Proposed Joint Stipulation, Endangered Species Act Claims

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed stipulation; request for public comment.

SUMMARY: In accordance with the EPA Administrator's October 16, 2017, Directive Promoting Transparency and Public Participation in Consent Decrees and Settlement Agreements, notice is hereby given of a proposed joint stipulation and proposed stipulated notice of dismissal in the United States District Court for the Northern District of California in the case of *Ellis, et al., v. Keigwin, et al.*, No. 3:13-cv-01266. On May 8, 2017, the court issued an order on summary judgment dismissing claims against EPA under the Federal Insecticide, Fungicide and Rodenticide Act ("FIFRA"), but finding that EPA failed to perform duties mandated by the Endangered Species Act ("ESA") to consult with the United States Fish and Wildlife Service ("FWS") regarding 59 EPA-approved pesticide products containing either of the insecticidal active ingredients clothianidin or thiamethoxam. The parties are proposing to reach a settlement in the form of a joint stipulation on the appropriate remedy for the court's finding of liability. Among other provisions, the joint stipulation would set a June 30, 2022, deadline for EPA to complete ESA effects determination for EPA's registration reviews of clothianidin and thiamethoxam and, as appropriate, request initiation of any ESA consultations with FWS that EPA may determine to be necessary as a result of those effects determinations. EPA is also taking comment on a proposed stipulated notice of dismissal that would be entered with the court following execution of the joint stipulation.

DATES: Written comments on the proposed joint stipulation and stipulated notice of dismissal must be received by January 11, 2019.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2018-0745 online at www.regulations.gov (EPA's preferred method). SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Joint Stipulation and Stipulated Notice of Dismissal

On March 21, 2013, Plaintiffs (several beekeepers and public interest organizations) filed suit in the United States District Court for the Northern District of California. Plaintiffs brought claims alleging that EPA had improperly denied a petition to suspend products containing clothianidin and that EPA's registration of certain clothianidin and thiamethoxam products violated certain registration requirements of FIFRA, and violated section 7(a)(2) of the ESA because EPA had failed to consult with FWS prior to issuing the registrations. On May 8, 2017, the court granted EPA's summary judgment motion with respect to the FIFRA claims and partially granted Plaintiffs' summary judgment motion with respect to the ESA claims, finding that EPA had failed to comply

with the consultation requirements of section 7(a)(2) with respect to 59 clothianidin and thiamethoxam products. In its order, the court also directed the parties to develop a briefing schedule for determining the appropriate remedy and, concurrently, to schedule a settlement conference to determine whether the parties could settle the remedy proceeding outside of court.

The proposed stipulation and stipulated notice of dismissal would settle the remedy proceeding. Specifically, paragraph two of the proposed stipulation provides that EPA would agree to complete ESA effects determinations by June 30, 2022, for its FIFRA registration reviews of clothianidin and thiamethoxam and, as appropriate, request initiation of any necessary ESA consultations with the Services. As provided in paragraph three of the proposed stipulation, EPA would also agree to initiate informal consultation with the Services to begin an informal dialogue between the agencies prior to EPA completing its effects determinations.

In addition, as described in paragraph one of the proposed stipulation, defendant-intervenors Syngenta, Bayer and Valent (the registrants of products containing clothianidin and thiamethoxam) have agreed to request that EPA voluntarily cancel the following 12 specific products that contain either clothianidin or thiamethoxam under section 6(f)(1) of FIFRA:

1. Adage Premier Seedcare, EPA Reg. No. 100-1450.
2. Adage Deluxe, EPA Reg. No. 100-1449.
3. Avicta Complete Corn 500, EPA Reg. No. 100-1399.
4. TMX-MXM-FDL-TBZ FS, EPA Reg. No. 100-1426.
5. Inovate Seed Protectant, EPA Reg. No. 59639-176.
6. Inovate Neutral Seed Protectant Reg. No. 59639-187.
7. Ernesto Quantum, EPA Reg. No. 264-1125.
8. Flower Rose & Shrub Care III, EPA Reg. No. 72155-95.
9. V10170 0.25G GL, EPA Reg. No. 59639-164.
10. Meridian 0.14G, EPA Reg. No. 100-1346.
11. Meridian 0.20G, EPA Reg. No. 100-1341.
12. Aloft GC G Insecticide, Reg. No. 59639-214.

For a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed joint stipulation and

stipulated notice of dismissal from persons who are not named as parties to the litigation in question. If so requested, EPA will also consider holding a public hearing on whether to agree to the proposed joint stipulation and stipulated notice of dismissal. EPA or the Department of Justice may withdraw or withhold consent to the proposed joint stipulation or proposed stipulated notice of dismissal if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the ESA or FIFRA. Unless EPA or the Department of Justice determines that consent should be withdrawn, the terms of the proposed stipulation and stipulated notice of dismissal will be affirmed.

The electronic public docket system is an “anonymous access” system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA’s electronic public docket, EPA’s electronic mail (email) system is not an “anonymous access” system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket.
