BILLING CODE P

**OFFICE OF THE DIRECTOR OF
 NATIONAL INTELLIGENCE**

**Privacy Act of 1974; System of
 Records**

AGENCY: Office of the Director of
 National Intelligence (ODNI).

ACTION: Notice of a new system of
 records.

SUMMARY: ODNI provides notice that it
 is establishing one new Privacy Act
 system of records at the National
 Counterintelligence and Security Center
 (NCSC). This new system of records is
 titled the NCSC Continuous Evaluation
 System, also identified as ODNI/NCSC-
 003. This notice is necessary to inform
 the public of the existence and character
 of records that the agency maintains.

Continuous Evaluation (CE) is a
 personnel security investigative process
 used to review the continued eligibility
 of individuals who have been
 determined eligible for access to
 classified information or to hold a
 sensitive position. Individuals subject to
 CE include current Executive Branch
 employees, detailees, contractors, and
 other sponsored individuals who are
 cleared for access to classified
 information or to hold a sensitive
 position. The Departments and Agencies
 (D/As) that sponsor these individuals
 for access to classified information or to
 hold a sensitive position “enroll” the
 individuals (enrollees) for CE by
 electronically entering their identifying
 information into a technical system that
 carries out the CE capability.

All D/As are required to submit their
 qualifying populations to CE. D/As may
 choose to develop a technical CE system
 of their own, or subscribe to CE services
 provided by another agency. The ODNI/
 NCSC will provide CE services to
 subscribing agencies. The NCSC CE
 System leverages electronic checks of

government and commercial databases
 and, based on automated business rules,
 transmits alerts and reports to the
 enrolling D/A. Datasets queried in the
 CE process are those that contain
 security-relevant information, *e.g.*,
 government-owned financial, law
 enforcement, terrorism, foreign travel,
 and current clearance status
 information. Credit data and
 commercially-obtained aggregated data
 also is utilized. On receipt of the
 electronic prompt, the personnel
 security function at the enrolling agency
 verifies that the alert or report received
 pertains to the enrollee (the subject of
 the electronic queries). Where the
 agency verifies that the alert or report
 pertains to the enrollee, appropriate
 personnel security officials review the
 nature of the alert or report to determine
 the need for further investigation, as
 dictated by Federal Investigative
 Standards requirements. Information
 obtained through the follow-on
 investigation is considered in
 adjudicating the enrollee’s continued
 eligibility for access to classified
 information or to hold a sensitive
 position.

The NCSC CE System retains the
 enrollment information (personal
 identifiers as provided by the enrolling
 D/A) in order to facilitate ongoing CE
 checks. The system does not retain the
 records returned from the electronic
 database queries beyond the time
 needed to ensure proper electronic
 delivery to the enrolling agency. Data
 necessary to implement CE business
 rules, to perform program assessments,
 and to satisfy auditing requirements will
 be retained.

D/As conducting CE will adhere to
 the principles articulated in the Security
 Executive Agent Directive (SEAD)
 relating to CE (*i.e.*, SEAD 6). A SEAD
 provides high level guidance and
 instruction for the conduct of a
 personnel security process. SEAD 6
 establishes policy and requirements
 specifically related to CE.

DATES: This System of Records will go
 into effect on December 31, 2018, unless
 comments are received that result in a
 contrary determination.

ADDRESSES: You may submit comments
 by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>.

Email: transparency@dni.gov.

Mail: Director, Information
 Management Division, Strategy &
 Engagement, ODNI, Washington, DC
 20511.

FOR FURTHER INFORMATION CONTACT:
 Director, Information Management
 Division, Strategy & Engagement, Office

of the Director of National Intelligence,
 at the addresses provided above.

SUPPLEMENTARY INFORMATION: The NCSC
 CE System implements the requirements
 of Executive Orders 12968, as amended
 (Access to Classified Information) and
 13467, as amended, (Reforming
 Processes Related to Suitability for
 Government Employment, Fitness for
 Contractor Employees, and Eligibility
 for Access to Classified National
 Security Information).

To protect classified and sensitive
 personnel or law enforcement
 information covered by this new system
 of records, the Director of National
 Intelligence (DNI) is proposing to
 exempt this system from certain
 requirements of the Privacy Act where
 necessary, as permitted by law.
 Accordingly, as required by the Privacy
 Act, a proposed rule is being published
 concurrently with this notice seeking
 public comment regarding exemptions
 claimed for this system. By previously
 established rule, the DNI may exercise
 derivative exemption authority by
 preserving the exempt status of records
 received from providing agencies when
 the reason for the exemption remains
 valid. See 32 CFR part 1701.20 (a)(2) (73
 FR 16531, 16537).

PURPOSE(S) OF THE SYSTEM:

Records in this system of records are collected for the purpose of electronically comparing enrollee identifying data against specified U.S. Government (financial, law enforcement, terrorism, foreign travel, and clearance status) databases and credit and commercial databases. The comparison serves to identify security-relevant conduct, practices, activities, or incidents that personnel security professionals can use, consistent with the Federal Investigative Standards, to determine an enrollee's continued eligibility for access to classified information or to hold a sensitive position.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Executive Branch employees, detailees, contractors, and other sponsored individuals who have been determined to be eligible for access to classified information or eligible to hold a sensitive position.

CATEGORIES OF RECORDS IN THE SYSTEM:

This system maintains (i) biographic enrollment data including name, date and place of birth, fingerprints, social security number, gender, current address, other first or last names, prior address(es), personal email address(es) and phone numbers, passport information, employment type (contractor/government) or other status, and; (ii) data returned from or about the automated record checks conducted against current clearance status information and against financial, law enforcement, credit, terrorism, foreign travel, and commercial databases.

RECORD SOURCE CATEGORIES:

Record source categories include government-owned financial, law enforcement, terrorism, foreign travel databases, and current clearance status information, as well as credit and commercial entities, and providers of aggregated public source data.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

The following routine uses, which have programmatic, law enforcement, or oversight purposes, apply to this system of records:

(i) Except as noted on Standard Forms 85 and 86 and supplemental forms thereto (questionnaires for employment in, respectively, "non-sensitive" and "national security" positions within the Federal Government), a record that on its face or in conjunction with other information indicates or relates to a violation or potential violation of law, whether civil, criminal, administrative, or regulatory in nature, and whether arising by general statute, particular program statute, regulation, rule, or order issued pursuant thereto, may be disclosed as a routine use to an appropriate federal, state, territorial, tribal, local law enforcement authority, foreign government, or international law enforcement authority, or to an appropriate regulatory body charged with investigating, enforcing, or prosecuting such violations;

(iv) A record from this system of records may be disclosed to the Department of Justice when (a) the ODNI, or any component thereof; or (b) any employee of the ODNI in his or her official capacity; or (c) any employee of the ODNI in his or her individual capacity where the Department of Justice has agreed to represent the employee; or (d) the United States, where the ODNI determines that litigation is likely to affect the agency, or any of its components, is a party to litigation or has an interest in such litigation, and the use of such records by the Department of Justice is deemed by the agency to be relevant and necessary to the litigation provided, however, that

in each case, the agency determines that disclosure of the records to the Department of Justice is a use of the information contained in the records that is compatible with the purpose for which the records were collected.

(v) A record from a system of records maintained by the ODNI may be disclosed as a routine use to representatives of the Department of Justice and other U.S. Government entities, to the extent necessary to obtain advice on any matter within the official responsibilities of such representatives, and the responsibilities of the ODNI;

(x) A record from a system of records maintained by the ODNI may be disclosed as a routine use to any federal agency that has provided employee enrollment data to the ODNI for purposes of conducting continuous evaluation when records obtained by ODNI are relevant to the enrolling agency's adjudication of the employee's continued eligibility for access to classified information or to hold a sensitive position.

(xi) A record from a system of records maintained by the ODNI may be disclosed as a routine use to appropriate agencies, entities, and persons when (1) ODNI suspects or has confirmed that there has been a breach of the system of records; (2) ODNI has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, ODNI (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Department's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.
