireworks displays in the Delaware River adjacent to Penn's Landing.

DATES: This rule is effective December 19, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2018-0371 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Petty Officer Edmund Ofalt, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division; telephone 215-271-4814, email Edmund.J.Ofalt@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard routinely receives requests for fireworks displays in the Delaware River Adjacent to Penn's Landing in Philadelphia, Pennsylvania. As a result, the Coast Guard previously issued a rule creating a recurring safety zone location for this location, listed as entry (a)16 in the table to 33 CFR 165.506. That regulation lists possible days of anticipated enforcement as July 2nd, 3rd, 4th, or 5th; Columbus Day; December 31st, and January 1st. In recent years, however, the number of firework events at this location have significantly increased. To date in the year 2018 there have been 13 requests for fireworks events at this location—many more than the anticipated number of approximately 3 events covered by the current regulation. The additional requests fall outside the enforcement dates listed in the CFR. As a result, the Coast Guard had to issue numerous temporary safety zones to cover the additional events that fall outside of the coverage of the current regulation. In accordance with good cause exceptions found in 5 U.S.C. 553, the rules creating these temporary safety zones are generally not preceded by notice of proposed rulemaking due to the short lead-time often provided to the Coast Guard.

In response, on September 21, 2018, the Coast Guard published a notice of proposed rulemaking (NPRM) titled "Safety Zone; Penn's Landing Fireworks, Delaware River, Philadelphia PA" (83 FR 47852). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action. During the comment period that ended October 22, 2018, we received one comment.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Delaware Bay (COTP) has determined that potential hazards associated with the fireworks to be used in this type of display will be a safety concern for anyone within a 500 yard radius of the fireworks barge. The purpose of this rule is to ensure safety of vessels and the navigable waters in the safety zone before, during and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received one comment on our NPRM published September 21, 2018. The comment was supportive of the proposed rulemaking. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule revises the recurring fireworks safety zone near Penn's Landing, listed as entry (a)16 in the table to 33 CFR 165.506. Although this safety zone will be January through December each year, enforcement of the safety zone will only be for short periods of time before, during and after fireworks shows at this location. In order to promote clarity, Penn's Landing has been added to the location column of the revised regulatory text. The column defining the boundaries of the regulated area has also been updated to improve clarity and more efficiently define the regulated area. The revised safety zone will cover all navigable waters of the Delaware River within 500 yards of a fireworks barge located at approximately 39°56'49" N, longitude 075°08'11" W, adjacent to Penn's Landing, Philadelphia, Pennsylvania.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration and time of day of the safety zone. Only a small, designated area of the Delaware River will be impacted during enforcement. Consistent with the current regulatory text found in 33 CFR 165.506(d), the default time period this zone will be enforced during each

activation is between 5:30 p.m. and 1 a.m. That regulation, however, allows for modifications in this timeframe. In practice, the zone is typically activated with only a two-hour enforcement time period. During the evening, when enforcement is occurring, commercial and recreational traffic is normally low. Notification of enforcement dates and times will be made, at a minimum, to the maritime community via Notice of Enforcement published in the **Federal Register**, Broadcast Notice to Mariners, and actual notice will be provided via on-scene enforcement vessels. Notifications will be updated as necessary to keep the maritime community informed of the status of the safety zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this rule.

If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you

wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a

category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will only be enforced for a short duration and excludes vessels from entry into or remaining within a specified area on the Delaware River. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. In § 165.506, revise entry (a)16 in the table to § 165.506 to read as follows:

§ 165.506 Safety Zones; Fireworks Displays in the Fifth Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R01-OAR-2018-0099; A-1-FRL-9983-32-Region 1]

Air Plan Approval; Connecticut; Volatile Organic Compound Emissions From Consumer Products and Architectural and Industrial Maintenance Coatings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the State of Connecticut. The SIP revision amends requirements for controlling volatile organic compound (VOC) emissions from consumer products and architectural and industrial maintenance (AIM) coatings by revising Regulations of Connecticut State Agencies (RCSA)

sections 22a-174-40, 22a-174-41, and adding section 22a-174-41a. The intended effect of this action is to approve these regulations into the Connecticut SIP. This action is being taken in accordance with the Clean Air Act (CAA).

DATES: Written comments must be received on or before December 19, 2018.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R01-OAR-2018-0099. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at www.regulations.gov or at the U.S. Environmental Protection Agency, EPA Region 1, Office of Ecosystem Protection, Air Quality Planning Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are

Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

FOR FURTHER INFORMATION CONTACT: David L. Mackintosh, Air Quality Planning Unit, U.S. Environmental Protection Agency, EPA Region 1, 5 Post Office Square—Suite 100, (Mail code OEP05-2), Boston, MA 02109-3912, tel. 617-918-1584, email Mackintosh.David@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

- V. Statutory and Executive Order Reviews

I. Background and Purpose

On June 4, 2018 (83 FR 25615), EPA issued a notice of proposed rulemaking (NPR) for the State of Connecticut. In the NPR, EPA proposed approval of SIP revisions submitted by the Connecticut Department of Energy and Environmental Protection (CT DEEP) on October 18, 2017. The SIP submittal included revised sections 22a-174-40 “Consumer Products” and 22a-174-41 “Architectural and Industrial Maintenance Products—Phase 1” and adds new section 22a-174-41a
