Background

On September 12, 2017, DOT released *Automated Driving Systems (ADS) 2.0: A Vision for Safety* and requested public comment. *ADS 2.0*, which includes Voluntary Guidance for ADS and Technical Assistance to States, aims to support industry, government officials, safety advocates, and the public. *ADS 2.0* responds to public comments, advances a voluntary guidance framework, and assures industry, the States, and the public that the Department will remain a leader in innovation and safety. The full *Automated Driving Systems 2.0: A Vision for Safety* can be found at www.transportation.gov/av. DOT plans to release a third iteration of the guidance, AV 3.0, in 2018, which responds to feedback provided on 2.0 and provides a framework for automation in the surface transportation system.

Meeting Agenda

This public meeting is being held during the *Automated Vehicles 3.0* open comment period and provides an opportunity for individuals and stakeholders to express feedback on that draft framework. Input received at the public meeting may be used to make any necessary clarifications to the draft AV 3.0 Framework, or a future version of the automated vehicle guidance. As appropriate, OST will post clarification information on www.transportation.gov/av. The draft meeting agenda is as follows:
