### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2018-0003]

### Hours of Service of Drivers: Application for Exemption; National Electrical Contractors Association

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of application for exemption; request for comments.

**SUMMARY:** FMCSA announces that the National Electrical Contractors Association (NECA) has applied for an exemption from the requirement to use an electronic logging device (ELD) to record driver hours-of-service (HOS) on commercial motor vehicles (CMVs) used by contractors to install, repair, and maintain the infrastructure of electrical utilities. NECA believes the ELD requirement unnecessarily burdens its members' operations. It proposes to continue to use paper to record the HOS of these drivers. NECA states that CMV operations under the exemption would achieve a level of safety equivalent to, or greater than, the level that would be achieved absent the proposed exemption. FMCSA requests public comment on NECA's application for exemption.

**DATES:** Comments must be received on or before March 16, 2018.

#### II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

#### III. Request for Exemption

The HOS rules (49 CFR part 395) prescribe the drive-time limits and rest requirements for interstate drivers of CMVs. The rules also require most drivers of CMVs in interstate commerce, and their motor carriers, to use ELDs—not handwritten logbooks—to document their HOS duty status (49 CFR 395.8(a)(1)(i)).

NECA's 4,000 members are contractors who install, repair and maintain the infrastructure of electrical utilities. The contractors employ line workers who drive utility-service CMVs

during their duty day. NECA states that the number of CMV drivers who would be eligible for this exemption is difficult to estimate; it states that the fleet of one "large" contractor consists of 13,766 CMVs.

NECA seeks exemption from the requirement that motor carriers and their CMV drivers use an ELD to record driver HOS. The actual operation of the CMVs by the line workers is so limited that the ELD requirement is triggered infrequently. By this application for exemption, NECA seeks greater "consistency" in the regulatory environment in which its line workers operate. It states that it is "cumbersome" to meet the costs and logistical challenges of recording HOS electronically, and that the resulting safety benefit is negligible given the limited scope of the CMV operations of this industry. NECA states that if provided the exemption, its CMV drivers would remain fully subject to the HOS standards and continue to record their HOS on the customary paper RODS. NECA states that its operations under the exemption would achieve a level of safety equivalent to, or greater than, the level that would be achieved absent the proposed exemption. A copy of NECA's application for exemption is available for review in the docket for this notice.

#### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of applications for exemption; request for comments.

**SUMMARY:** FMCSA announces receipt of applications from 23 individuals for an exemption from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) to operate a commercial motor vehicle (CMV) in interstate commerce. If granted, the exemptions will enable these individuals to operate CMVs in interstate commerce without meeting the vision requirement in one eye.
