Title: Importation of Fresh Peppers from Peru Into the Continental United States and the Territories.

OMB Control Number: 0579-0434.

Summary of Collection: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–83).

Need and Use of the Information: The regulations in § 319.56–73 allow the importation of fresh peppers into the continental United States and the Territories from Peru. As a condition of entry, the peppers must be produced in accordance with a systems approach that includes requirements for operational workplans, quality control programs, fruit fly trapping, pre-harvest production site inspections, production site and packinghouse registration, emergency action notifications, notices of arrival for imports, and packinghouse procedures designed to exclude quarantine pests. The peppers are also required to be imported in commercial consignments and accompanied by a phytosanitary certificate issued by the national plant protection organization (NPPO) of Peru with an additional declaration stating that the consignment was produced in accordance with the systems approach outlined in the regulations. These actions allow for the importation of fresh peppers from Peru while continuing to provide protection against the introduction of plant pests into the United States and the Territories.

AGENCY: Bureau of Industry and Security, Office of Technology Evaluation, U.S. Department of Commerce.

ACTION: Notice on procedures for requesting participation in user testing phase.

SUMMARY: The Department of Commerce has developed an online portal that will

In order to improve the 232 exclusion process, the Department of Commerce plans to transition to the new Commerce 232 portal sometime in late 2018 to early 2019. This notice describes the process for the public to submit requests to participate in the public testing phase of the new Commerce 232 portal, and the procedures for attending the public testing.

SUPPLEMENTARY INFORMATION:

Background

Two components of the Department of Commerce, the Bureau of Industry and Security (BIS) and the International Trade Administration (ITA), have developed a new Commerce 232 portal to facilitate parties' ability to make 232 exclusion-related submissions, and the Department of Commerce's management of the 232 exclusion process. The new Commerce 232 portal will replace the use of the Federal rulemaking portal (<http://www.regulations.gov>) for parties submitting exclusion requests, objections to exclusions requests, rebuttals, and surrebuttals under the 232 exclusion process. The new portal will streamline the exclusion process for external parties, including importers and domestic manufacturers, by replacing the data collection point with web-based forms, which will enhance data integrity and quality controls. In addition, this new system will allow parties to more easily view all exclusion
