

Commerce is also amending the *Amended Final Results 2008–2009* with respect to CPI. In particular, Commerce is amending its previous rescission of the administrative review and is no longer rescinding the review with respect to CPI but, instead, is issuing final results of review with respect to CPI. Moreover, Commerce intends to issue instructions to CBP to liquidate entries entered under CPI's 23 combination rates as follows. For the 10 combination rates that CPI does not acknowledge using, Commerce intends to instruct CBP to liquidate entries under those 10 combination rates at the China-wide rate of 118.04 percent because the record evidence demonstrates that none of the companies associated with these 10 combination rates made the relevant export sale. For the 10 combination rates that CPI does acknowledge using and for which each producer had knowledge the merchandise was destined for the United States, Commerce intends to instruct CBP to liquidate entries under those 10 combination rates at the separate rate of 15.43 percent, determined for each respective producer during the administrative review. For the remaining three combination rates, Commerce intends to instruct CBP to liquidate such entries at the rate in effect at the time of entry, because the three producers at issue were not included in the final results of the administrative review.

In the event that the CIT's ruling is not appealed, or, if appealed, is upheld by a final and conclusive court decision, Commerce will instruct CBP to assess antidumping duties in accordance with the above.

Cash Deposit Requirements

The cash deposit rates for Stanley and the 22 Separate Rate Companies have changed as a result of subsequent administrative reviews. Therefore, this amended final results does not change the later-established cash deposit rates for these companies.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on stainless steel bar (SSB) from Spain, in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).¹ The review covers one producer/exporter of the subject merchandise, Sidenor. When the review was initiated, the period of review (POR) was March 1, 2017, through February 28, 2018. However, on October 3, 2018, as a result of a five-year (sunset) review, Commerce revoked the antidumping duty order on imports of stainless steel bar (SSB) from Spain, effective August 9, 2017.² As a result, the POR was revised to March 1, 2017, through August 8, 2017.³

Scope of the Order

The merchandise subject to the order is SSB. The SSB subject to the order is currently classifiable under subheadings

¹ See *Amended Final Determination and Antidumping Duty Order: Stainless Steel Bar From Spain*, 60 FR 11656 (March 2, 1995) (*Order*).

² See *Stainless Steel Bar from Brazil, India, Japan, and Spain: Continuation of Antidumping Duty Order (India) and Revocation of Antidumping Duty Orders (Brazil, Japan, and Spain)*, 83 FR 49910 (October 3, 2018) (*Revocation Notice*).

While the HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. A full description of the scope of the order is contained in the Preliminary Decision Memorandum.⁴

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Act. Constructed export price and export price were calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and to all parties in Commerce's Central Records Unit, located at room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/index.html>. A list of the topics discussed in the Preliminary Decision Memorandum is attached at the Appendix to this notice.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for Sidenor for the period March 1, 2017, through August 8, 2017.

Producer/exporter	Weighted-average dumping margin (percent)
Sidenor Aceros Especiales, S.L.	1.76

Public Comment

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.⁶ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance. All documents must be filed electronically using ACCESS, which is available to registered users at <http://access.trade.gov>. An electronically filed request must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time, within 30 days after the date of publication of this notice.⁸ Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1) and (2).

Assessment Rates

Upon issuance of the final results, Commerce shall determine and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries covered by this revised POR. If Sidenor's weighted-average dumping margin continues to be above *de minimis* in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁹ If Sidenor's

weighted-average dumping margin is zero or *de minimis* in the final results of this review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*.¹⁰

For entries of subject merchandise during the POR produced by Sidenor for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company or companies involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

In the *Revocation Notice*, Commerce stated that it would issue instructions to CBP to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of subject merchandise, entered or withdrawn from warehouse, on or after August 9, 2017.¹¹ On October 19, 2018, Commerce issued liquidation instructions to CBP.¹² Furthermore, because the antidumping duty order on SSB from Spain has been revoked as a result of the *Revocation Notice*, Commerce will not issue cash deposit instructions at the conclusion of this administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1) and 351.221(b)(4).
