Federal Travel Regulation; Transportation Network Companies (TNC), Innovative Mobility Technology Companies, and Reporting Travel, Transportation, and Relocation Costs

AGENCY: Office of Government-wide Policy (OGP), General Services Administration (GSA).

ACTION: Direct final rule; request for comments.

SUMMARY: GSA is amending the Federal Travel Regulation (FTR) by adding terms and definitions for “innovative mobility technology company”, “taxi”, and “transportation network company (TNC)”, and designating “innovative mobility technology company” and “TNC” as forms of special conveyances. In addition, this direct final rule adds a due date by which agencies must report travel, transportation, and relocation costs and data to GSA. These actions are required by the Modernizing Government Travel Act.

DATES: This rule is effective on February 20, 2018 without further notice, unless GSA receives adverse comments by February 5, 2018.

GSA will consider whether these comments are significant enough to publish a timely withdrawal in the **Federal Register** informing the public that this direct final rule will not take effect. Please see **SUPPLEMENTARY INFORMATION** for more information on significant adverse comments.

SUPPLEMENTARY INFORMATION:

A. Public Participation

GSA is publishing this direct final rule without a prior proposed rule because this is a noncontroversial action required by statute, and GSA anticipates no significant adverse comments.

A significant adverse comment is defined as one where the comment explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. In determining whether a significant adverse comment is sufficient to terminate a direct final rulemaking, GSA will consider whether the comment raises an issue serious enough to warrant a substantive response in a notice-and-comment process. GSA notes that comments that are frivolous, insubstantial, or outside the scope of the rule would not be considered adverse under this procedure. A comment recommending a rule change in addition to the rule would not be considered a significant adverse comment, unless the comment states why the rule would be ineffective without the additional

change. In addition, if a significant adverse comment applies to part of a rule and that part can be severed from the remainder of the rule (*e.g.*, where a rule deletes several unrelated regulations), GSA may adopt as final those parts of the rule that are not the subject of a significant adverse comment. For further information about commenting on this rule, please see the **ADDRESSES** section of this document.

B. Authority for This Rulemaking

With the passage of Public Law (Pub. L.) 115–34, the Modernizing Government Travel Act (May 16, 2017), the Administrator of General Services was mandated to prescribe regulations to provide for reimbursement for the use of a TNC or innovative mobility technology company by Federal employees traveling on official business under title 5, chapter 57, subchapter I of the United States Code. In addition, Public Law 115–34 establishes a due date by which all Federal agencies must report travel, transportation, and relocation costs and data to the Administrator of General Services.

C. Background

In recent years, a new kind of transportation service provider, known as TNCs, have begun operating across the United States and the world. TNCs connect paying passengers with drivers for hire via websites and mobile applications (“apps”). TNCs are a form of special conveyance under the Federal Travel Regulation (FTR), and when permissible under local laws and ordinances, may be an efficient and cost-effective alternative to taxis or rental cars.

D. Discussion of Changes and Expected Impact of This Rule

As a result of Public Law 115–34, this direct final rule amends the FTR by defining the terms “innovative mobility technology company” and “TNC” and listing them as special conveyances. This direct final rule also defines the word “taxi” and will treat “taxi” and “TNC” as synonymous in that both are used to transport passengers for hire. These changes will explicitly authorize Federal agencies to reimburse employees for use of TNCs and innovative mobility technology companies while on official travel. The changes from this final direct rule will bring the Federal Travel Regulation more in line with modern transportation service trends and practices.

Additionally, this direct final rule adds the statutory due date for agency reporting of travel, transportation, and relocation costs and data to GSA. GSA

will consolidate this data and report an analysis of it to the Office of Management and Budget (OMB) and Congress. GSA will work with stakeholders to evaluate this data and the travel programs to shape future policy decisions. These decisions may incorporate new technologies to enable efficient travel by Federal employees. Finally, all data submitted to GSA based upon changes in this direct final rule will be transparent, published, and available for public use along with the summarized data that is delivered to OMB and Congress.

E. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives, and if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This direct final rule is a significant regulatory action and is subject to review by OIRA under section 6(b) of Executive Order 12866. GSA has further determined that this direct final rule is not a major rule under 5 U.S.C. 804.

F. Executive Order 13771

This final rule is not subject to the requirements of E.O. 13771 (82 FR 9339, February 3, 2017) because it is related to agency organization, management, or personnel.

G. Regulatory Flexibility Act

This direct final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* This direct final rule is also exempt from the Administrative Procedure Act pursuant to 5 U.S.C. 553(a)(2) because this direct final rule involves matters relating to agency management or personnel.

H. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FTR do not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget (OMB) under 44 U.S.C. 3501, *et seq.*

I. Small Business Regulatory Enforcement Fairness Act

This direct final rule is also exempt from Congressional review prescribed under 5 U.S.C. 801. This direct final rule is not a major rule under 5 U.S.C. 804.
