This rule involves a safety zone that will only be enforced for a short duration and excludes vessels from entry into or remaining within a specified area on the Delaware River. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

**40 CFR Part 52**

[EPA-R01-OAR-2018-0099; A-1-FRL-9983-32-Region 1]

**Air Plan Approval; Connecticut; Volatile Organic Compound Emissions From Consumer Products and Architectural and Industrial Maintenance Coatings**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the State of Connecticut. The SIP revision amends requirements for controlling volatile organic compound (VOC) emissions from consumer products and architectural and industrial maintenance (AIM) coatings by revising Regulations of Connecticut State Agencies (RCSA)

sections 22a-174-40, 22a-174-41, and adding section 22a-174-41a. The intended effect of this action is to approve these regulations into the Connecticut SIP. This action is being taken in accordance with the Clean Air Act (CAA).

**DATES:** Written comments must be received on or before December 19, 2018.

**ADDRESSES:** EPA has established a docket for this action under Docket Identification No. EPA-R01-OAR-2018-0099. All documents in the docket are listed on the [www.regulations.gov](http://www.regulations.gov) website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at [www.regulations.gov](http://www.regulations.gov) or at the U.S. Environmental Protection Agency, EPA Region 1, Office of Ecosystem Protection, Air Quality Planning Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are

Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

**I. Background and Purpose**

On June 4, 2018 (83 FR 25615), EPA issued a notice of proposed rulemaking (NPR) for the State of Connecticut. In the NPR, EPA proposed approval of SIP revisions submitted by the Connecticut Department of Energy and Environmental Protection (CT DEEP) on October 18, 2017. The SIP submittal included revised sections 22a-174-40 “Consumer Products” and 22a-174-41 “Architectural and Industrial Maintenance Products—Phase 1” and adds new section 22a-174-41a

“Architectural and Industrial Maintenance Products—Phase 2.”

The NPR provides the rationale for EPA’s proposed approval, which will not be restated here.

## II. Response to Comments

EPA received three anonymous comments in response to the notice of proposed rulemaking. The comments address subjects outside the scope of the proposed action, do not explain (or provide a legal basis for) how the proposed action should differ in any way, and make no specific mention of the proposed action. Therefore, the comments are not germane and EPA provides no further response.

## III. Final Action

EPA is approving the October 18, 2017, CT DEEP SIP submittal consisting of revised section 22a–174–40 “Consumer Products” and 22a–174–41 “Architectural and Industrial Maintenance Products—Phase 1” and new section 22a–174–41a “Architectural and Industrial Maintenance Products—Phase 2,” all of which became effective in the State of Connecticut on October 5, 2017.

## IV. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Connecticut regulations described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents generally available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region 1 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

## V. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of

Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in

the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by January 18, 2019. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)
