promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Commission also finds that the proposed rule change is consistent with Section 6(b)(8) of the Act, which requires that the rules of a national securities exchange not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Commission notes that the primary listing market’s official closing price for a security is relied upon by market participants for a variety of reasons, including, but not limited to, calculation of index values, calculation of the net asset value of mutual funds and exchange-traded products, the price of derivatives that are based on the security, and certain types of trading benchmarks such as volume weighted average price strategies. For Derivatives Securities Products, in circumstances where there is no Closing Auction, or the Closing Auction trade consists of less than one round lot, the Exchange proposes to utilize more recent firm quotations instead of less recent trades, as such trades may provide less information about the current value of a security. The Exchange asserts that by doing so, the BZX Official Closing Price for such a Derivative Securities Product would be more reflective of the true and current value of such security on that trading day than otherwise would under the Exchange’s current rule, particularly for a Derivative Securities Product that is thinly traded. The Commission therefore believes that the Exchange’s proposal is reasonably designed to achieve the Act’s objectives to protect investors and the public interest. Accordingly, the Commission finds that the proposed rule change is consistent with the requirements of the Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act and the proposed rule change (SR–CboeBZX–2018–079), as modified by Amendment No. 1, be, and hereby is, approved.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Designation of a Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of SolidX Bitcoin Shares Issued by the VanEck SolidX Bitcoin Trust

December 6, 2018.

On June 20, 2018, Cboe BZX Exchange, Inc. ("BZX") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act") and Rule 19b–4 thereunder, a proposed rule change to list and trade shares of SolidX Bitcoin Shares issued by the VanEck SolidX Bitcoin Trust under BZX Rule 14.11(e)(4), Commodity-Based Trust Shares. The proposed rule change was published for comment in the Federal Register on July 2, 2018.

On August 7, 2018, pursuant to Section 19(b)(2) of the Act, the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change. On September 20, 2018, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act to determine whether to approve or disapprove the proposed rule change. As of December 6, 2018, the Commission has received more than 1,600 comments on the proposed rule change.

Section 19(b)(2) of the Act provides that after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes reasons for such determination. The proposed rule change was published for notice and comment in the Federal Register on July 2, 2018. December 29, 2018, is 180 days from that date, and February 27, 2019 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider this proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, designates February 27, 2019, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR–CboeBZX–2018–040).

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Supplementary Material .02 to Rule 715 regarding Cancel and Replace Orders.

The text of the proposed rule change is available on the Exchange’s website at http://nasdagemx.chwwwallstreet.com/, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Supplementary Material .02 to Rule 715 regarding Cancel and Replace Orders to: (i) Correct an inconsistency between the Exchange’s rule text and the operation of the System by removing the reference to Rule 710 within the list of price reasonability checks in Rule 710 that would not result in the existing order being cancelled and not replaced. The Exchange proposes to remove the reference to Rule 710 from the list of price or other reasonability checks to conform its rule text to the System.

The Exchange also proposes to update the various rule references related to the price reasonability checks within this provision to refer to the current rules. Finally, the Exchange proposes other non-substantive, technical changes within Supplementary Material .02 to Rule 715 to capitalize “Cancel and Replace Order” for consistency, and to capitalize “System,” which is a defined term.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and further the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange’s proposal corrects an inadvertent error in Supplementary Material .02 to Rule 715, which currently includes Rule 710 within the list of price or other reasonability checks. As discussed above, including Rule 710 is inconsistent with the operation of the Exchange’s System because an incoming Cancel and Replace Order which fails the minimum price variation checks in Rule 710 does not result in the existing order getting cancelled and not replaced. This rule change would amend the rule text to reflect GEMX’s current practice, and should avoid potential confusion about how the System processes Cancel and Replace Orders today.

Furthermore, the Exchange’s proposal to update the rule references and make other non-substantive technical changes, as further described above, will bring greater transparency to its Rulebook thereby protecting investors and the public interest by reducing potential for investor confusion.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. All of the proposed changes are intended to bring greater transparency to the Exchange’s Rulebook, and therefore does not unduly burden competition.
G. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act 1 and subparagraph (f)(6) of Rule 19b–4 thereunder.14

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

• Use the Commission’s internet comment form (http://www.sec.gov/rules/sro.shtml); or

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Defined Terms “In-the-Money” and “Out-of-the-Money” in BX Options Rules at Chapter I, Section 1

December 7, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on December 4, 2018, Nasdaq BX, Inc. I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend BX Options Rules at Chapter I, Section 1, specifically the defined terms “in-the-money” and “out-of-the-money” at BX Options Rules at Chapter I, Sections 1(a)(68) and (69), respectively.

The text of the proposed rule change is available on the Exchange’s website at http://nasdaqbx.chwwallstreet.com/, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX rules define an “in-the-money” option series at Chapter I, Section 1(a)(68). Currently the term “in-the-money” means, for call options, all strike prices below the offer in the underlying security on the primary listing market; for put options, all strike prices above the bid in the underlying security on the primary listing market. BX rules define an “out-of-the-money” option series at Chapter I, Section 1(a)(69). Currently, the term “out-of-the-money” shall mean the following: For call options, all strike prices above the offer in the underlying security on the primary listing market; for put options, all strike prices below the bid in the underlying security on the primary listing market.
