Polytetrafluoroethylene Resin From India and the People’s Republic of China: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 27, 2018.

FOR FURTHER INFORMATION CONTACT: Mark Kennedy at (202) 482–7883 (India), and Thomas Schauer at (202) 482–0410 (the People’s Republic of China (China)), AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On October 18, 2017, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of polytetrafluoroethylene (PTFE) resin from India and the People’s Republic of China. Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018. If the new deadline falls on a non-business day, in accordance with Commerce’s practice, the deadline will become the next business day. The revised deadline for the preliminary results of these investigations is March 12, 2018.

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request.

On February 12, 2018, the petitioner submitted a timely request that Commerce postpone the preliminary determination in the LTFV investigation. The petitioner stated that it requests postponement of the preliminary determinations of these investigations for the following reasons: the respondents selected for individual examination have requested and been granted extensions of time to file responses to the original questionnaire, which necessarily have delayed the filing of deficiency comments by the petitioner; and additionally, Commerce has only begun to issue supplemental questionnaires, and there will not be sufficient time for the petitioner to review and respond to these questionnaires prior to the current date of the preliminary determination.

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination by 50 days (i.e., 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than April 30, 2018. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of publication of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Rubber Bands From the People’s Republic of China, Sri Lanka, and Thailand: Initiation of Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 20, 2018.

SUPPLEMENTARY INFORMATION:

The Petitions

On January 30, 2018, the U.S. Department of Commerce (Commerce) received antidumping duty (AD) and countervailing duty (CVD) Petitions concerning imports of rubber bands from China, Sri Lanka, and Thailand filed in proper form on behalf of Alliance Rubber Co. (Alliance, the petitioner). The petitioner is a domestic producer of rubber bands.

On February 2 and February 12, 2018, Commerce requested supplemental information pertaining to certain areas of the AD Petitions. The petitioner filed responses to these requests on February 8 and February 13, 2018. On February 16, 2018, based on a telephone conversation between Commerce and counsel to the petitioner, the petitioner agreed to certain clarifications to the scope.

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that imports of rubber bands from China, Sri Lanka, and Thailand are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 773 of the Act, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing rubber bands in the United States. Consistent with section 732(b)(1) of the Act, the Petitions are accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the rubber bands.

Value Investigations

The petitioners alleged that the imports of rubber bands from China, Sri Lanka, and Thailand are sold in the United States at less than fair value within the meaning of section 770 of the Act. The petitioners alleged that imports of rubber bands from China, Sri Lanka, and Thailand are being, or are likely to be, sold in the United States less than fair value.

The POIs for the China and Thailand investigations are January 1, 2017, through December 31, 2017.

Scope of the Investigations

The products covered by these investigations are rubber bands from China, Sri Lanka, and Thailand. For a full description of the scope of these investigations, see the Appendix to this notice.

Periods of Investigation

Because the Petitions were filed on January 30, 2018, pursuant to 19 CFR 351.204(b)(1), the period of investigation (POI) for the Sri Lanka investigation is January 1, 2017, through December 31, 2017. Because China is a non-market economy (NME) country, pursuant to 19 CFR 351.204(b)(1), the POI for the China investigation is July 1, 2017, through December 31, 2017.

Comment on the Scope of the Investigations

During our review of the Petitions, Commerce issued questions to, and received responses from, the petitioner pertaining to the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief. As a result of these exchanges, the scope of the Petitions was modified to clarify the description of merchandise covered by the Petitions. The description of the merchandise covered by this initiation, as described in the Appendix to this notice, reflects these clarifications.

As discussed in theAppendix to Commerce’s regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (scope). Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determinations. If scope comments include factual information, all such factual information should be limited to domestic industry because the petitioner is an interested party as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry support with respect to the initiation of the AD investigations that the petitioner is requesting.
