Assessment Rates

Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries in this review, in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1). Commerce intends to issue assessment instructions directly to CBP 15 days after publication in the Federal Register of these final results of administrative review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed China and non-China exporters who are not under review in this segment of the proceeding but who have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, including Formers, Sailing and Xiandai, the cash deposit rate will be the China-wide rate of 115.29 percent; and (3) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter(s) that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). However, because Commerce determined that Formers, Sailing and Xiandai are part of the China-wide entity, to which the China-wide rate applies, there are no calculations to disclose.

Reimbursement of Duties

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.205(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice of the final results of this antidumping duty administrative review is issued and published in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

Dated: February 9, 2018.

James Maeder,
Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the duties of the Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

International Trade Administration

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–95) as amended by Pub. L. 106–36 and 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 3720, U.S. Department of Commerce, 14th and Constitution Ave, NW, Washington, DC.

Docket Number: 17–014. Applicant: Fermi Research Alliance, Batavia, IL 60510. Instrument: ICARUS T600 Detector. Manufacturer: The European Organization for Nuclear Research, Switzerland. Intended Use: See notice at 82 FR 57212, December 4, 2017. Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order.

Reasons: The instrument will be used to study the rate at which muon neutrinos, a type of elementary particle, change flavor to electron neutrinos as they travel the distance between three LArTPC detectors. This is the only instrument that meets the requirements for position and time resolution of particle trajectories.

Docket Number: 17–015. Applicant: New Mexico Institute of Mining and Technology, Socorro, NM 87801. Instrument: Unit Telescope Enclosure #1 (UTE1). Manufacturer: European Industrial Engineering (EIE) Group, Italy. Intended Use: See notice at 82 FR 57212, December 4, 2017. Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order.

Reasons: The instrument will be used to study star and planet formation, active galactic nuclei and stellar accretion and mass loss. Unique features of the instrument include access to all astronomical objects above 30 degrees in elevation, with an inner axis rotation angle between +40 degrees and −50 degrees, as well as thermal stability and protection from shock load and vibration.

Docket Number: 17–016. Applicant: Yale University, New Haven, CT 06520. Instrument: Mosquito crystal robot. Manufacturer: TTP Labtech, United Kingdom. Intended Use: See notice at 82 FR 57212–13, December 4, 2017. Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order.

Reasons: The instrument will be used to obtain crystals of the biological macromolecule with and without its binding partner(s). Unique features of the instrument include disposable tips, which are essential to avoid cross contamination.

Docket Number: 17–018. Applicant: Brookhaven National Laboratory, Upton, NY 11973. Instrument: Solid State Klystron Modulator. Manufacturer: Scandinaeva Systems AB, Sweden. Intended Use: See notice at 82 FR 57212, December 4, 2017. Comments: None received. Decision: Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order.

This is the only instrument that meets the requirements for position and time resolution of particle trajectories.
instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order. Reasons: The instrument will be used to study the magnetization, structure and conductivity of various organic and inorganic specimens such as proteins, ferrite, and superconducting materials. This is the only instrument with specific electrical socket to connect to the klystron, a solenoid magnet with magnetic field contours specific to the Model E37302A.

Dated: February 9, 2018.

Gregory W. Campbell,
Director, Subsidies Enforcement, Enforcement and Compliance.

IDEA: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty order on hot-rolled steel products from Brazil for the period of review (POR) January 15, 2016, through December 31, 2016.

FOR FURTHER INFORMATION CONTACT: Ross Belliveau or William Miller, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4952 or (202) 482–3906, respectively.

Background

On October 4, 2017, Commerce published in the Federal Register a notice of opportunity to request an administrative review of the countervailing duty order on hot-rolled steel products from Brazil for the POR.1 On October 31, 2017, Commerce received a timely request from Companhia Siderurgica Nacional S.A. (CSN), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213(b), to conduct an administrative review of this countervailing duty order.2

On December 7, 2017, Commerce published in the Federal Register a notice of initiation with respect to CSN.3 On January 23, 2018, CSN timely withdrew its request for an administrative review.4

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. As noted above, CSN withdrew its request for review by the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of the countervailing duty order on hot-rolled steel products from Brazil covering the period January 15, 2016, through December 31, 2016.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess countervailing duties on all appropriate entries. Countervailing duties shall be assessed at rates equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the Federal Register.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with section 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: February 9, 2018.

James Maeder,
Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
