

a buffer allowance from the minimum/maximum values permitted for the execution of these strategy orders to allow market participants flexibility to manage their business and accommodate executions outside of this range. The Exchange would monitor the zero value, including feedback from market participants, in determining whether the value is set at the appropriate level. The concern would set [sic] from market participants who are unable to close out positions. There are circumstances where [sic] the Minimum Value Buffer [sic] may be less than zero. For example, market participants who desire to trade out of positions at intrinsic value may not find a contra-side willing to trade without a premium. A small incremental allowance outside of the minimum/maximum value allows for a small premium to offset commissions associated with trading and may incentivize participants to take the other side of spreads trading at intrinsic value. For the participant looking to close out their position, it may be financially beneficial to pay a small premium and close out the position rather than carry such position to expiration and take delivery. The purpose of this rule change is not to impede current order handling but to ensure execution prices are within a reasonable range of minimum and maximum values. These parameters are consistent with order protection features for Strategy Price Protection in that Strategy Price Protection offers a buffer allowance from the permitted values.¹⁰

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the proposal does not impose an intra-market burden on competition, because it will apply to all Complex Orders which are either butterfly or box spreads entered by any Phlx member. Further, the proposal will not impose an undue burden on inter-market competition, rather the proposal will assist the Exchange in remaining competitive in light of protections offered by other options exchanges.¹¹ The Exchange competes with many other options exchanges which offer Complex Orders. In this highly competitive market, market participants can easily and

readily direct order flow to competing venues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

BILLING CODE 4710-AD-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Continuation and Request for Nominations for the Intergovernmental Policy Advisory Committee on Trade

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for applications.

SUMMARY: The Office of the United States Trade Representative (USTR) is establishing a new four-year charter term and accepting applications from qualified individuals interested in serving as a member of the Intergovernmental Policy Advisory Committee on Trade (IGPAC). The IGPAC is a trade advisory committee that provides general policy advice and guidance to the United States Trade Representative on issues involving trade and development that have a significant relationship to the affairs of U.S. state and local governments.

DATES: USTR will accept nominations on a rolling basis for membership on the IGPAC for the four-year charter term beginning in April 2018. To ensure consideration before the new charter term, you should submit your application by March 28, 2018.

FOR FURTHER INFORMATION CONTACT: Cameron Seward, Director for Intergovernmental Affairs and Public Engagement, *Cameron.T.Seward@ustr.eop.gov* or 202-395-2210.

SUPPLEMENTARY INFORMATION:

I. Background

Section 135(c)(1) of the Trade Act of 1974, as amended (19 U.S.C. 2155(c)(1)), authorizes the President to establish individual general trade policy advisory committees for industry, labor, agriculture, services, investment, defense, small business, and other interests, as appropriate, to provide general policy advice. The President delegated that authority to the United States Trade Representative in Executive Order 11846, section 4(d), issued on March 27, 1975. Advisory committees established by the Trade Representative are subject to the provisions of the Federal Advisory Committee Act. See 19 U.S.C. 2155(f); 5 U.S.C. App. II.

Pursuant to these authorities, the United States Trade Representative

intends to establish a new four-year charter term for the IGPAC, which will begin on April 4, 2018 and end on April 3, 2022.

The IGPAC is a discretionary trade advisory committee established to provide general policy advice to the United States Trade Representative on issues involving trade and development that have a significant relationship to the affairs of U.S. state and local governments. More specifically, the IGPAC provides general policy advice on issues that may affect U.S. state and local governments including: (1) Negotiating objectives and bargaining positions before entering into trade agreements; (2) the impact of the implementation of trade agreements; (3) matters concerning the operation of any trade agreement once entered into; and (4) other matters arising in connection with the development, implementation, and administration of the trade policy of the United States.

The IGPAC meets as needed, at the call of the United States Trade Representative or his/her designee, or two-thirds of the IGPAC members, depending on various factors such as the level of activity of trade negotiations and the needs of the United States Trade Representative.

II. Membership

The IGPAC is composed of not more than 35 members who have expertise in general trade, investment and development issues and are appointed from U.S. states and localities, and other non-Federal governmental entities. Members represent the executive and legislative branches of state, county, and municipal governments and may hold elective or appointive office.

The United States Trade Representative appoints all IGPAC members for a term of four-years or until the IGPAC charter expires, and they serve at his/her discretion. Individuals can be reappointed for any number of terms. The United States Trade Representative makes appointments without regard to political affiliation and with an interest in fostering geographical diversity.

IGPAC members serve without either compensation or reimbursement of expenses. Members are responsible for all expenses they incur to attend meetings or otherwise participate in IGPAC activities.

The United States Trade Representative appoints IGPAC members to represent the executive and legislative branches of state, county, and municipal governments. USTR anticipates that virtually all members will serve in a representative capacity
