voting districts (if any), and dates of birth, in an electronically sortable format.

While much of the information the tribe prepares for a Secretarial election (e.g., list of members eligible to vote) would be required if the tribe instead conducted its own tribal election, the Secretary’s rules establish specifics on what a tribal request or petition for election must contain. These specifics are necessary to ensure the integrity of Secretarial elections and allow Bureau of Indian Affairs (BIA) and tribal personnel the ability to consistently administer elections.

SUPPLEMENTARY INFORMATION: In the Draft Joint EIS/BLM RMP and BIA IRMP, the BLM and BIA analyze the environmental consequences of four alternatives under consideration for managing Federal lands and minerals within the Oklahoma-Kansas-Texas planning area. The BLM Oklahoma Field Office administers approximately 15,100 acres of public lands, including approximately 11,800 acres at the Cross Bar Management Area near Amarillo, Texas; about 3,300 acres of small tracts scattered across the planning area; and Federal lands along the 116-mile stretch of the Red River between the North Fork of the Red River and the 98th Meridian (Red River area). No exact acreages of Federal lands along the Red River are available at this time, because the full 116-mile stretch of land has not been surveyed. The Oklahoma Field Office also administers approximately 4,810,900 acres of subsurface Federal mineral estate across the planning area, including approximately 3,991,100 acres underlying surface estate managed by other Federal agencies, such as U.S. Fish and Wildlife Service, U.S. Forest Service, and National Park Service, and approximately 408,000 acres of split estate, where Federal minerals underlie private surface estate. The RMP only pertains to Federal lands and has no effect on the boundary of the Federal lands.

The BIA decision area includes approximately 394,200 surface acres and 2,033,500 mineral estate acres for the BIA Eastern Oklahoma Regional Office. Approximately 1,474,500 acres of the BIA Eastern Oklahoma Regional Office jurisdictional area is limited to...
