Forged Steel Fittings From the People’s Republic of China: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing a countervailing duty order on forged steel fittings from the People’s Republic of China (China).

FOR FURTHER INFORMATION CONTACT: Brian Smith or Janae Martin, AD/CVD Operations, Office VIII, Enforcement

and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482–1766 or (202) 482–0238, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 5, 2018, Commerce published its final determination in the countervailing duty investigation of forged steel fittings from China. On November 19, 2018, the ITC notified Commerce of its final determination, pursuant to section 705(d) of the Act, that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act, by reason of subsidized imports of forged steel fittings from China.

Scope of the Order

The products covered by this order are forged steel fittings from China. For a complete description of the scope of this order, see the Appendix to this notice.

Countervailing Duty Order

On November 19, 2018, in accordance with section 705(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that imports of forged steel fittings are materially injuring a U.S. industry. Therefore, in accordance with section 705(c)(2) of the Act, we are publishing this countervailing duty order.

As a result of the ITC’s final determination, in accordance with section 706(a) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties on unliquidated entries of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after March 14, 2018, the date on which Commerce published its preliminary countervailing duty determination in the Final Determination with Final Antidumping Duty Determination, 83 FR 50342 (October 5, 2018) (Final Determination).

1 See Forged Steel Fittings from the People’s Republic of China: Preliminary Affirmative Antidumping Duty Determination, 83 FR 4850 (February 6, 2018).

For further information, see also Forged Steel Fittings from China and Italy (Inv. Nos. 701–TA–589 and 731–TA–1394–1395, Final, USITC Publication 4850, November 2018).

Notification of Countervailing Duty Order

This notice constitutes the countervailing duty order with respect to forged steel fittings from China pursuant to section 706(a) of the Act. Interested parties can find a list of countervailing duty orders currently in effect in the Federal Register, and before July 11, 2018, the effective date on which Commerce instructed CBP to discontinue the suspension of liquidation in accordance with section 703(d) of the Act. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Therefore, entries of subject merchandise from China made on or after July 11, 2018, and prior to the date of publication of the ITC’s final determination in the Federal Register are not liable for the assessment of countervailing duties due to Commerce’s discontinuance of the suspension of liquidation.

Suspension of Liquidation

In accordance with section 706 of the Act, Commerce will direct CBP to reinstitute the suspension of liquidation of subject merchandise from China, effective the date of publication of the ITC’s notice of final determination in the Federal Register, and to assess, upon further instruction by Commerce pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rates for the subject merchandise. On or after the date of publication of the ITC’s final injury determination in the Federal Register, we will instruct CBP to require, at the same time as importers would normally deposit estimated duties on this merchandise, cash deposits for each entry of subject merchandise equal to the rates noted below. These instructions suspending liquidation will remain in effect until further notice. The all others rate applies to all producers or exporters not specifically listed, as appropriate.

The ITC notified Commerce of its final determinations, pursuant to section 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of LTFV imports of forged steel fittings from Italy and China.2

Scope of the Orders 3

The products covered by these orders are forged steel fittings from Italy and China. For a complete description of the scope of these orders, see the Appendix to this notice.

Antidumping Duty Orders

On November 19, 2018, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determinations in these investigations, in which it found that an industry in the United States is materially injured by reason of imports of forged steel fittings from Italy and China.4 Therefore, in accordance with section 735(c)(2) of the Act, Commerce is issuing these antidumping duty orders. Because the ITC determined that imports of forged steel fittings from Italy and China are materially injuring a U.S. industry, unliquidated entries of such merchandise from Italy and China, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties. Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further information from Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of forged steel fittings from Italy and China. The exception of entries occurring after the expiration of the provisional measures period and before publication of the ITC’s final affirmative injury determinations, as further described below, antidumping duties will be assessed on unliquidated entries of forged steel fittings from Italy and China entered, or withdrawn from warehouse, prior to November 26, 2018.
