

comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

## II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* Request for Information Pursuant to 10 CFR 50.54(f) Regarding Recommendations 2.1, 2.3 and 9.3, of the Near Term Task Force Review of Insights from the Fukushima Dai-ichi event.

2. *OMB approval number:* 3150–0211.

3. *Type of submission:* Extension.

4. *The form number, if applicable:*

Not applicable.

5. *How often the collection is required or requested:* Once.

6. *Who will be required or asked to respond:* 12 power reactor licensees.

7. *The estimated number of annual responses:* 4 (12 power reactors will each respond once over the course of the three-year clearance period).

8. *The estimated number of annual respondents:* 4 (12 power reactors will each respond once over the course of the three-year clearance period).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 11,000 hours.

10. *Abstract:* Following events at the Fukushima Dai-Ichi nuclear power plant resulting from the March 11, 2011, earthquake and subsequent tsunami, and in response to requirements

contained in section 402 of the Consolidated Appropriations Act (Pub. L. 112–074), the NRC requested information from power reactor licensees pursuant to title 10 of the *Code of Federal Regulations* part 50.54(f). The information requested includes seismic risk assessments and seismic high frequency confirmations. The NRC will use the information provided by licensees to determine if additional regulatory action is necessary. Licensees will have already completed submittals in response to this 50.54(f) request for seismic and flooding walkdown reports, seismic hazard reevaluations, seismic risk assessment, seismic spent fuel pool evaluations, flooding hazard reevaluations, flooding integrated assessments, focused evaluations of local intense precipitation and available physical margin, communications analyses, and initial and final staffing analyses.

### Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the estimate of the burden of the information collection accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 6th day of December 2018.

For the Nuclear Regulatory Commission.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 50–312; NRC–2018–0180]

### Sacramento Municipal Utility District; Rancho Seco Nuclear Generating Station; Correction

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** License termination; issuance; correction.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is correcting a notice that was published in the **Federal**

**Register** (FR) on September 11, 2018, regarding the termination of Operating License (Possession Only) No. DPR–54 for the Rancho Seco Nuclear Generating Station. This action is necessary to replace the first paragraph in the Supplementary Information section with the following: “The NRC has terminated License No. DPR–54, held by Sacramento Municipal Utility District (SMUD), for Rancho Seco in Herald, California, and has approved the site for unrestricted release. Accordingly, the existing indemnity agreement between SMUD and the NRC has been amended.”

**DATES:** The correction is effective December 11, 2018.

**ADDRESSES:** Please refer to Docket ID NRC–2018–0180 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to

<http://www.regulations.gov> and search for Docket ID NRC–2018–0180. Address

questions about Docket IDs in

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-84719; File No. SR-CboeBZX-2018-076]

### Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Granting Approval of a Proposed Rule Change, as Modified by Amendment Nos. 1 and 2, To List and Trade Shares of the FormulaFolios Sector Rotation ETF, a Series of the Northern Lights Fund Trust IV, Under Rule 14.11(i), Managed Fund Shares

December 4, 2018.

#### I. Introduction

On October 2, 2018, Cboe BZX Exchange, Inc. (“Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to list and trade shares (“Shares”) of the FormulaFolios Sector Rotation ETF (“Fund”) of the Northern Lights Fund Trust IV (“Trust”) under BZX Rule 14.11(i). The proposed rule change was published for comment in the **Federal Register** on October 22, 2018.<sup>3</sup> On November 8, 2018, the Exchange filed Amendment No. 1 to the proposed rule change.<sup>4</sup> On November

30, 2018, the Exchange filed Amendment No. 2 to the proposed rule change.<sup>5</sup> The Commission has received no comments on the proposal. This order grants approval of the proposed rule change, as modified by Amendment Nos. 1 and 2.

#### II. Exchange’s Description of the Proposal, as Modified by Amendment Nos. 1 and 2

The Exchange proposes to list and trade the Shares of the Fund under BZX Rule 14.11(i), which governs the listing and trading of Managed Fund Shares on the Exchange. The Shares will be offered by the Trust, which was established as a Delaware statutory trust on June 2, 2015. The Exchange represents that Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Fund on Form N-1A (“Registration Statement”) with the Commission.<sup>6</sup> FormulaFolios Investments, LLC is the investment adviser to the Fund (“Adviser”).<sup>7</sup>

the Exchange: (a) clarified references to certain OTC derivatives that the Fund intends to invest; (b) clarified that, in the event that Sector Swaps (as defined herein) are unavailable or the pricing for such contracts are unfavorable, the Fund may attempt to replicate the desired equity exposure by purchasing some or all of the equity securities that are listed on a U.S. national securities exchange, including ETFs, comprising the top four sectors at the time; and (c) made other non-substantive, technical, and clarifying corrections to the proposal. Because Amendment No. 1 does not materially alter the substance of the proposed rule change or raise unique or novel regulatory issues under the Act, Amendment No. 1 is not subject to notice and comment. Amendment No. 1 to the proposed rule change is available at: <https://www.sec.gov/comments/sr-cboebzx-2018-076/srcboebzx2018076-4716147-176694.pdf>.

<sup>5</sup> In Amendment No. 2, the Exchange: (a) Clarified that the Fund will meet the requirements of Rule 14.11(i)(4)(C)(vi), which requires that, to the extent that listed or OTC derivatives are used to gain exposure to individual equities and/or fixed income securities, or to indexes of equities and/or indexes of fixed income securities, the aggregate gross notional value of such exposure shall meet the criteria set forth in BZX Rule 14.11(i)(4)(C)(i) and (ii) (including gross notional exposures), respectively; and (b) made other non-substantive, technical, and clarifying corrections to the proposal. Because Amendment No. 2 does not materially alter the substance of the proposed rule change or raise unique or novel regulatory issues under the Act, Amendment No. 2 is not subject to notice and comment. Amendment No. 2 to the proposed rule change is available at: <https://www.sec.gov/comments/sr-cboebzx-2018-076/srcboebzx2018076-4716146-176693.pdf>.

<sup>6</sup> See Registration Statement on Form N-1A for the Trust, dated July 27, 2018 (File Nos. 333-204808 and 811-23066). According to the Exchange, the Trust has obtained an order granting certain exemptive relief under the Investment Company Act of 1940 (“1940 Act”). See Investment Company Act Release No. 29571 (May 16, 2017) (File No. 812-32367).

<sup>7</sup> The Exchange represents that the Adviser is not a registered broker-dealer and is not currently

The Fund will be an actively managed exchange-traded fund that seeks to provide a long-term total return which exceeds the total return of its Primary Benchmark Index.<sup>8</sup> The Fund will seek to achieve its investment objective, under Normal Market Conditions,<sup>9</sup> by utilizing derivatives, or a combination of derivatives and direct investments, to gain 100% equity exposure. The Exchange submits this proposal in order to allow the Fund to hold over-the-counter (“OTC”) derivatives, in a manner that may not comply with BZX Rule 14.11(i)(4)(C)(v), which requires, among other things, that the aggregate gross notional value of OTC derivatives not exceed 20% of the weight of the portfolio (including gross notional exposures).<sup>10</sup> Specifically, the Exchange is proposing that the Fund may hold up to 75% of the weight of its portfolio in OTC derivatives, including gross notional exposures. Otherwise, the Exchange represents that the Fund will comply with all other listing requirements on an initial and continued listing basis under BZX Rule 14.11(i).<sup>11</sup>

affiliated with any broker-dealers. In addition, the Exchange represents that Adviser personnel who make decisions regarding the Fund’s portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund’s portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition of, and/or changes to, the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

<sup>8</sup> The Fund’s Primary Benchmark Index is the S&P 500 Index.

<sup>9</sup> As defined in BZX Rule 14.11(i)(3)(E), the term “Normal Market Conditions” includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

<sup>10</sup> BZX Rule 14.11(i)(4)(C)(v) provides that “the portfolio may, on both an initial and continuing basis, hold OTC derivatives, including forwards, options, and swaps on commodities, currencies and financial instruments (e.g., stocks, fixed income, interest rates, and volatility) or a basket or index of any of the foregoing, however the aggregate gross notional value of OTC derivatives [sic] shall not exceed 20% of the weight of the portfolio (including gross notional exposures).”

<sup>11</sup> In particular, the Exchange notes that the Fund will meet the requirements of BZX Rule 14.11(i)(4)(C)(vi), which requires that, to the extent that listed or OTC derivatives are used to gain exposure to individual equities and/or fixed income securities, or to indexes of equities and/or indexes of fixed income securities, the aggregate gross
