collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the OST; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the OST enhance the quality, utility, and clarity of the information to be collected; and (5) how might the OST minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: This notice is for renewal of information collection under OMB regulations at 5 CFR part 1320 that implement the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 et seq. These regulations require interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d)). This notice identifies an information collection activity that the OST is submitting to OMB for renewal. Public Law 103–412, The American Indian Trust Fund Management Reform Act of 1994, allows Indian tribes to voluntarily take their funds out of trust status with the Department of the Interior (and the Federal Government) in order to manage such funds on their own. 25 CFR part 1200, subpart B, Sec. 1200.13, “How does a tribe apply to withdraw funds?” describes the requirements for application for withdrawal. The Act covers all tribal trust funds including judgment funds as well as some settlements funds, but excludes funds held in Individual Indian Money accounts. Both the Act and the regulations state that upon withdrawal of the funds, the Department of the Interior (and the Federal Government) have no further liability for such funds. Accompanying their application for withdrawal of trust funds, tribes are required to submit a Management Plan for managing the funds being withdrawn, to protect the funds once they are out of trust status.

This information collection allows the OST to collect the tribes’ applications for withdrawal of funds held in trust by the Department of the Interior. If OST did not collect this information, the OST would not be able to comply with the American Indian Trust Fund Management Reform Act of 1994, and tribes would not be able to withdraw funds held for them in trust by the Department of the Interior.

BILLING CODE 4334–63–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–589 and 731–TA–1394–1395 (Final)]

Forged Steel Fittings From China and Italy

Determinations

On the basis of the record 1 developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of forged steel fittings from China and Italy that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”), and to be subsidized by the government of China.

Background

The Commission instituted these investigations effective October 5, 2017, following receipt of a petition filed with the Commission and Commerce by Bonney Forge Corporation, Mount Union, Pennsylvania, and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, Pittsburgh, Pennsylvania. Effective May 17, 2018, the Commission established a general schedule for the conduct of the final phase of its investigations on forged steel fittings, following notification of preliminary determinations by Commerce that imports of forged steel fittings from China, Italy, and Taiwan were being sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673(b)).2 Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission,

1 The record is defined in sec. 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
