

to Applicant regarding factors three and four of the public interest determination. *Easter*, 69 FR at 5581 (finding that felony convictions related to distribution of controlled substances “are relevant and adverse to” applicant regarding public interest factors two, three, four, and five). Specifically, I may deny Applicant’s pending application pursuant to factor three (21 U.S.C. 823(f)(3)) alone because he has been convicted for unlawful distribution of controlled substances under the CSA. *Trenton F. Horst, D.O.*, 80 FR 41079, 41090 (2015) (holding that pursuant to 21 U.S.C. 823(f)(3), DEA “may deny a pending application for a certificate of registration upon a finding that the applicant has been convicted of a felony related to controlled substances under state or federal law”). In the same vein, Applicant’s conviction for violating the CSA also reflects his lack of “[c]ompliance with applicable . . . Federal . . . laws relating to controlled substances” under factor four, 21 U.S.C. 823(f)(4). Accordingly, I find that the Government’s evidence of Applicant’s convictions is adverse to Applicant with respect to public interest factors three and four and thus establishes that granting Applicant’s application “would be inconsistent with the public interest.” 21 U.S.C. 823(f); *Arvinder Singh, M.D.*, 81 FR 8247–48 & n.2 (2016) (affirming ALJ’s finding that respondent’s felony convictions in violation of the CSA implicated multiple public interest factors (including factors three and four) and thus warranted denial of his application as inconsistent with the public interest).

For all these reasons, and because Applicant failed to respond to the Show Cause Order and thus has failed to offer any evidence to the contrary, I will order that his application be denied.

Order

Pursuant to the authority vested in me by 21 U.S.C. 823(f), as well as 28 CFR 0.100(b), I order that the application of Edward A. Ridgill, M.D., for a DEA Certificate of Registration as a practitioner be, and it hereby is, denied. This Order is effective immediately.

Dated: October 31, 2018.

Uttam Dhillon,

Acting Administrator.

Placement of these drug codes onto the company's registration does not translate into automatic approval of subsequent permit applications to import controlled substances. Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized under 21 U.S.C. 952(a)(2).

Authorization will not extend to the import of FDA approved or non-approved finished dosage forms for commercial sale.
