**Solicitation of Nominations for Members of the USDA Grain Inspection Advisory Committee**

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Notice to solicit nominees.

**SUMMARY:** The Department of Agriculture's (USDA) Agricultural Marketing Service (AMS) is seeking nominations for individuals to serve on the USDA Grain Inspection Advisory Committee (Advisory Committee). The Advisory Committee meets no less than once annually to advise AMS on the programs and services it delivers under the U.S. Grain Standards Act (USGSA). Recommendations by the Advisory Committee help AMS better meet the needs of its customers who operate in a dynamic and changing marketplace. The realignment of offices within the U.S. Department of Agriculture authorized by the Secretary's Memorandum dated November 14, 2017, eliminates the Grain Inspection, Packers and Stockyard Administration (GIPSA) as a standalone agency. The grain inspection activities formerly part of GIPSA are now organized under AMS.

**DATES:** AMS will consider nominations received by January 28, 2019.

**ADDRESSES:** Submit nominations for the Advisory Committee by completing form AD-755 and send to:

- Kendra Kline, U.S. Department of Agriculture, 1400 Independence Ave. SW, Rm. 2043-S, Mail Stop 3614, Washington, DC 20250-3611;
- Email: [Kendra.C.Kline@usda.gov](mailto:Kendra.C.Kline@usda.gov); or
- Fax: 202-690-2333

Form AD-755 may be obtained via USDA's website: <http://www.gipsa.usda.gov/fgis/forms-fgis/ad755.pdf>.

**FOR FURTHER INFORMATION CONTACT:** Kendra Kline, telephone (202) 690-2410 or email [Kendra.C.Kline@usda.gov](mailto:Kendra.C.Kline@usda.gov).

**SUPPLEMENTARY INFORMATION:** As required by section 21 of the USGSA (7 U.S.C. 87j), as amended, the Secretary of Agriculture (Secretary) established the Advisory Committee on September 29, 1981, to provide advice on implementation of the USGSA. As specified in the USGSA, no member may serve successive terms.

The Advisory Committee consists of 15 members, appointed by the Secretary, who represent the interests of grain producers, processors, handlers, merchandisers, consumers, exporters, and scientists with expertise in research related to the policies in section 2 of the USGSA (7 U.S.C. 74). While members of the Advisory Committee serve without compensation, USDA reimburses them for travel expenses, including per diem in lieu of subsistence, for travel away from their homes or regular places of business in performance of Advisory Committee service (see 5 U.S.C. 5703).

A list of current Advisory Committee members and other relevant information are available on the USDA website at <https://www.gipsa.usda.gov/fgis/advisorycommittee.aspx>.

AMS is seeking nominations for individuals to serve on the Advisory Committee. Applications submitted during the previous nomination period, March 16, 2018–April 30, 2018, will be considered unless notification is provided the individual no longer is available for consideration.

Nominations are open to all individuals without regard to race, color, religion, gender, national origin, age, mental or physical disability, marital status, or sexual orientation. To ensure that recommendations of the Advisory Committee take into account the needs of the diverse groups served by the USDA, membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

The final selection of Advisory Committee members and alternates is made by the Secretary.

[Docket No. APHIS-2016-0013]

### Changes to the National Poultry Improvement Plan Program Standards

**AGENCY:** Animal and Plant Health Inspection Service, USDA.

**ACTION:** Notice of determination.

**SUMMARY:** We are updating the National Poultry Improvement Plan (NPIP) Program Standards. In a previous notice, we made available to the public for review and comment proposed changes to the NPIP Program Standards pertaining to the compartmentalization of primary poultry breeding establishments and approval of compartment components such as farms, feedmills, hatcheries, and egg depots. These changes will be added to the NPIP Program Standards.

**DATES:** Applicable February 12, 2019.

**FOR FURTHER INFORMATION CONTACT:** Dr. Denise Heard, DVM, Senior Coordinator, National Poultry Improvement Plan, VS, APHIS, USDA, 1506 Klondike Road, Suite 101, Conyers, GA 30094-5104; (770) 922-3496.

**SUPPLEMENTARY INFORMATION:** The National Poultry Improvement Plan (NPIP), also referred to below as "the Plan," is a cooperative Federal-State-Industry mechanism for controlling certain poultry diseases. The Plan consists of a variety of programs intended to prevent and control poultry diseases.

The regulations in 9 CFR parts 56, 145, 146, and 147 (referred to below as the regulations) contain the provisions of the Plan. The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA, also referred to as "the Department") amends these provisions from time to time to incorporate new scientific information and technologies within the Plan.

Because changes in diagnostic science, testing technology, and best practices for maintaining sanitation are continual, and the rulemaking process can be lengthy, certain provisions of the Plan are contained in an NPIP Program Standards document<sup>1</sup> rather than in the regulations. The NPIP Program Standards may be updated or revised via a notice-based process rather than by rulemaking.

The regulations at 9 CFR 145.45, 145.74, and 145.84 provide the basis for compartmentalization of primary poultry breeding establishments. Compartmentalization is a procedure that a country may implement to define and manage animal subpopulations of distinct health status within its territory, in accordance with the guidelines in the World Organization for Animal Health
