

Federal Register by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by April 30, 2018.

ADDRESSES: You may submit comments identified by DOT Docket ID Number FHWA 2018–0013, by any of the following methods:

Website: For access to the docket to read background documents or comments received go to the Federal eRulemaking Portal: Go to <http://www.regulations.gov>.

Follow the online instructions for submitting comments.

Fax: 1–202–493–2251.

Mail: Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590–0001.

Hand Delivery or Courier: U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Julie Johnston, Office of Program Administration, 202–591–5858, Julie.johnston@dot.gov, Federal Highway Administration, Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590. Office hours are from 8 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Value Engineering Call for Data.

Background: Value Engineering (VE) is defined as a systematic process of review and analysis of a project, during the concept and design phases, by a multidiscipline team of persons not involved in the project, that is conducted to provide recommendations for providing the needed functions safely, reliably, efficiently, and at the lowest overall cost; improving the value and quality of the project; and reducing the time to complete the project.

Applicable projects requiring a VE analysis include Projects on the National Highway System (NHS) receiving Federal assistance with an estimated total cost of \$50,000,000 or more; Bridge projects on the NHS receiving Federal assistance with an estimated total cost of \$40,000,000 or more; any major project, as defined in 23 U.S.C. 106(h), located on or off the NHS, that utilizes Federal-aid highway funding in any contract or phase; and other projects as defined in 23 CFR 627.5. 23 U.S.C. 106(e)(4)(iv) and 23 CFR 627.7(3) require States to monitor, evaluate and annually submit a report

that describes the results of the value analyses that are conducted and the recommendations implemented on applicable projects. The FHWA will submit a National Call for VE Data in order to monitor and assess the VE Program and meet the requirements of 23 U.S.C. 106(h).

Respondents: 52.

Frequency: Once per year.

Estimated Average Burden per

Response: Approximately 2 hours per participant over a year.

Estimated Total Annual Burden

Hours: Approximately 104 hours per year.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: February 23, 2018.

Michael Howell,

Information Collection Officer.

BILLING CODE 4910–22–P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket Number NHTSA–2018–0019]

Reports, Forms, and Record Keeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and

reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Send comments on or before April 30, 2018.

ADDRESSES: You may send comments, identified by [Docket No. NHTSA–2018–0019] by any of the following methods:

• *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

• *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Ground Floor, Room W12–140, Washington, DC 20590–0001.

• *Hand Delivery or Courier:* West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1–800–647–5527.

• *Fax:* 202–493–2251.

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78) or you may visit <http://DocketInfo.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> and follow the online instructions for accessing the dockets. Alternately, you may visit in person the Docket Management Facility at the street address listed above.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance (NEF–230), National Highway Traffic Safety Administration, West Building—4th Floor—Room W45–205, 1200 New Jersey Avenue SE, Washington, DC 20590. Mr. Sachs' telephone number is (202) 366–3151. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.* permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information:

Title: Consolidated Labeling Requirements for 49 CFR parts 565 Vehicle Identification Number (VIN) Requirements, and 567 Certification.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 2127-0510.

Affected Public: Motor vehicle manufacturers.

Form Number: None.

Abstract:

Part 565

The regulations in part 565 specify the format, contents, and physical requirements for a vehicle identification number (VIN) system and its installation to simplify vehicle identification information retrieval and to increase the accuracy and efficiency of vehicle recall campaigns. The regulations require each vehicle manufactured in one stage to have a VIN that is assigned by the vehicle's manufacturer. Each vehicle manufactured in more than one stage is to have a VIN assigned by the incomplete vehicle manufacturer. Each VIN must consist of 17 characters,

including a check digit, in the ninth position, whose purpose is to verify the accuracy of any VIN transcription. The VIN must also incorporate the world manufacturer identifier or WMI assigned to the manufacturer by the competent authority in the country where the manufacturer is located. The WMI occupies the first three characters of the VIN for manufacturers that produce 1,000 or more vehicles of a specified type within a model year, and positions 1, 2, 3, 12, 13, and 14 of VINs assigned by manufacturers that produce less than 1,000 vehicles of a specified type per model year. The remaining characters of the VIN describe various vehicle attributes, such as make, model, and type, which vary depending on the vehicle's type classification (*i.e.* passenger car, multipurpose passenger vehicle, truck, bus, trailer, motorcycle, low-speed vehicle), and identify the vehicle's model year, plant code, and sequential production number. NHTSA has contracted with SAE International of Warrendale, Pennsylvania, to coordinate the assignment of WMIs to manufacturers in the United States. Each manufacturer of vehicles subject to the requirements of part 565 must submit, either directly or through an agent, the unique identifier for each make and type of vehicle it manufactures at least 60 days before affixing the first VIN using the identifier. Manufacturers are also required to submit to NHTSA information necessary to decipher the characters contained in their VINs, including amendments to that information, at least 60 days prior to offering for sale the first vehicle identified by a VIN containing that information or if information concerning vehicle characteristics sufficient to specify the VIN code is unavailable to the manufacturer by that date, then within one week after that information first becomes available. With changes implemented in 2015, manufacturers have been able to make these submissions using an online portal on the agency's website at <https://vpic.nhtsa.dot.gov/>. In 2014, NHTSA received VIN-deciphering information under part 565 from approximately 650 manufacturers. In 2015, NHTSA received this information from approximately 770 manufacturers. In 2016, NHTSA received this information from approximately 780 manufacturers. Based on these figures, the agency would expect to receive approximately 733 part 565 submissions from manufacturers in each of the next three years ($650 + 770 + 780 = 2200$; $2200 \div 3 = 733$). Assuming that it would take

one hour to produce a VIN deciphering submission, at an average cost of \$30.00 per hour for the administrative and professional staff preparing and reviewing the submission, NHTSA estimates that it will cost vehicle manufacturers \$21,990 to comply with the part 565 requirements ($733 \text{ submissions} \times \$30 = \$21,990$).

Part 567

The regulations in part 567 specify the content and location of, and other requirements for, the certification label to be affixed to a motor vehicle, as required by the National Traffic and Motor Vehicle Safety Act, as amended (the Vehicle Safety Act)(49 U.S.C. 30115) and the Motor Vehicle Information and Cost Savings Act, as amended (the Cost Savings Act)(49 U.S.C. 30254 and 33109), to address certification-related duties and liabilities, and to provide the consumer with information to assist him or her in determining which of the Federal motor vehicle safety standards (as found in 49 CFR part 571), bumper standards (as found in 49 CFR part 581, and Federal theft prevention standards (as found in 49 CFR part 541) are applicable to the vehicle. The regulations pertain to manufacturers of motor vehicles to which one or more standards are applicable, including persons who alter such vehicles prior to their first retail sale, and to Registered Importers of vehicles not originally manufactured to comply with all applicable Federal motor vehicle safety standards that are determined eligible for importation by NHTSA, based on the vehicles' capability of being modified to conform to those standards. The regulations require each manufacturer to affix to each vehicle, in a prescribed location, a label that, among other things, identifies the vehicle's manufacturer (defined as the person who actually assembles the vehicle), the vehicle's date of manufacture, and the statement that the vehicle complies with all applicable Federal motor vehicle safety standards and, where applicable, bumper and theft prevention standards in effect on the date of manufacture. The label must also include the vehicle's gross vehicle and gross axle weight ratings (GVWR and GAWRs), vehicle identification number, and vehicle type classification (*i.e.*, passenger car, multipurpose passenger vehicle, truck, bus, trailer, motorcycle, low-speed vehicle). The regulations specify other labelling requirements for incomplete vehicle, intermediate, and final-stage manufacturers of vehicles built in two or more stages, such as commercial trucks that are built by adding work performing components,

such as a cargo box or cement mixer, to a previously manufactured chassis or chassis-cab, and to persons who alter previously certified vehicles, other than by the addition, substitution, or removal of readily attachable components such as mirrors or tire and rim assemblies, or minor finishing operations such as painting, before the first purchase of the vehicle for purposes other than resale.

Description of the Likely Respondents (Including Estimated Number and Proposed Frequency of Responses to the Collection of Information): The agency estimates that it will receive new submissions of VIN-deciphering information under part 565 from approximately 733 manufacturers of motor vehicles per year. The manufacturers need only submit the required information on a one-time basis, with the proviso that they notify the agency of any changes in the information on file within 30 days from the date that any change in that information occurs. In addition, the agency estimates that approximately 7,600 manufacturers of motor vehicles of all types, including manufacturers of passenger cars, multipurpose passenger vehicles, trucks, buses, trailers, motorcycles and low-speed vehicles, as well as incomplete vehicle manufacturers, intermediate and final-stage manufacturers of vehicles built in two or more stages, and vehicle alterers, will need to comply with the certification labeling requirements of part 567.

Estimate of the Total Annual Reporting and Recordkeeping Burden of the Collection of Information: 733 hours for supplying required VIN-deciphering information to NHTSA under part 565; 88,000 hours for meeting the labeling requirements of part 567.

Estimate of the Total Annual Costs of the Collection of Information: Assuming that the part 565 information is submitted to the agency's website by company officers or employees compensated at an average rate of \$30.00 per hour, the agency estimates that \$21,990 will be expended on an annual basis by all manufacturers required to submit that information (733 hours × \$30.00 = \$21,990). Additionally, assuming that it will take an average of .005 hours to affix a certification label to each of the approximately 17,600,000 vehicles produced each year for sale in the United States, at an average cost of \$20.00 per hour, the agency estimates that roughly \$1,760,000 will be expended by all manufacturers to comply with the labeling requirements of part 567 (17,600,000 vehicles × .005 hours = 88,000 hours; 88,000 hours × \$20.00 = \$1,760,000).

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Jeffrey M. Giuseppe,

Associate Administrator for Enforcement.

BILLING CODE 4910-59-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request on Information Collection Tools Relating to the Offshore Voluntary Disclosure Program (OVDP)

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service (IRS), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on information collections, as required by the Paperwork Reduction Act of 1995. The IRS is soliciting comments concerning the Offshore Voluntary Disclosure Program (OVDP).

DATES: Written comments should be received on or before April 30, 2018 to be assured of consideration.

ADDRESSES: Direct all written comments to L. Brimmer, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224. Please send separate comments for each specific information collection listed below. You must reference the information collection's title, form number, reporting or record-keeping requirement number, and OMB number (if any) in your comment.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the collection tools should be directed to Martha R. Brinson, at (202) 317-5753 or at Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or

through the internet at Martha.R.Brinson@irs.gov.

SUPPLEMENTARY INFORMATION:

Currently, the IRS is seeking comments concerning the following information collection tools, reporting, and record-keeping requirements:

Title: Offshore Voluntary Disclosure Program (OVDP).

OMB Number: 1545-2241. Form Number(s): 14452, 14453, 14454, 14457, 14467, 14653, 14654, 14708, 15023.

Abstract: The IRS is offering people with undisclosed income from offshore accounts an opportunity to get current with their tax returns. Taxpayers with undisclosed foreign accounts or entities should make a voluntary disclosure because it enables them to become compliant, avoid substantial civil penalties and generally eliminate the risk of criminal prosecution. The objective is to bring taxpayers that have used undisclosed foreign accounts and undisclosed foreign entities to avoid or evade tax into compliance with United States tax laws. Form 15023 is part of the Decline and Withdrawal Campaign, related to Offshore Voluntary Disclosure Program (OVDP) taxpayers.

Current Actions: There is no change in the paperwork burden previously approved by OMB.

Type of Review: Extension of currently approved collection.

Affected Public: Individuals or households.

Estimated Number of Responses: 474,569.

Estimated Time per Respondent: 1 hour 35 mins.

Estimated Total Annual Burden Hours: 758,138.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record.

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including
