

compliance with 40 CFR part 63, subpart MMM.

*Form numbers:* None.

*Respondents/affected entities:*

Owners and operators of pesticides active ingredient production operations.

*Respondent's obligation to respond:*

Mandatory (40 CFR part 63, subpart MMM).

*Estimated number of respondents:* 18.

*Frequency of response:* Initially, quarterly, and semiannually.

*Total estimated burden:* 12,100 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$1,350,000 (per year), which includes \$26,500 in annualized capital/startup and/or operation & maintenance costs.

*Changes in the estimates:* There is a decrease in the total capital/startup cost and O&M cost due to a correction. This ICR corrects an error in the capital/startup cost calculation in the previous ICR, as existing sources are not expected to incur capital/startup costs associated with purchasing PRD electronic indicators. There is also a small adjustment increase in the estimated labor hours due to a change in assumption. This ICR assumes all existing sources will take some time to re-familiarize with the regulations each year.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1207]

### Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the

information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments should be submitted on or before February 11, 2019. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Cathy Williams, FCC, via email: [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-1207.

*Title:* Sections 25.701, Other DBS Public Interest Obligations, and 25.702, Other SDARS Public Interest Obligations.

*Form Number:* None.

*Type of Review:* Extension of an existing collection.

*Respondents:* Business or other for profit entities.

*Number of Respondents and Responses:* 3 respondents and 3 responses.

*Estimated Hours per Response:* 18 hrs.

*Frequency of Response:* On occasion reporting requirement, Recordkeeping requirement, Third party disclosure requirement.

*Total Annual Burden:* 54 hours.

*Total Annual Cost:* \$592.

*Obligation to Respond:* Required to be obtained or retained for benefits. The statutory authority for this information collection is contained in sections 154, 301, 302, 303, 307, 309, 319, 332, 605, and 721 of the Communications Act of 1934, as amended.

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Privacy Act Assessment:* The Commission prepared a system of records notice (SORN), FCC/MB-2, "Broadcast Station Public Inspection Files," that covers the PII contained in the broadcast station public inspection files located on the Commission's website. The Commission will revise appropriate privacy requirements as necessary to include any entities and information added to the online public file in this proceeding.

*Needs and Uses:* In 2012, the Commission replaced the decades-old requirement that commercial and noncommercial television stations maintain public files at their main studios with a requirement to post most of the documents in those files to a central, online public file hosted by the Commission. On January 28, 2016, the Commission adopted a Report and Order ("R&O") in MB Docket No. 14-127, FCC 16-4, In the Matter of Expansion of Online Public File Obligations to Cable and Satellite TV Operators and Broadcast and Satellite Radio Licensees, expanding the requirement that public inspection files be posted to the FCC-hosted online public file database to satellite TV (also referred to as "Direct Broadcast Satellite" or "DBS") providers and to satellite radio (also referred to as "satellite Digital Audio Radio Services" or "SDARS") licensees, among other entities. The Commission stated that its goal is to make information that these entities are already required to make publicly available more accessible while also reducing costs both for the government and the public sector. The Commission took the same general approach to transitioning these entities to the online file that it took with television broadcasters in 2012, tailoring the requirements as necessary to the different services. The Commission also took similar measures to minimize the effort and cost entities must undertake to move their public files online. Specifically, the Commission required entities to upload to the online public file only documents that are not already on file with the Commission or that the Commission maintains in its own database. The Commission also exempted existing political file material from the online file requirement and required that political file documents be uploaded only on a going-forward basis.

The Commission first adopted a public inspection file requirement for broadcasters more than 40 years ago. The public file requirement grew out of Congress' 1960 amendment of Sections 309 and 311 of the Communications Act of 1934. Finding that Congress, in enacting these provisions, was guarding

“the right of the general public to be informed, not merely the rights of those who have special interests,” the Commission adopted the public inspection file requirement to “make information to which the public already has a right more readily available, so that the public will be encouraged to play a more active part in dialogue with broadcast licensees.” The information provided in the public file enables citizens to engage in an informed dialog with their local video provider or to file complaints regarding provider operations. Satellite TV (also known as “Direct Broadcast Satellite” or “DBS”) providers and satellite radio (also referred to as “Satellite Digital Audio Radio Services” or “SDARS”) licensees have public and political file requirements modeled, in large part, on the longstanding broadcast requirements. With respect to DBS providers, the Commission adopted public and political inspection file requirements in 1998 in conjunction with the imposition of certain public interest obligations, including political broadcasting requirements, on those entities. DBS providers were required to “abide by political file obligations similar to those requirements placed on terrestrial broadcasters and cable systems” and were also required to maintain a public file with records relating to other DBS public interest obligations. The Commission imposed equal employment opportunity and political broadcast requirements on SDARS licensees in 1997, noting that the rationale behind imposing these requirements on broadcasters also applies to satellite radio.

The information collection requirements contained in 47 CFR 25.701(d) require each DBS provider to keep and permit public inspection of a complete and orderly record (political file) of all requests for DBS origination time made by or on behalf of candidates for public office, together with an appropriate notation showing the disposition made by the provider of such requests, and the charges made, if any, if the request is granted. The disposition includes the schedule of time purchased, when the spots actually aired, the rates charged, and the classes of time purchased. Also, when free time is provided for use by or on behalf of candidates, a record of the free time provided is to be placed in the political file. All records required to be retained by this section must be placed in the political file as soon as possible and retained for a period of two years. DBS providers must make available, by fax, email, or by mail upon telephone

request, copies of documents in their political files and assist callers by answering questions about the contents of their political files. If a requester prefers access by mail, the DBS provider must pay for postage but may require individuals requesting documents to pay for photocopying. If a DBS provider places its political file on its website, it may refer the public to the website in lieu of mailing copies.

Any material required to be maintained in the political file must be made available to the public by either mailing or website access or both.

The information collection requirements contained in 47 CFR 25.701(d) require DBS providers to place all new political file material required to be retained by this section in the online file hosted by the Commission.

47 CFR 25.701(f)(6) information collection requirements require each DBS provider to maintain a public file containing a complete and orderly record of quarterly measurements of: Channel capacity and yearly average calculations on which it bases its four percent reservation, as well as its responses to any capacity changes; a record of entities to whom noncommercial capacity is being provided, the amount of capacity being provided to each entity, the conditions under which it is being provided and the rates, if any, being paid by the entity; and a record of entities that have requested capacity, disposition of those requests and reasons for the disposition. All records required by this provision must be placed in a file available to the public as soon as possible and be retained for a period of two years.

47 CFR 25.701(f)(6) to require DBS providers to place all public file material required to be retained by this section in the online file hosted by the Commission. Each DBS provider must place in the online file the records required to be placed in the public inspection file by 47 CFR 25.701(e)(commercial limits in children’s programs) and by 47 CFR 25.601 and Part 76, Subpart E (equal employment opportunity requirements) and retain those records for the period required by those rules. In addition, each DBS provider is required to provide a link to the public inspection file hosted on the Commission’s website from the home page of its own website, if the provider has a website, and provide on its website contact information for a representative who can assist any person with disabilities with issues related to the content of the public files. Each DBS provider is also required to include in the online public

file the name, phone number, and email address of the licensee’s designated contact for questions about the public file. In addition, each DBS provider must place the address of the provider’s local public file in the Commission’s online file unless the provider has fully transitioned to the FCC’s online public file (e.g., posts to the FCC’s online file database all public and political file material required to be maintained in the public inspection file) and also provides online access via the provider’s own website to back-up political file material in the event the online file becomes temporarily unavailable.

47 CFR 25.702(b) requires each SDARS licensee to maintain a complete and orderly record (political file) of all requests for SDARS origination time made by or on behalf of candidates for public office, together with the disposition made by the provider of such requests, and the charges made, if any, if the request is granted. The disposition must include the schedule of time purchased, when the spots actually aired, the rates charged, and the classes of time purchased. Also, when free time is provided for use by or on behalf of candidates, a record of the free time provided is to be placed in the political file. SDARS licensees are required to place all records required by this section in the political file as soon as possible and retain the record for a period of two years.

The information collection requirements contained in 47 CFR 25.702(c) require each SDARS applicant or licensee to place in the online file hosted by the Commission the records required to be placed in the public inspection file by 47 CFR 25.601 and 73.2080 (equal employment opportunities) and to retain those records for the period required by those rules. Each SDARS licensee must provide a link to the public inspection file hosted on the Commission’s website from the home page of its own website, if the licensee has a website, and provide on its website contact information for a representative who can assist any person with disabilities with issues related to the content of the public files. Each SDARS licensee is also required to include in the online public file the name, phone number, and email address of the licensee’s designated contact for questions about the public file. In addition, each SDARS licensee must place the address of the provider’s local public file in the Commission’s online file unless the provider has fully transitioned to the FCC’s online public file (*i.e.*, posts to the Commission’s online public file all

public and political file material required to be maintained in the public inspection file) and also provides online access via the licensee's own website to back-up political file material in the event the online file becomes temporarily unavailable.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0265]

### Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

**DATES:** Written comments should be submitted on or before February 11, 2019. If you anticipate that you will be

submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Cathy Williams, FCC, via email: *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

#### SUPPLEMENTARY INFORMATION:

*OMB Control Number:* 3060-0265.

*Title:* Section 80.868, Card of Instructions.

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities, not-for-profit institutions and state, local or tribal government.

*Number of Respondents:* 4,506 respondents; 4,506 responses.

*Estimated Time per Response:* 10 minutes (0.167 hours).

*Frequency of Response:* Third party disclosure requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 154, 303, 307(e), 309 and 332.

*Total Annual Burden:* 753 hours.

*Total Annual Cost:* No cost.

*Privacy Impact Assessment:* No impact(s).

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Needs and Uses:* The third party disclosure requirement contained in 47 CFR 80.868 of the Commission's rules is necessary to ensure that radiotelephone distress procedures must be securely mounted and displayed in full view of the principal operating position on board certain vessels (300 gross tons) required by the Communications Act or the International Convention for Safety of Life at Sea to be equipped with a radiotelephone station.

The information is used by a vessel radio operator during an emergency situation, and is designed to assist the radio operator to utilize proper distress procedures during a time when he or she may be subject to considerable stress or confusion.
